Introduction to Mental Health and Spirituality & LACDMH Documentation Training

Must attend one of the following preparation Webinar training dates: (click link to register)

September 23, 2015 - 10:00 AM - 11:30 PM - <https://attendee.gotowebinar.com/register/5932033826082178817>

September 24, 2015 - 1:30 PM - 3:00 PM – <https://attendee.gotowebinar.com/register/1637676759188872450>

This is a two part course which includes: a readiness Webinar and classroom training. The classroom training is designed for clinical providers and addresses how to document spiritual values and practices in care plans and progress notes. Participants will learn to utilize the Strengths Organized Personal Problems (SOPP) spiritual assessment tool, DSM V- cultural formulation interview outline and narrative summary. Lastly, the classroom training focuses on clinical skills and strategies to develop a framework for writing culturally responsive clinical assessments, narrative summaries and care plans which incorporate consumer spiritual strengths, practices and beliefs.

TARGET AUDIENCE: Adult and Older Adult DMH Clinical Staff and Clinical Contractors

OBJECTIVES: As a result of attending this training, participants should be able to:

1. Describe the importance and value of conducting a spiritual assessment.
2. Discuss the connection of cultural and spirituality and the relevance to wellness and recovery.
3. Conduct and write a spiritual assessment using the SOPP spiritual assessment tool.
4. Use cultural formulation interview process to write a diagnostic summary and care plan diagnostic summary and formulation.
5. Integrate spiritual values and practices and beliefs derived from the SOPP assessment and cultural formulation as key factors of wellness and recovery care planning.
6. Appropriately apply county documentation requirements when including spirituality in care plans and progress notes.
