2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects a net County cost decrease primarily due to the: 1) deletion of one-time funding for the Security Action Plan (\$1,882,000); 2) partial deletion of one-time funding for HIPAA (\$1,100,000 of the previously budgeted \$1,500,000); and 3) deletion of 1.0 position. The Adopted Budget also reflects funding for negotiated salaries and employee benefits increases.

2003-04 Adopted Budget

This Budget typically reflects no net County cost as a result of State legislation providing for full State funding of eligible expenditures not reimbursed by federal revenue. In 2003-04, the \$10.5 million of net County cost reflects a share of a federal penalty, which was passed on to counties by the State, for not having a statewide child support system. The penalty amount is not reimbursable. The net \$6.4 million decrease in revenue is primarily due to decrease in the initial State administrative allocation, offset by one-time only funding sources.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects an overall reduction in net County cost as a result of over \$8 million redirected to Provisional Financing Uses (PFU) pending identification of additional services/programs to serve the population of youth formerly served by MacLaren Children's Center (MCC). The 2003-04 Administrative Budget includes: 1) net County cost redirected from the MCC Budget; 2) increased net County cost for cost-of-living and employee benefit cost increases; and 3) increased net County cost to backfill the loss of realignment revenue.

The Department of Children and Family Services will, with its community partners, provide a comprehensive children protection system to ensure that children grow up safe, physically and emotionally healthy, educated, and in permanent homes. The system design will facilitate the following outcomes for children: (a) increase the number of children who are able to remain safely in their homes; (b) reduce the rate of recidivism of abuse or neglect once a child has entered the child protection system; and (c) reduce the timelines to permanency.

Aid Programs/Other Assistance

The Assistance budget unit consists of four components, which give direct assistance to recipients either in the form of cash payments or social services through contract agencies. They are subsidized by State and federal funds. Foster Care provides support to children who are placed in out-of-home care due to actual or potential abuse or neglect. Adoption Assistance aids prospective adoptive parents in meeting the additional expenses of special needs children. Seriously Emotionally Disturbed Children Program provides for children who require services as part of an Individualized Educational Plan. Child Abuse Prevention Program (authorized by AB 1733) assists public and private agencies in providing child abuse and neglect prevention and intervention programs to meet the needs of high-risk children.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects a net increase in appropriation to provide one-time funding totaling \$2.5 million to the Los Angeles Homeless Services Authority for the cost of operating County homeless shelters year-round. This increase is partially offset by a reduction in Federal funding from several of the Employment and Training programs, as well as reductions in Intrafund Transfers from the Department of Social Services for the Long-Term Family Self-Sufficiency Youth Jobs and Mini-Career projects, and the Domestic Violence and General Relief Opportunities for Work programs.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects a net County cost increase of \$6.4 million primarily due to \$3.7 million for previously negotiated increases in salaries and employee benefits including retirement debt service, \$2.0 million for the costs associated with the City of Los Angeles Rampart investigations, and \$3.8 million to backfill the decline in public safety tax receipts, partially offset by a \$3.2 million reduction in various programs resulting in the deletion of 24.0 positions needed to address the County's projected structural funding deficit for fiscal year (FY) 2003-04. The Adopted Budget also includes a decrease of 19.0 positions and a \$1.8 million reduction in services and supplies primarily to offset unavoidable cost increases in employee benefits, a reduction in various revenue resources including the State of California Office of Criminal Justice Planning (OCJP), Citizens' Options for Public Safety (COPS) and a decrease in reimbursable revenue from the Child Support Services Department. The decrease in positions is partially offset by the addition of 4.0 grant-funded positions for the Community Gun Violence Prosecution program and Project Sentry.

2003-04 Adopted Budget

The Financing Requirements includes an Appropriation for Contingency for unforeseen economic events and potential State budget deficits that may impact the County. Also included, are the general reserve and designations for the 2003-04 taxes subject to potential Proposition 62 litigation, SB 90 Program, Public Works-Electronic Development and Permit Tracking System and Treasurer and Tax Collectors-Delinquent Cost Recovery System.

The Available Financing reflects the beginning 2003-04 General Fund, fund balance and increased property tax revenue growth due to the steady rise in home values and demand for housing due to low mortgage interest rates. In addition, the cancellation of reserves/designations reflects the use of Tobacco Settlement Funds and a portion of the Proposition 62 designation for one-time costs such as food stamp error sanctions, development of the Los Angeles County Administrative System, un-reimbursed claims for State mandates, capital projects, funding for the homeless shelters and the general reserve.

2003-04 Adopted Budget

The 2003-04 Adopted Budget for the Department of Health Services reflects funding for ongoing costs for existing programs and revenue-offset program expansions, including funding for various 1115 Waiver projects necessary to avoid sanctions and also reflects \$146.0 million in funding from the Measure B Special Tax Fund, a \$70 million increase in SB 1255 Medi-Cal revenue under the State/Federal Transition Agreement, and an additional reduction of \$44.5 million in 1115 Waiver revenues, consistent with the 1115 Waiver extension agreement. The 2003-04 Adopted Budget is fully funded with available resources, including \$31.8 million from the designation.

The 2003-04 Adopted Budget also reflects the second phase of the Department's System Redesign which reduced the use of designation by \$90.5 million and included the elimination of 725 positions, the conversion of High Desert Hospital to Multi-Service Ambulatory Care Center (MACC) and other operational efficiencies and curtailments.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects a net County cost (NCC) decrease of \$836,000, primarily attributable to program curtailments as a result of the State and County's economic conditions and the deletion of one-time funding for insurance premiums, data warehousing, and a Countywide Cost Allocation Plan adjustment, which are partially offset by increased funding for non-reimbursable salaries and employee benefits increases that were previously negotiated. The Adopted Budget also reflects a \$43.0 million reduction in gross appropriation and deletion of 156.0 budgeted positions. This reduced spending plan mainly reflects reductions in job order Contracting program, workload decreases for building crafts job orders and information technology consultants, increased contracting out of custodial services through attrition, and the elimination of vacant direct and indirect positions no longer supported by business from County departments.

"We make our community better by providing world class mental health care," is the vision adopted by the Department of Mental Health and stakeholders of the Los Angeles County's public mental health system. The framework of Comprehensive Community Care was established to achieve this vision and guide the accomplishment of the system's mission to provide clinically competent, culturally sensitive and linguistically appropriate mental health services to our clients in the least restrictive manner possible; and to ensure services are tailored to help individuals achieve their personal goals, increase their ability to achieve independence, and develop skills to support their leading the most constructive and satisfying life possible.

The Comprehensive Community Care framework directs the public mental health system toward the provision of client-centered, family-focused services integrated with other programs aimed at improving the lives of persons with mental illness. The Department provides and administers services to address mental health needs of the County's residents through a community-based planning process. Primary services include targeted case management, inpatient care, outpatient services (including medication support and crisis intervention), and day treatment programs provided through a network of County-operated and contracted mental health clinics, hospitals and other facilities. Using standards established by law and regulation, the Department reviews and monitors the clinical and fiscal performance of all public mental health service providers.

In addition to its core mission, the Department is charged with certain legal responsibilities assigned specifically to the Director of Mental Health. As the Public Guardian for the County, the Director of Mental Health, upon court authorization/appointment, acts as the conservator for persons gravely disabled by mental illness and for the frail elderly. The Director is also the County's Conservatorship Investigation Officer and has the responsibility to assure that clients' rights are protected in all public and private programs that provide involuntary assessment, care and treatment, as well as in all public mental health programs.

2003-04 Adopted Budget

The 2003-04 Adopted Budget provides the minimum net County cost needed to meet State Maintenance of Effort (MOE) requirements. Continued funding of the MOE allows the Department to receive ongoing Sales Tax Realignment funding. Reflects a \$2.2 million net County cost increase which includes a \$6.5 million increase in Vehicle License Fee-Realignment revenue, partially offset by a reduction of \$4.0 million in Tobacco Settlement funds and a reduction of \$0.3 million in other one-time funding. The budget primarily includes changes for the following programs: 1) increase in the State Early and Periodic Screening Diagnosis and Treatment Program; 2) increase in the Assisted Outpatient Treatment Program (AB1421); 3) reduction in the utilization of State Hospital and Fee-For-Service programs consistent with the continuance of intensive case management services and increased placement of clients in appropriate lower cost inpatient services; 4) reduction in services and supplies associated with the deferral of clinic facility improvement initiatives and productivity enhancement projects and reductions in administrative and training costs; 5) pharmaceutical cost savings through continued emphasis on billing the Medi-Cal program; 6) transfer of responsibility for the management and operation of outpatient mental health services at Augustus F. Hawkins from the Department of Health Services to the Department of Mental Health.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects estimates based on historical and economic forecasting data for vehicle license fees in-lieu, vehicle license fees-realignment, deed transfer tax, etc. The Adopted Budget primarily reflects a reduction in vehicle license fees in-lieu due to the State's elimination of the vehicle license fee backfill and the County's ongoing practice not to budget tobacco settlement funds until the revenue is realized. In addition, the Adopted Budget continues the practice of impounding Proposition 62 taxes in the Designation for Budgetary Uncertainties.

FUND
General

FUNCTION
General

ACTIVITY
Other General

The Nondepartmental Special Accounts (NDSA) budget provides for special General Fund expenditures and revenues, which are not directly related to any single County department and, if included in any department's budget, would distort the true operating costs of that budget. The appropriation reflects charges for services of countywide benefit and for special contracts that are not related to a single department's main mission. Also, included are interest expense and earnings associated with the Treasury Management Program.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects an overall increase in the In-Home Supportive Services (IHSS) program primarily due to caseload growth, increased hours per paid case, workers' compensation and provider health care plan costs and full impact of the November 2002 wage increase. It also reflects an increase in the CalWORKs program due to implementation of quarterly reporting and a higher average cost per case, partially offset by a decline in the projected caseload. In addition, it reflects funding for Long-Term Family Self-Sufficiency projects recommended by the Stakeholders and approved by the Board.

Under authority of the State law the County can require developers to install larger size sewerlines than immediately required to serve the property being improved. The subdivider, individual or Improvement District is reimbursed by the County a proportionate share of the cost incurred for the additional size or length of such lines. The County, in turn, recovers its cost in future years as charges are made to other property owners for the subsequent use of the enlarged facilities.

REGISTRAR-RECORDER/COUNTY CLERK-CONTINUED

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects a net County cost decrease primarily due to: 1) the elimination of \$4.4 million in one-time funding for the acquisition of a transitional voting system and precinct election supply boxes; and 2) a one-time \$2.5 million transfer of revenue from the Modernization Trust Fund; partially offset by increases in salaries and employee benefits.

The Adopted Budget also funds 115.0 temporary positions, 11.0 fully offset positions, and the resources necessary to conduct the November 2003 Uniform District Elections (UDEL) and the March 2004 Primary Election, as well as mandated Recorder and County Clerk activities. These costs are fully offset by an increase in document recording revenue generated by steady increases in real estate market activity.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects the elimination of 599 budgeted positions, partially offset by an increase of 285 budgeted positions primarily for the new Metropolitan Transportation Authority (MTA) contract and various increases in contract law enforcement services provided to incorporated cities and other agencies. The reduction in budgeted positions is primarily due to unavoidable cost increases in worker's compensation, long-term disability and retiree health resulting in elimination of the remaining Community Oriented Policing Services (COPS) personnel, partial closure of various custody facilities, and realignment of Trial Court Security Services. The Adopted Budget also reflects an increase of 47 budgeted positions for the Office of Homeland Security, the voter-approved restructuring and increased oversight of the Sheriff's Department, as well as funding for the Equity Training Program, and civilian investigators to perform background checks on potential civilian professional employees, fully offset by a reduction in overtime funding.

ACTIVITY
Judicial

The Trial Court Funding Act (TCFA) of 1997 (Assembly Bill 233, Chapter 850, Statutes of 1997) provides long-term fiscal relief to counties by capping the counties' contribution for court operations. The TCFA requires counties to make an annual Maintenance of Effort (MOE) payment to the State for support of trial courts and to continue to fund certain court-related expenditures such as indigent defense, collections enhancement, local judicial benefits, and court facilities (including building/grounds maintenance and alterations/improvements) for judicial and court support positions created prior to July 1, 1996. Revenue from court fines and fees is used to partially finance the MOE obligation to the State and court-related expenditures.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects a net County cost increase of \$1.2 million primarily attributable to increased expenditures for natural gas based on higher prices charged for 2002-03 procurement, partially offset by the stabilization of electricity costs and decreased costs of operating the cogeneration and power plants. The Adopted Budget also provides for the County's assumption of the Walt Disney Concert Hall.

The equipment identified on this page reflect County equipment requirements to be financed through the Los Angeles County Capital Asset Leasing Corporation (LAC-CAL) in 2003-04. The County Board of Supervisors has not allocated, reserved or otherwise set aside any funds in the County's 2003-04 Budget to purchase the equipment identified above.

It is officially the intention of the County Board of Supervisors that the acquisition of such equipment be initially funded through the issuance of Bond Anticipation Notes (BANs) or another short-term financing mechanism. The BANs will be issued by LAC-CAL and purchased as an investment by the County Treasury Pool in an amount sufficient to acquire and deliver the identified equipment. Any such costs, which are initially funded by BANs, will be properly capitalized under general federal income tax principles.

Further, the Board of Supervisors expects the outstanding BANs to be redeemed and the County Treasury Pool to be reimbursed, through the issuance of taxable or tax-exempt, intermediate-term lease revenue bonds, certificates of participation, or through a lease with a third-party lessor. The amounts specified above represent the maximum principal amounts of such intermediate-term obligations to be issued for the specified equipment.

These official intentions of the Board of Supervisors with respect to the LAC-CAL Equipment Program have been specified in accordance with U.S. Treasury Regulation 1.150-2.

Solid Waste Management

FUNCTION
Health and Sanitation

ACTIVITY
Sanitation

The Solid Waste Management Fund was established by the Board of Supervisors on September 15, 1991 to comply with the mandates of the California Integrated Waste Management Act of 1989 (AB 939). This Act required Los Angeles County and each city in the County to prepare, adopt, and implement separate Source Reduction, Recycling, and Household Hazardous Waste Programs. The Department of Public Works prepares the Countywide Integrated Waste Management Summary Plan and the Countywide Siting Element for the entire County, including all 88 cities as also required by the Act, and acts as the service provider for the unincorporated areas for composting and public education programs. This budget is financed by landfill tipping fees and the imposition of a per-parcel service charge on real property in the unincorporated areas.

This fund, established in 1988 in accordance with Section 76102 of the Government Code, provides for the operation and maintenance of the Automated Fingerprint Identification System. Funding is provided from an assessment of fifty cents on every ten dollars or fraction thereof for fines, penalties, or forfeitures levied and collected by the courts for criminal offenses. On September 30, 1997, the legislature added section 9250.19 to the California Vehicle Code which was subsequently approved by the Board of Supervisors on January 9, 1998, to impose an additional fee of one dollar to be paid to the Department of Motor Vehicles and passed through to the County at the time of vehicle registration, renewal, which enables the County to procure hardware and software, or upgrade the Livescan technology.

2003-04 Adopted Budget

The 2003-04 Adopted Budget reflects an increase in the operating transfer to the Aviation Capital Project fund for costs for the operation and maintenance requirements of the five County airports. The increase is more than offset by a reduction in the appropriation for contingencies.

PUBLIC WORKS-TRANSIT OPERATIONS FUND

The Transit Operations Fund was created in 1979 to finance the operations of various bus transit projects and transit assistance programs throughout Los Angeles County. This fund finances the Edmund D. Edelman Children's Court Shuttle, the East Los Angeles Shuttle; the Los Nietos Community Shuttle; the Beach Bus Program; the special events transportation requests from all Supervisorial Districts; the Bus Pass Subsidy Program; the Non-Advertising Buss Shelter Program for Supervisorial Districts 1,3, and 5; the operation and maintenance of park-and-ride lots; and the Department of Public Social Services' Ticket and Token Subsidy Program of General Relief clients.

Landscape Maintenance Districts

Landscape Maintenance Districts are established pursuant to the provisions of the Improvement Act of 1911, Streets and Highways Section 500 et seq. These Districts are specifically designed to create a tax entity in perpetuity for the purpose of maintaining landscape road medians, parkways, greenbelts, and other areas specifically designated in the formation of the District. Funding for these Districts is through ad valorem taxes.

Landscaping and Lighting Act Districts

The Landscaping and Lighting Act Districts are formed pursuant to the provisions of the Landscaping and Lighting Act of 1972 of Part 2 of Division 15 of the Streets and Highways Code of the State of California. These Districts provide for maintenance of landscaped areas and other open space areas designated within the boundary of the Districts for which maintenance easements have been granted to the County. Benefiting properties pay an assessment through their property taxes to maintain and service the landscaping and appurtenant improvements within these Districts.

2003-04 Adopted Budget

The 2003-04 Adopted Budget provides for the routine administration and management of the drainage systems and an increase in operating expenses to appropriate all available financing. The net decrease is the result of the reduction in the anticipated construction activity on the Valencia Bridge and Major Thoroughfare Construction Fee District (BMTCFD). Also, the closeout of the Parkway/Calabasas BMTCFD was anticipated to occur in Fiscal Year 2002-03, however, the closeout was delayed pending the transfer of a parcel of land. Therefore, this activity is budgeted in Fiscal Year 2003-04 along with the funding of unused fees to developers who have contributed to the district.

PUBLIC WORKS-FLOOD CONTROL DISTRICT

FUND
Various

The Flood Control District was established under the legal authority of the Los Angeles County Flood Control Act (Chapter 755, Statutes of 1915) to provide for the control and conservation of flood, storm, and other waste waters; to conserve such waters for beneficial and useful purposes; and to protect from damage the harbors, waterways, public highways and property located within the District from such flood and storm waters. The District constructs, operates and maintains flood control channels, dams, debris basins, spreading grounds, storm drains, drainage improvements, drainage systems, and other flood control facilities and cooperates with Federal, State and Local agencies in developing a comprehensive flood control system for Los Angeles County.

2003-04 Adopted Budget

The 2003-04 Adopted Budget maintains district operations and contains funding for: 1) the Sun Valley Watershed Management and Replenishment Project; 2) the Santa Anita Dam Spillway and Seismic Rehabilitation Project; 3) increased activities pertaining to the Storm Drain Clean Water Act; 4) the operation and maintenance of flood maintenance facilities; 5) the repair and rehabilitation of channels; and 6) the construction phase of the Headquarters Hazard Mitigation Grant Capital Project.

The 2003-04 Adopted Budget for the Flood Control Debt Service funds reflects a decrease primarily due to anticipated lower principal and interest requirements on the outstanding debt.

REGIONAL PARK AND OPEN SPACE DISTRICT SUMMARY

FUND
Various

This District was established as a result of voters' approval of the Safe Neighborhood Parks Proposition on November 3, 1992, under the provisions of the Landscape and Lighting District Act of 1972 and Section 5506.9 of the Public Resources Code. The District provides for park, recreation and open space capital projects in unincorporated and incorporated areas of Los Angeles County, and is financed with special assessments. On November 5, 1996, the voters approved a second Safe Neighborhood Parks Proposition. This second Proposition levied an additional assessment within the District, amended the method of the assessment, and authorized expenditure of District revenues for any authorized purpose of the District.

FINAL COUNTY BUDGET
REFERENCES OF DETAILED BUDGET SCHEDULES
TO BUDGETARY FINANCIAL STATEMENTS
IN THE COMPREHENSIVE ANNUAL FINANCIAL REPORT
FISCAL YEAR ENDED JUNE 30, 2003

In addition to the Final County Budget, the County also prepares a Comprehensive Annual Financial Report (CAFR), which contains financial statements that have been prepared in accordance with generally accepted accounting principles. Included in the CAFR are budgetary financial statements which have been prepared for certain governmental fund types. Because of the large number of individual funds and budget units, the CAFR financial statements are presented on an aggregated basis to combine funds which are similar in nature. The table below represents a listing of the budgetary financial statements included in the 2002-03 CAFR with corresponding references to the detailed budget schedules in the 2003-04 Final County Budget:
