2002-03 Adopted Budget

The 2002-03 Adopted Budget reflects a net increase of \$893,000 primarily for: 1) negotiated increases in salaries and employee benefits; and 2) anticipated decrease in rental revenue due to the economic downturn. The decrease in revenue is partially offset by increased revenue to be realized from lease extension fees, the parking control program, and new marketing contracts as well as decrease in appropriation.

2002-03 Adopted Budget

This Budget does not reflect any net County cost as a result of State legislation providing for full State funding of eligible expenditures not reimbursed by Federal revenue. The 14 percent increase in appropriations is primarily due to additional State funding for the maintenance of the Los Angeles County Automated Child Support Enforcement System (ACSES) Replacement System (ARS), used also by Orange and San Diego counties. In addition, supplemental funding was added to the budget for statewide programs including Quality Assurance, Community Outreach and Training.

2002-03 Adopted Budget

The 2002-03 Adopted Budget reflects an overall reduction in net County cost due to anticipated continuing decline in Foster Care caseloads. The 2002-03 Administration Budget includes increased funding due to: 1) cost-in-living and employee benefit cost increases; 2) expansion of the Wraparound program; and 3) increase State allocations requiring additional County match. The 2002-03 MacLaren Children's Center Budget includes increased funding due to the loss of federal Title IV-E revenue for case management activities at MacLaren.

Aid Programs/Other Assistance

The Assistance Payments budget unit consists of four components, which give direct financial assistance to recipients either in the form of cash payments or social services through contract agencies. They are subsidized by State and federal funds. Foster Care provides support to children who are placed in out-of-home care due to actual or potential abuse or neglect. Adoption Assistance aids prospective adoptive parents in meeting the additional expenses of special needs children. Seriously Emotionally Disturbed Children Program provides for children who require services as part of an Individualized Educational Plan. Child Abuse Prevention Program (authorized by AB 1733) assists public and private agencies in providing child abuse and neglect prevention and intervention programs to meet the needs of high-risk children.

The 2002-03 Adopted Budget reflects a net County cost increase of \$7.8 million due to \$6.5 million for negotiated increases in salaries and employee benefits including retirement debt service and \$2.9 million to backfill the reduction in asset forfeiture revenue, partially offset by a \$1.6 million decrease in utilities due to anticipated rate reductions. The Adopted Budget also includes a decrease of 45.0 positions primarily to offset cost increases in fixed employee benefits, a reduction in various revenue sources including the Community Law Enforcement and Recovery Program (CLEAR), and a decrease in reimbursable revenue from the Department of Community and Senior Services for Elder Abuse Fraud. The decrease in positions is partially offset by the addition of 16.0 grant funded positions from the Automobile Insurance Fraud Program, various State and Federal Grant Programs, and 3.0 positions from the Real Estate Fraud Trust Fund.

"We make our community better by providing world class mental health care," is the vision adopted by the Department of Mental Health and stakeholders of the Los Angeles County's public mental health system. The framework of Comprehensive Community Care was established to achieve this vision and guide the accomplishment of the system's mission:

To provide clinically competent, culturally sensitive and linguistically appropriate mental health services to our clients in the least restrictive manner possible. To ensure services are tailored to help individuals achieve their personal goals, increase their ability to achieve independence, and develop skills to support their leading to the most constructive and satisfying life possible.

The Comprehensive Community Care framework directs the public mental health system toward the provision of client-centered, family focused services integrated with other programs aimed at improving the lives of persons with mental illness. The Department provides and administers services to address mental health needs of the County's residents through a community-based planning process. Primary services include targeted case management, inpatient care, outpatient services (including medication support and crisis intervention), and day treatment programs provided through a network of County-operated and contracted mental health clinics, hospitals and other facilities. Using standards established by law and regulation, the Department reviews and monitors the clinical and fiscal performance of all public mental health service providers.

In addition to its core mission, the Department is charged with certain legal responsibilities assigned specifically to the Director of Mental Health. As the Public Guardian for the County, the Director of Mental Health, upon court authorization/appointment, acts as the conservator for persons gravely disabled by mental illness and for the frail elderly. The Director is also the County's Conservatorship Investigation Officer and has the responsibility to assure that clients' rights are protected in all public and private programs that provide involuntary assessment, care and treatment, as well as in all public mental health programs.

2002-03 Adopted Budget

The 2002-03 Adopted Budget provides the minimum net County cost required to meet State Maintenance of Effort (MOE) requirements, and also reflects a \$5.2 million net County cost increase which includes a \$12.2 million increase in Vehicle License Fee-Realignment revenue, partially offset by a reduction of \$7.0 million in Tobacco Settlement funds. Continued funding of the MOE allows the Department to receive ongoing Sale Tax Realignment funding. The budget primarily includes changes for the following programs: 1) increase in the State Early and Periodic Screening Diagnosis and Treatment Program; 2) increase for mandated Special Education Pupil (SEP) funding for mental health assessments and treatments; 3) decrease in services provided through the State Hospital; 4) decrease in community outreach programs; 5) cost savings through reduced pharmaceutical purchases; and 6) decrease in State Children's System of Care, Adult System of Care and Mental Health Integrated Services for Homeless Adults.

2002-03 Adopted Budget

The 2002-03 Adopted Budget primarily reflects increases in salaries and employee benefits and the Public Library Fund and decreases in services and supplies due primarily to the deletion of the Employee Computer Purchases program and the projected reduction in the Tax and Revenue Anticipation Notes (TRANS) interest expense in other charges. The budget also reflects reductions in interest earnings associated with the Treasury Management Program.

2002-03 Adopted Budget

The 2002-03 Adopted Budget includes \$34.2 million from the State's second-year funding allocation to continue implementing the 16 programs funded under the Juvenile Justice Crime Prevention Act (formerly the Schiff-Cardenas Crime Prevention Act of 2000, AB 1913); additional net County cost of \$7.5 million in one-time funds to continue addressing primarily facility concerns identified by the State Department of Justice's investigation of the three juvenile halls; and \$2.0 million to continue the Work Furlough Program at a minimum service level. Despite the continuation or augmentation of these funds, the 2002-03 Adopted Budget also includes various adult and juvenile programmatic service reductions; the elimination of three CalWORKs-funded Long-Term Family Self Sufficiency Projects; and a reduction in State grant revenues to reflect the elimination of fourth-year funding of the Challenge Grant Program.

2002-03 Adopted Budget

The 2002-03 Adopted Budget reflects increases in caseload and average cost per hour in the In-Home Supportive Services (IHSS) program and the Board-approved wage increase for IHSS workers, effective November 1, 2002. It also reflects an overall decrease in CalWORKs program due primarily to caseload decline and termination of assistance for the first nonexempt participants reaching the 60-month time limit, partially offset by the annualization of the October 1, 2001 statutory cost-of-living (COLA) increase. In addition, it reflects a substantial decrease in caseload staffing and support positions for the CalWORKs, Medi-Cal and Food Stamp programs consistent with funding levels included in the State Budget.

Under authority of the State law the County can require developers to install larger size sewerlines than immediately required to serve the property being improved. The subdivider, individual or Improvement District is reimbursed by the County a proportionate share of the cost incurred for the additional size or length of such lines. The County, in turn, recovers its cost in future years as charges are made to other property owners for the subsequent use of the enlarged facilities.

2002-03 Adopted Budget

The 2002-03 Adopted Budget reflects the elimination of 221 budgeted positions, partially offset by an increase of 139 budgeted positions primarily for full-year funding of staffing to obtain a Correctional Treatment Center License at the Twin Towers Correctional Treatment Facility. The reduction in budgeted positions is due to the following: elimination of the Special Operations Divisions, and support staff for the newly created Office of the Assistant Sheriff; elimination of the Asian Task Force that provides centralized investigations of crimes involving the Asian community; elimination of Cargo Cats that provides centralized investigations of commercial vehicle thefts; closure of Biscailuz Recovery Center for domestic violence and other drug offender diversion programs; elimination of Deputy leadership training; partial elimination of the Community Oriented Policing Services (COPS) Program; elimination of training for new Deputy Sheriff's and Custody Assistants; elimination of the Success Through Awareness and Resistance (STAR) Unit which provides drug education services to schools; and elimination of the Town Sheriff Program. The Adopted Budget also reflects the elimination of 404 unfunded budgeted positions and a reduction of \$11.6 million in services and supplies.

ACTIVITY
Judicial

The Trial Court Funding Act (TCFA) of 1997 (Assembly Bill 233, Chapter 850, Statutes of 1997) provides long-term fiscal relief to counties by capping the counties' contribution for court operations. The TCFA requires counties to make an annual Maintenance of Effort (MOE) payment to the State for support of trial courts and to continue to fund certain court-related expenditures such as indigent defense, collections enhancement, local judicial benefits, and court facilities (including building/grounds maintenance and alterations/improvements) for judicial and court support positions created prior to July 1, 1996. Revenue from court fines and fees is used to partially finance the MOE obligation to the State and court-related expenditures.

The equipment identified on this page reflect County equipment requirements to be financed through the Los Angeles County Capital Asset Leasing Corporation (LAC-CAL) in 2002-03. The County Board of Supervisors has not allocated, reserved or otherwise set aside any funds in the County's 2002-03 Budget to purchase the equipment identified above.

It is officially the intention of the County Board of Supervisors that the acquisition of such equipment be initially funded through the issuance of Bond Anticipation Notes (BANs) or another short-term financing mechanism. The BANs will be issued by LAC-CAL and purchased as an investment by the County Treasury Pool in an amount sufficient to acquire and deliver the identified equipment. Any such costs, which are initially funded by BANs, will be properly capitalized under general federal income tax principles.

Further, the Board of Supervisors expects the outstanding BANs to be redeemed and the County Treasury Pool to be reimbursed, through the issuance of taxable or tax-exempt, intermediate-term lease revenue bonds, certificates of participation, or through a lease with a third-party lessor. The amounts specified above represent the maximum principal amounts of such intermediate-term obligations to be issued for the specified equipment.

These official intentions of the Board of Supervisors with respect to the LAC-CAL Equipment Program have been specified in accordance with U.S. Treasury Regulation 1.150-2.

PUBLIC WORKS - SOLID WASTE MANAGEMENT

FUND
Solid Waste Management

FUNCTION
Health and Sanitation

ACTIVITY
Sanitation

The Solid Waste Management Fund was established by the Board of Supervisors on September 15, 1991 to comply with the mandates of the California Integrated Waste Management Act of 1989 (AB 939). This Act required Los Angeles County and each city in the County to prepare, adopt, and implement separate Source Reduction, Recycling, and Household Hazardous Waste Programs. The Department of Public Works prepares the Countywide Integrated Waste Management Summary Plan and the Countywide Siting Element for the entire County, including all 88 cities as also required by the Act, and acts as the service provider for the unincorporated areas for composting and public education programs. This budget is financed by landfill tipping fees and the imposition of a per-parcel service charge on real property in the unincorporated areas.

2002-03 Adopted Budget

The 2002-03 Adopted Budget reflects an increase for fund-specific equipment and costs for the operation and maintenance requirements of the five County airports. This increase is partially offset by a reduction in the operating transfer to the Aviation Capital Project Fund.

PUBLIC WORKS-TRANSIT OPERATIONS FUND

The Transit Operations Fund was created in 1979 to finance the operations of various bus transit projects and transit assistance programs throughout Los Angeles County. This fund finances the Edmund D. Edelman Children's Court Shuttle, the East Los Angeles Shuttle; the Los Nietos Community Shuttle; the Beach Bus Program; the special events transportation requests from Supervisorial District 1; the Buss Pass Subsidy Program; the Non-Advertising Buss Shelter Program for Supervisorial Districts 1,3, and 5; the operation and maintenance of park-and-ride lots; and the Department of Public Social Services' Ticket and Token Subsidy Program ofr General Relief clients.

2002-03 Adopted Budget

This fund consists of appropriation and Federal revenue, including Housing and Community Development Act funds, required for the Commission's expenses related to housing, redevelopment, and community revitalization. The 2002-03 Adopted Budget reflects a 4 percent decrease in appropriation due primarily to the phasing out of Long Term Family Self-Sufficiency (LTFSS) program #31, Strategic Support for Child Care. The budget also reflects a reduction of Federal Aviation Administration (FAA) funding for the Lennox Sound Attenuation program.

2002-03 Adopted Budget

This fund consists of appropriation and Federal revenue required for the Authority's expenses related to its housing production, modernization, and rental subsidy programs. The 2002-03 Adopted Budget reflects an 8 percent decrease in appropriation due to the completion of round one of the City of Industry Tax Increment. In future years the budget will continue to decrease as subsequent phases are completed. The budget also reflects a decrease in appropriation due to the completion of seismic retrofit work and the exhaustion of Public Housing Technical Assistance (PHTA) funds. In addition, modernization funding has been decreased due to the exhaustion of prior year grants.

Landscape Maintenance Districts

Landscape Maintenance Districts are established pursuant to the provisions of the Improvement Act of 1911, Streets and Highways Section 500 et seq. These Districts are specifically designed to create a tax entity in perpetuity for the purpose of maintaining landscape road medians, parkways, greenbelts, and other areas specifically designated in the formation of the District. Funding for these Districts is through ad valorem taxes.

Landscaping and Lighting Act Districts

The Landscaping and Lighting Act Districts are formed pursuant to the provisions of the Landscaping and Lighting Act of 1972 of Part 2 of Division 15 of the Streets and Highways Code of the State of California. These Districts provide for maintenance of landscaped areas and other open space areas designated within the boundary of the Districts for which maintenance easements have been granted to the County. Benefiting properties pay an assessment through their property taxes to maintain and service the landscaping and appurtenant improvements within these Districts.

2002-03 Adopted Budget

The 2002-03 Adopted Budget provides for the routine administration and management of the drainage systems and an increase in operating expenses to appropriate all available financing. In addition, it reflects an increase in road and highway construction associated with the Lost Hills/Las Virgenes and Lyons Avenue/McBean Parkway Bridge and Major Thoroughfare Construction Fee District (BMTCFD). Also, the closeout of the Parkway/Calabasas BMTCD was anticipated to occur in Fiscal Year 2001-02; however, the closeout was delayed pending the transfer of a parcel of land. Therefore, this activity is budgeted in Fiscal Year 2002-03, along with the funding of unused fees to developers who have contributed to the district.

PUBLIC WORKS-FLOOD CONTROL DISTRICT

FUND
Various

The Flood Control District was established under the legal authority of the Los Angeles County Flood Control Act (Chapter 755, Statutes of 1915) to provide for the control and conservation of flood, storm, and other waste waters; to conserve such waters for beneficial and useful purposes; and to protect from damage the harbors, waterways, public highways and property located within the District from such flood and storm waters. The District constructs, operates and maintains flood control channels, dams, debris basins, spreading grounds, storm drains, drainage improvements, drainage systems, and other flood control facilities and cooperates with Federal, State and Local agencies in developing a comprehensive flood control system for Los Angeles County.

2002-03 Adopted Budget

The 2002-03 Adopted Budget reflects an increase in funding primarily for: 1) the Sun Valley Watershed Management and Replenishment Project; 2) the Santa Anita Dam Spillway and Seismic Rehabilitation Project; 3) increased activities pertaining to the Storm Drain Clean Water Act; 4) the operation and maintenance of flood maintenance facilities; 5) the repair and rehabilitation of channels; and 6) the construction phase of the Headquarters Hazard Mitigation Grant Capital Project.

The 2002-03 Adopted Budget for the Flood Control Debt Service funds reflects a decrease primarily due to anticipated lower principal and interest requirements on the outstanding debt.

PUBLIC WORKS--STREET LIGHTING DISTRICTS
AND LLAD-STREET LIGHTING SUMMARY

FUND
Various

Lighting Districts are established pursuant to the Streets and Highways Code, Highway Lighting District Act of 1909 and 1911, for the installation and maintenance of street lighting systems. Street Lighting Assessment Districts are formed under the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15, of the Streets and Highways Code. The purpose of these districts is to levy an assessment on each lot or parcel based on benefits to be received from the existing street lighting improvements. This appropriation provides for the operation, maintenance, and repair of street lighting in various districts throughout Los Angeles County.

2002-03 Adopted Budget

The 2002-03 Adopted Budget reflects a reduction in appropriation and available financing due to lower fund balance levels available for appropriation as a result of increased energy charges over the past year. The Palmdale Lighting Maintenance District continues to experience problems due to rejection of a proposed rate increase. Discussions are in progress with the City of Palmdale to study alternative financing means.

PUBLIC WORKS-SEWER MAINTENANCE DISTRICTS

FUND
Various

The Sewer Maintenance Districts provide for the construction and/or upgrade of sewer systems and plants and the operations, maintenance, and repair of sanitary sewers, treatment plants, and related appurtenances for two sewer maintenance districts, one accumulative capital outlay fund, and nine tax zones.

REGIONAL PARK AND OPEN SPACE DISTRICT SUMMARY

FUND
Various

This District was established as a result of voters' approval of the Safe Neighborhood Parks Proposition on November 3, 1992, under the provisions of the Landscape and Lighting District Act of 1972 and Section 5506.9 of the Public Resources Code. The District provides for park, recreation and open space capital projects in unincorporated and incorporated areas of Los Angeles County, and is financed with special assessments. On November 5, 1996, the voters approved a second Safe Neighborhood Parks Proposition. This second Proposition levied an additional assessment within the District, amended the method of the assessment, and authorized expenditure of District revenues for any authorized purpose of the District.

FINAL COUNTY BUDGET
REFERENCES OF DETAILED BUDGET SCHEDULES
TO BUDGETARY FINANCIAL STATEMENTS
IN THE COMPREHENSIVE ANNUAL FINANCIAL REPORT
FISCAL YEAR ENDED JUNE 30, 2002

In addition to the Final County Budget, the County also prepares a Comprehensive Annual Financial Report (CAFR), which contains financial statements that have been prepared in accordance with generally accepted accounting principles. Included in the CAFR are budgetary financial statements which have been prepared for certain governmental fund types. Because of the large number of individual funds and budget units, the CAFR financial statements are presented on an aggregated basis to combine funds which are similar in nature. The table below represents a listing of the budgetary financial statements included in the 2001-02 CAFR with corresponding references to the detailed budget schedules in the Final County Budget:
