SUBJECT: **POSITIVE PATH YOUTH DEVELOPMENT CENTER CONTRACT  
COMPLIANCE MONITORING REVIEW**

The Department of Probation, Placement Permanency & Quality Assurance (PPQA), Group Home Monitoring (GHM), conducted a review of the Positive Path Youth Development Center in June 2014. Positive Path Youth Development Center has one site located in the Second Supervisorial District of Los Angeles County. Positive Path Youth Development Center provides services to Los Angeles County Probation children. According to the Positive Path Youth Development Center's program statement, its purpose is to provide a safe, therapeutic environment with development of interpersonal skills for children who are often unprepared to integrate into the normal challenges of life.

Positive Path Youth Development Center has one (1) six-bed site and is licensed to serve a capacity of six (6) boys, 13 - 17 years of age. At the time of the review, the Positive Path Youth Development Center was providing services for six (6) Los Angeles County Probation children. The placed children's overall average length of placement was 12 months, and their average age was 17 years old.

The interview sample size was five (5) Probation children. There were no children at the Positive Path Youth Development Center who were prescribed psychotropic medication. Additionally, three (3) discharged children's files were reviewed to assess compliance with permanency efforts, and five (5) staff files were reviewed for compliance with Title 22 Regulations and County Contract Requirements.

### **SUMMARY**

During the PPQA/GHM review, the interviewed children generally reported feeling safe at the Positive Path Youth Development Center, and that they were provided with good care and appropriate services, were comfortable in their environment, and treated with respect and dignity. Positive Path Youth Development Center was in compliance with six (6) of the 10 areas of the Contract Compliance Review: Educational and Workforce Readiness; Health and Medical Needs; Psychotropic Medications; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; and Discharged Children.

However, deficiencies were noted in the area of Licensure/Contract Requirements in that, the Positive Path Youth Development Center needed to maintain the Group Home's vehicle in good condition. Deficiencies were also noted in the area of Facility and Environment in that, the Positive Path Youth Development Center needed to repair cosmetic damages in the children's bedrooms and common areas.

Deficiencies were also noted in the area of Maintenance of Required Documentation in that, the Positive Path Youth Development Center failed to develop comprehensive updated Needs and Services Plans. Lastly, deficiencies were noted in the area of Personnel Records in that, the Positive Path Youth Development Center failed to have proper education/experience qualifications in personnel files.

### **REVIEW OF REPORT**

On June 5, 2014, Probation PPQA Monitor Kedra Frelix held an Exit Conference with Positive Path Youth Development Center, Administrator Cynthia Williams. The Positive Path Youth Development Center representative agreed with the review findings and recommendations and was receptive to implementing systemic changes to improve their compliance with regulatory standards, as well as address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

Positive Path Youth Development Center provided the attached approved CAP addressing the recommendations noted in this compliance report. A follow-up visit was conducted on July 31, 2014, and all deficiencies cited in the CAP were corrected or systems were put in place to avoid future deficiencies. Assessment for continued implementation of recommendations will be conducted during the next monitoring review.

**POSITIVE PATH YOUTH DEVELOPMENT CENTER GROUP HOME  
CONTRACT COMPLIANCE MONITORING REVIEW  
FISCAL YEAR 2013-2014**

**SCOPE OF REVIEW**

The purpose of this review was to assess Positive Path Youth Development Center's compliance with the County contract and State regulations and include a review of the Positive Path Youth Development Center's program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements
- Facility and Environment
- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

For the purpose of this review, five (5) placed children were selected for the sample. Placement Permanency & Quality Assurance (PPQA), Group Home Monitoring (GHM) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three (3) discharged children's files were reviewed to assess Positive Path Youth Development Center's compliance with permanency efforts.

PPQA/GHM reviewed five (5) staff files for compliance with Title 22 Regulations and County contract requirements, and conducted a site visit to assess the provision of quality of care and supervision.

**CONTRACTUAL COMPLIANCE**

The following four (4) areas were out of compliance.

**Licensure/Contract Requirements**

- During an inspection of the vehicle at the Positive Path Youth Development Center, there were substantial holes located in the middle seat and the front passenger seat door and front passenger speaker needs to be covered or repaired.

**Recommendation**

Positive Path Youth Development Center's management shall ensure that:

1. All vehicles, in which children are transported, are in good repair, in accordance with the Community Care Licensing (CCL), Title 22 standards

### **Facility and Environment**

An inspection of the interior and exterior of the Positive Path Youth Development Center revealed some cosmetic deficiencies in the common areas and one (1) of the children's bedrooms that require correction:

- Loose bricks/steps were located in the backyard common area
- Kitchen cabinet knobs were loose
- Door frame leading to the hallway was damaged
- Bedroom #3 had a closet where the right door's paint was peeling.

### **Recommendation**

Positive Path Youth Development Center's management shall ensure that:

1. All of the aforementioned physical deficiencies cited in the common areas and the children's bedrooms are corrected and repaired in a timely fashion. This shall be in accordance with the CCL, Title 22 standards, which states that all Group Home sites are to be "clean, safe, sanitary and in good repair at all times."

### **Maintenance of Required Documentation and Service Delivery**

- Of the five (5) files reviewed, one (1) Updated Needs and Services Plan (NSP) lacked a signature from the Deputy Probation Officer (DPO) of Record. Therefore, Positive Path Youth Development Center was not compliant with the section "Did the Group Home obtain or document efforts to obtain the County worker's authorization to implement the NSP?"
- Of the five (5) files reviewed, four (4) Updated NSPs lacked proper documentation of the County workers monthly contact by the Group Home. Therefore, Positive Path Youth Development Center was not compliant with the section "Are County workers contacted monthly by the Group Home and are the contacts appropriately documented in the case file?"
- Of the five (5) files reviewed, one (1) client had three (3) Updated NSPs that were not comprehensive. They did not provide any information in the "Concurrent Case-Plan Goal" section. The NSPs failed to implement concurrent plans (i.e. family finding efforts) simultaneously with the primary Case Plan Goal. Two (2) Updated NSPs did not properly document why Outcome Goals were modified and failed to indicate what changes were made to the goals to make them achievable.

### **Recommendation**

Positive Path Youth Development Center's management shall ensure that:

1. Each child's NSP has the County worker's signature/authorization to implement the NSP, in accordance with the CCL, Title 22 standards, as well as the Master County Contract SOW.
2. Each child's NSP has monthly documentation of the Group Home's contact with the County worker, which includes type and date of contact, as well as purpose of contact, in accordance with Title 22 standard, as well as the Master County Contract SOW.
3. The aforementioned NSPs deficiencies are corrected so that each child has comprehensive updated quarterly NSPs, in accordance with the CCL, Title 22 standards, as well as the Master County Contract SOW.

### **Personnel Records**

- Upon reviewing a sample of Personnel Files at the Positive Path Youth Development Center, one (1) of the five (5) employees did not have verification of their educational/experience qualifications in their personnel file. One (1) staff's High School diploma was missing from the file. However, it was provided at a later date, the diploma was not in the file at the time of review.

### **Recommendation**

Positive Path Youth Development Center's management shall ensure that:

1. All necessary paperwork and documents to verify each employee's educational/experience qualifications are included in their personnel files in accordance with CCL, Title 22 standards and the Master County Contract SOW.

### **PRIOR YEAR FOLLOW-UP FROM THE PROBATION PPQA/GHM GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW**

PPQA/GHM's last compliance report dated June 9, 2014, identified one (1) recommendation.

### **Results**

Based on the follow-up, Positive Path Youth Development Center fully implemented the one (1) previous recommendation under "Facility and Environment", for which they were to ensure that:

- All aforementioned deficiencies cited will be corrected and repaired in a timely fashion. The left closet frame in Bedroom #2 was repaired, the bathroom closet

in Bedroom #3 was repaired, and the bathroom cover vent in Bedroom #3 was replaced, all in accordance with the CCL, Title 22 standards.
