COMPLIANCE MONITORING REVIEW**

The Department of Probation, Placement Permanency & Quality Assurance (PPQA), Group Home Monitor (GHM), conducted a review of Guiding Light Home for Boys, Inc., operated by Guiding Light, in January 2015. Guiding Light has two sites located in the Fifth Supervisorial District of Riverside County. They provide services to Los Angeles County Probation foster children and Los Angeles County Department of Children and Family Services (DCFS) foster children. According to Guiding Light Home for Boys Inc.'s program statement, its purpose is to provide a structured group living environment designed to motivate and modify behavioral problems and provide treatment from drug and alcohol, anger management, group therapy, one on one therapy, mentorship programs, extensive emancipation, counseling services, tutoring services and church services, for those who are interested.

Guiding Light Home for Boys Inc. has two six-bed sites and is licensed to serve a capacity of 12 boys, 14-17 years old. At the time of this review, Guiding Light Home For Boys Inc. did not have any Los Angeles County Probation or DCFS children; however, they did have 10 children from Riverside County.

One discharged Los Angeles County Probation child file was reviewed to assess compliance with permanency efforts, and five staff files were also reviewed for compliance with Title 22 Regulations and County Contract Requirements.

SUMMARY

Guiding Light Home for Boys Inc. was in compliance with one (1) of the 10 areas of our Contract Compliance Review, "Discharge Children". Six of the areas were not applicable due to the Group Home not having any Los Angeles County Probation or DCFS children placed for the sample. The following areas did not apply during this monitoring review: "Maintenance of

Required Documentation and Service Delivery", "Education and Workforce Readiness", "Health and Medical Needs", "Psychotropic Medication", "Personal Rights and Social/Emotional Well-Being" and "Personal Needs/Survival and Economic Well-Being".

PPQA/GHM noted deficiencies in the remaining three (3) applicable areas: "Licensure/Contract Requirements", "Facility and Environment" and "Personnel Records". In the area of "Licensure/Contract Requirements", Guiding Light Home for Boys Inc. needed to ensure that their vehicles are kept in good repair and that they are free of substantiated Community Care Licensing complaints. It was noted, in the area of "Facility and Environment" that Guiding Light Home for Boys Inc. needed to make minor repairs to the exterior of the home and children's bedrooms, and ensure that all smoke detectors have batteries. In the area of "Personnel Records", Guiding Light Home for Boys Inc. failed to ensure that all employee records contained verification of their minimum education/experience.

REVIEW OF REPORT

On February 4, 2015, Probation PPQA Monitor RaTasha Smith held an Exit Conference with Guiding Light Home for Boys Inc. Assistant Administrator Stanley Powell. Assistant Administrator Powell agreed with the review findings and recommendations and was receptive to implementing systemic changes to improve their compliance with regulatory standards, as well as address the noted deficiencies in a Corrective Action Plan (CAP).

Guiding Light Home For Boys Inc. Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report. A follow-up visit was conducted and all deficiencies cited in the CAP were in the process of being corrected and systems were put in place to avoid future deficiencies. Assessment for continued implementation of recommendations will be conducted during the next monitoring review.

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

SCOPE OF REVIEW

The purpose of this review was to assess Guiding Light Home for Boys compliance with the County contract and State regulations and include a review of the Guiding Light Home for Boys Inc.'s program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

For the purpose of this review, one (1) discharged child's file was reviewed to assess Guiding Light Home for Boys Inc.'s compliance with permanency efforts. There were no Los Angeles County Probation or DCFS children available for a sample at the time of this monitoring review.

Five (5) staff files were reviewed for compliance with Title 22 Regulations and County contract requirements, and a site visit was conducted to assess the provision of quality care and supervision.

CONTRACTUAL COMPLIANCE

Of the 10 areas under review, only four (4) were applicable, and the following three (3) areas were out of compliance.

Licensure/Contract Requirements

- During the inspection of the facility vehicles, it was noted that the vehicle located at the Middle Brook site was missing the vehicle's head rests, had a broken right tail light and the inside driver and passenger side door panels need to be repaired or replaced.
- Guiding Light Home for Boys Inc.'s Middle Brook site has a substantiated allegation on November 25, 2014, for lack of supervision for a minor consuming alcohol and being assaultive towards the residents and staff. Guiding Light has satisfied CCL's requirements for this citation, and staff member involved in the incident of lack of supervision was terminated based on the findings of the investigation.

Recommendation

Guiding Light Home for Boys Inc. management shall ensure that:

1. All vehicles are repaired in a timely manner and remain in good repair.
2. All sites strive to be free of substantiated complaints by adhering to all Community Care Licensing Requirements and Standards.

Facility and Environment

An inspection of the interiors and exteriors of Guiding Light Home for Boys Inc. revealed some minor deficiencies that require correction.

- At Guiding Light Home for Boys Inc.–Saffron Site, the Group Home needs to ensure that all smoke detectors contain batteries. During the walk through inspection, it was noted that the smoke detectors located in two of the bedrooms were missing batteries; however, the batteries were replaced prior to the completion of the inspection.
- At Guiding Light Home for Boys Inc.-Middle Brook Site, the Group Home needed to cut the grass in the back yard and repair or replace two sinks in the bedroom bathrooms due to rust.

Guiding Light Home for Boys Inc. management shall ensure that:

1. All of the aforementioned physical deficiencies sited to the exterior of the home are repaired or corrected in a timely manner.
2. All of the aforementioned physical deficiencies sited in the children's bedrooms are repaired or corrected in a timely manner.

Personnel Records

- During the review of the five (5) employee files, one (1) file reviewed was missing verification of their education/experience.

Recommendation

Guiding Light Home for Boys Inc. management shall ensure that:

1. All employees have documentation of their education/experience included in their personnel files.

PRIOR YEAR FOLLOW-UP FROM THE PROBATION PPQA GHM GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

PPQA/GHM's last compliance report dated July 11, 2014, identified six recommendations.

Results

Based on the follow-up, Guiding Light Home for Boys fully implemented four (4) of the six (6) previous recommendations for which they were to ensure that:

- Clothing voucher waivers were developed
- Physical deficiencies were repaired; however, the Group Home has new deficiencies in the area of "Facility and Environment"
- Discharged Children's NSP's were comprehensive and detailed if the child was making progress towards their permanency goal
- All personnel had signed criminal background statements and timely health screens

However, the follow-up discovered that Guiding Light Home for Boys Inc. failed to fully implement one (1) of the previous six recommendations, for which they were to ensure that:

- They remain free of any substantiated Community Care Licensing complaints on safety and/or physical plant deficiencies.

The one area "Maintenance of Required Documentation and Service Delivery" was not addressed during this monitoring review due to the Group Home not having any Los Angeles County Probation or DCFS children.
