SUBJECT: **EGGLESTON YOUTH CENTER CONTRACT COMPLIANCE  
MONITORING REVIEW**

The Department of Probation, Placement Permanency & Quality Assurance (PPQA), Group Home Monitoring (GHM), conducted a review of Eggleston Youth Center, operated by Eggleston Youth Center, Inc., in May 2015. Eggleston Youth Center has six (6) contracted homes within Los Angeles County: Eggleston Youth Center sites I, II, V, and Transitional Group Home are all located in the First Supervisorial District of Los Angeles; Eggleston West Covina and Emancipation Group Homes are located in the Fifth Supervisorial District of Los Angeles County. They provide services to Los Angeles County Probation foster children and Department of Children and Family Services (DCFS) foster children. According to the Eggleston Youth Center program statement, its purpose is to provide residential care and treatment to boys who have behavioral, social and emotional difficulties and who exhibit delinquent behavior requiring extensive social work and mental health treatment, behavioral interventions and intense supervision.

Eggleston Youth Center consists of six (6) Group Home sites within Los Angeles County, each are 6 (beds) sites, which provide care for boy's ages 13-17 years old. At the time of review, Eggleston Youth Center was serving 17 Los Angeles County Probation children and 22 Los Angeles County DCFS children. Based on the sample size, the placed children's overall average length of placement was seven (7) months, and their average age was seventeen (17) years old.

### **SUMMARY**

During the PPQA/GHM review, the interviewed children generally reported feeling safe at Eggleston Youth Center and that they were provided with good care and appropriate services, were comfortable in their environment and treated with respect and dignity. Eggleston Youth Center was in compliance with six (6) of the 10 areas of the Contract Compliance Review: Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; and Discharged Children.

Although, PPQA/GHM noted deficiencies in four (4) of the 10 areas, there were no egregious findings in any of the areas. In the area of "Licensure/Contract Requirements", Eggleston Youth Center needed to ensure that all vehicles used to transport residents are in good repair and that all allowance and clothing logs show a standing balance in order for the residents to know how much money is available to them. It was noted in the area of "Facility and Environment" that Eggleston Youth Center needed to make minor repairs, in that there were loose bricks, loose wires in the backyard at one their sites, beds that were not secure, graffiti observed in the gym and bedrooms and recreational equipment that was operable and needed repair. In the area of "Maintenance of Required Documentation and Service Delivery", Eggleston Youth Center had one NSP indicating the same goal for Case Plan Goal and Concurrent Plan goal. Furthermore, one NSP reviewed had a sampled child's Special Incidents missing. In the area of "Personnel Records", Eggleston Youth Center needed to ensure that all education or experience documentation was in all personnel files

### **REVIEW OF REPORT**

On June 12, 2015, Probation PPQA Monitor Joseph Ninofranco held an Exit Conference with Eggleston Youth Center Administrator Clarence Brown. Administrator Brown agreed with the review findings and recommendations and was receptive to implementing systemic changes to improve their compliance with regulatory standards, as well as address the noted deficiencies in a Corrective Action Plan (CAP).

Eggleston Youth Center Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report. A follow-up visit was conducted and all deficiencies cited in the CAP were corrected or systems were put in place to avoid future deficiencies. Assessment for continued implementation of recommendations will be conducted during the next monitoring review.

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

**EGGLESTON YOUTH CENTER GROUP HOME  
CONTRACT COMPLIANCE MONITORING REVIEW  
FISCAL YEAR 2014-2015**

**SCOPE OF REVIEW**

The purpose of this review was to assess Eggleston Youth Center's compliance with the County contract and State regulations and include a review of the Eggleston Youth Center program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements
- Facility and Environment
- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

For the purpose of this review, seven (7) children were randomly selected for the interview sample, four (4) DCFS children and three (3) Probation children. There were three (3) children in the sample who were prescribed psychotropic medication, none of which were DCFS, and those cases were reviewed for timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm the required documentation of psychiatric monitoring. Additionally, five (5) discharged children's files, two (2) of which were DCFS children, were reviewed to assess compliance with permanency efforts.

Five (5) staff files were reviewed for compliance with Title 22 Regulations and County contract requirements, and a site visit was conducted to assess the provision of quality care and supervision.

**CONTRACTUAL COMPLIANCE**

The following four (4) areas were out of compliance.

**Licensure/Contract Requirements**

- During an inspection of the Group Home vehicles, one vehicle used to transport children to and from school, to drug therapy, to religious services, to home passes, and to outings was not kept in good repair. The vehicle had graffiti on the roof and on the seats. All other vehicles were in good running and working condition and certified by the California Highway Patrol.
- During a review of the children's clothing and allowance logs, it was revealed that Eggleston Youth Center had incomplete and incomprehensive monetary logs. The log only showed how much was being spent, but did not indicate a standing balance, in order to show the resident the available balance in their account.

## **Recommendation**

Eggleston Youth Center management shall ensure that:

1. All vehicles shall be in good repair for the safety of the Eggleston Youth Center Group Home residents.
2. All resident's files have accurate accounting of clothing and allowance logs. Also, the logs show a standing balance in order for the resident to know the available balance in their account.

## **Facility and Environment**

An inspection of the interiors and exteriors of Eggleston Youth Center's six (6) facilities revealed some cosmetic deficiencies that required correction to the exterior of one home, common area and children's bedrooms.

- At the Emancipation House, there were loose bricks in the front yard, and there were loose wires near the outlet in the backyard. Also, there was a punching bag holder lying on the grass in the backyard that was not in good repair or operable. In the bedrooms, bedroom #1 has loose bolts on the bed that need tightening.
- At Eggleston Youth Center I, there was graffiti in the corner of the gym. Also, there was a hole in the wall of the upstairs game room. Also, there was graffiti in bedroom #1 on the dresser drawer.
- At Eggleston Youth Center V, Bedroom #2 had graffiti on the door.
- At the West Covina House, there was a ripped sliding door screen, leading into the backyard.

## **Recommendation**

Eggleston Youth Center management shall ensure that:

1. All of the aforementioned physical deficiencies cited in the exterior area are corrected and repaired in a timely fashion.
2. All of the aforementioned physical deficiencies cited in the common areas are corrected and repaired in a timely fashion.
3. All of the aforementioned physical deficiencies cited in the children's bedrooms are corrected and repaired in a timely fashion.
4. All Recreational Equipment/Educational Resources are sufficient and in good repair.

#### **Maintenance of Required Documentation and Service Delivery**

- Of the seven (7) NSPs reviewed, one (1) Initial NSP had the same Case Plan Goal and Concurrent Case Plan goal. The Concurrent Case Plan goal must be a different plan in the event that the first case plan is unsuccessful.
- Of the seven (7) NSPs reviewed, one (1) listed the child's number of Special Incidents in the Initial NSP; however, Eggleston failed to include this information in subsequent Updated NSPs for the child.

#### **Recommendation**

Eggleston Youth Center management shall ensure that:

1. The treatment team shall develop comprehensive, initial NSPs detailing a different Concurrent Plan Goal in the event that the first Case Plan Goal is not achieved.
2. The treatment team shall develop comprehensive Updated NSPs that fully list all special incidents for that particular child.

#### **Personnel Records**

- A review of the Personnel Records revealed that one (1) of the five (5) personnel files did not have the appropriate education or experience requirements documented for that employee.

#### **Recommendation**

Eggleston Youth Center management shall ensure that:

1. Group Home employees have all appropriate educational and experience requirement documentation in their Personnel Files.

#### **PRIOR YEAR FOLLOW-UP FROM THE PROBATION PPQA GHM GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW**

PPQA/GHM's last compliance report dated November 26, 2014, identified eight (8) recommendations.

#### **Results**

Based on the follow-up, Eggleston Youth Center fully implemented five (5) of the eight (8) previous recommendations for which they were to ensure that:

- All torn upholstery in the Group Home vehicles was repaired.
- All signatures needed for NSPs were obtained

- All NSPs were developed to be tailored to each child's specific needs so that child's progresses towards the named goal.
- All NSPs contained information and goals that are updated and/or modified if child makes no progress to prior goal, with a complete explanation.
- All children who are age-appropriate were given the opportunity to take vocational classes or training. Also, all children were informed of vocational training or classes that are available.

However, the follow-up discovered that Eggleston Youth Center failed to fully implement three (3) of the previous eight (8) recommendations for which they were to ensure that:

- The exterior of the Group Home still had loose bricks and miscellaneous items around the backyard.
- The common areas of the Group Home still had graffiti and ripped door screens.
- The interior and bedrooms of the Group Home still had graffiti or loose bolts on beds.
