SUBJECT: **FISCAL YEAR 2010-2011 CASH FLOW PROJECTION**

Attached is the latest cash flow projection for the General Fund and Hospital Funds. The estimated June 30, 2011 combined cash balances for the General Fund and Hospital Funds are positive \$48 million. This amount has been increased by \$130 million from the previous month's estimate of negative \$82 million. The improved outlook is primarily due to cash flows associated with social service programs.

Short-Term Outlook

Our previous report estimated the actual March 31, 2011 cash balances at negative \$447 million. The actual cash balances were negative \$208 million. There were two major factors which accounted for the \$239 million favorable variance. On March 28, 2011, the County received \$343 million associated with the 1115 Waiver program. These collections were not included in the March projection because their timing was uncertain. The \$343 million positive variance was offset by various cash receipts of \$104 million which were lower than anticipated. The estimated April 30, 2011 combined cash balances are negative \$439 million. If you have any questions, please contact me, or your staff may call John Naimo at (213) 974-8484.
