SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Vice chairperson with your day present. Thank you. Commissioner Poojavatia. Thank you. Commissioner. Present. Thank you. Commissioner Eric Miller.

8 "BOS Commission Services" (416596992)

00:02:25.320 --> 00:02:45.320

Thank you so much. So for opening remarks I want to begin by saying I hope everybody has had a happy new year. It is great to have the commission back in session and to have a.

9 "BOS Commission Services" (416596992)

00:02:45.320 --> 00:03:05.280

Visitors here for the sheriff's department here to have those on the line here as well. I believe we have members of the public who are in attendance as well as that correct? Do you know how many are on? I know we have five. Five members of the public are on in addition to those who are here in person, so thank you for being here.

10 "BOS Commission Services" (416596992)

00:03:05.280 --> 00:03:25.280

I want to acknowledge that yesterday also marked one year since the Eaton and Palace fires in LA county, and all of the victims who we lost in the fire and since then, and the immense tragedy that has been across the county in the last year we acknowledged.

11 "BOS Commission Services" (416596992)

00:03:25.280 --> 00:03:52.580

The survivors, we acknowledge the rebuild that needs to happen and continues to be worked on. Also want to acknowledge that we have finished 2025 somehow in 2025 we had 46 deaths in the LA county jail facilities. 46 is an extraordinarily high number and I want to acknowledge that the 46 people who lost our lives were people who had family members who were.

12 "BOS Commission Services" (416596992)

00:03:52.580 --> 00:04:08.550

Individuals with their own life stories unique circumstances and need to be respected remembered and we must continue to work hard to reduce that number significantly in the year to come and today is only 8 January 2026.

13 "BOS Commission Services" (416596992)

00:04:08.550 --> 00:04:28.550

Eight days into new year and we've already had one death in the LA county jails. So we are very concerned, very, very, very concerned. We've raised over the last year that the number of deaths was at a very, very, very high number. 46 is too many. One is too many.

14 "BOS Commission Services" (416596992)

00:04:28.550 --> 00:04:47.399

And we need to do everything we can to continue to push the county to improve conditions within those sales, which is our jurisdiction. There is a lot that has happened since we last met that we want to discuss

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

today. We are going to talk about a plethora of different things, including our reports from different.

15 "BOS Commission Services" (416596992)
00:04:47.399 --> 00:05:07.399

Inspections held at the jails. We're going to have updates from the sheriff's department on different cases that we discussed last week. We're going to talk about KOREA and sexual assault cases that we've been hearing about at CRDF. We have an update from Directional health services and we have a.

16 "BOS Commission Services" (416596992)
00:05:07.399 --> 00:05:35.219

Much of administrative matters, so we'll try to get through everything as quickly as we can today. I know it's a pretty packed agenda and there's a lot going on in the outside world. We will begin with reports. Okay, anything anyone wants to say as opening remarks? I'll open it up to other commissioners. Not opening remarks, but we do need to Yes, I will need to leave by a low hand. I need to and then we'll score.

17 "BOS Commission Services" (416596992)
00:05:35.219 --> 00:05:55.219

So we will need to get through as quickly as we can today. I know there's again packed agenda will move through as as quickly as we can. I'm sorry I need to leave for a funeral by eleven. Okay, sheriff's department follow up report status and updates. Thank you commander Ventoya and lita.

18 "BOS Commission Services" (416596992)
00:05:55.219 --> 00:06:26.869

Thank you for being here. We'll begin with the update on pre portion meal rollout and meal equipment. What is the update and how has the expansion continued? Yes, thank you ma'am. So in terms of the rollout of the Cookshill program at MCJ med Central jail, all inmates are receiving the Cookshill dinners. Our next step is hopefully to build out the kitchen at our 20 Towers correctional facility. So we're hoping for mid January to.

19 "BOS Commission Services" (416596992)
00:06:26.869 --> 00:06:58.379

Move forward with that. What we're waiting for on right now is churning that system into an automated system, so we're looking to purchase, it's called a robotic hopper pick and place system. We have started the process on or requesting that equipment and it is currently waiting to go about to bid once we are able to purchase that equipment, then we're hoping that we can have the Twin Towers kitchen up and running.

20 "BOS Commission Services" (416596992)
00:06:58.379 --> 00:07:16.049

When Twin Towers kitchen is up and running, they will take over the protection for men Central jail because it will it will be an automated system. So it'll be a quicker system. And then we have goals to build out our century regional detention.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

21 "BOS Commission Services" (416596992)

00:07:16.049 --> 00:07:36.049

Facility program so that all incarcerated individuals there will be receiving these pre portion meals as well as our pitches detention centered facilities. But we're looking for mid 2026 to be up and running with Twin Towers correctional facility and century regional detention facility.

22 "BOS Commission Services" (416596992)

00:07:36.049 --> 00:07:56.129

The PD or jails will be soon to follow after that. So is CRDF currently receiving the preparation meals or NO? No, they're not. Nobody. And not at CRDF. The CRDF kitchen does prepare the meals for the station jails and the contracted.

23 "BOS Commission Services" (416596992)

00:07:56.129 --> 00:08:13.379

Jails. And then, everybody in MCJ is not receiving them. Is anyone in Twin Towers receiving them right now? No, not at Twin Towers, not at all. Okay, so just MCJ right now. I thought you had done a pilot in CRDF and in Twin Towers as well.

24 "BOS Commission Services" (416596992)

00:08:13.379 --> 00:08:31.319

We'll have to follow up with that, but from what I understand, it's not being served. I can follow up on the pilot programs to see how. Yes. Okay. Do you have any information on the feedback?

25 "BOS Commission Services" (416596992)

00:08:31.319 --> 00:08:51.319

The only feedback that we receive are that the portions are small and with that we go by guidelines provided by the United States Department of Agriculture dietary guidelines. So everything is weight, it's proportional, and all of our menus are.

26 "BOS Commission Services" (416596992)

00:08:51.319 --> 00:09:14.489

Are Approved and provided by the department, provided to the Department of Public health will review and approve them annually. But that is the main complaint. We've been hearing consistent complaints that they're hungry and not receiving enough food. I also, last week at CJ heard complaints that people were getting.

27 "BOS Commission Services" (416596992)

00:09:14.489 --> 00:09:34.489

Eric, what was it? Food poisoning from from the dinners. So we did you did relate that to the watch commander, they did look into that. We hold samples of all of the meals so that they can be evaluated just in case there is a potential issue with poisoning or any issues with the meals.

28 "BOS Commission Services" (416596992)

00:09:34.489 --> 00:09:53.969

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

In this instance, we even checked with our partners with correctional health services and unfortunately there were NO NO cases or NO information of any of our incarcerated individuals complaining of symptoms related to food poisoning. So we had NO one that we've.

29 "BOS Commission Services" (416596992)

00:09:53.969 --> 00:10:11.249

That came forward to say to provide further information on that. Okay. But we did look into it. They did reach out to correctional health services as well as our food services unit. They looked into the, that issue as well. The the folks been.

30 "BOS Commission Services" (416596992)

00:10:11.249 --> 00:10:29.849

What was it? 6400? Were, 48 it was 40 was it 4040 400? They were complaining that they they thought that the beretoes were being were moldly and were being reserved. That's something we hear constantly about the beretoes, yeah. Yeah.

31 "BOS Commission Services" (416596992)

00:10:29.849 --> 00:10:46.589

But this was, this was also about the, the dinners, like the the new pre portioned meals. I also just wanted to raise that there's that lovely new federal guidance that came out yesterday about meals and food and the.

32 "BOS Commission Services" (416596992)

00:10:46.589 --> 00:11:06.589

Change in what people should be consuming, and it says they they now advise from federal government adults to consume 1.2 to 1.6 g/kg of body weight, which is 50 to a hundred percent more than what federal health officials had previously recommended for people's basic needs. And so because there is that increase.

33 "BOS Commission Services" (416596992)

00:11:06.589 --> 00:11:35.069

It's coming from the federal government, does that mean that the sheriff's department cause it says in this report that that will change how prisons and jails need to be serving, will that change the quantities that the jails need to provide? That information will refer to our dieticians. Our dieticians will take that into account and increase however maybe necessary. Go ahead. So can we get an update at our next meeting on if there will be dietary changes and portion changes?

34 "BOS Commission Services" (416596992)

00:11:35.069 --> 00:11:51.629

Yes, thank you, Mary. I don't really have a question, just a comment. Maybe these are for all men and they're hungry and I don't know about you all when I'm hungry I am not pleasant, and it just seems like an easy fix.

35 "BOS Commission Services" (416596992)

00:11:51.629 --> 00:12:10.199

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

That the sheriff's department could look into making sure people had a nut to eat so that it's one layer of angst that people don't have when they're in custody, these are not like shaft meals but people are hungry and I don't think anyone in this room is.

36 "BOS Commission Services" (416596992)

00:12:10.199 --> 00:12:27.389

You know, being hungry is like a pretty basic thing. So I just wanted to point that out that that is something that the department, you know, it's not the bare minimum that needs to be looked at, but you know these these are ways that the department could address.

37 "BOS Commission Services" (416596992)

00:12:27.389 --> 00:12:44.819

Safety issues and, you know, conditions in the jail by making sure people aren't hungry. Thank you commissioner Barrel. I would just comment too that I'm sure we're paying millions of dollars for this food.

38 "BOS Commission Services" (416596992)

00:12:44.819 --> 00:13:04.819

It's just, you know, it should be looked into and if we need to change the vendor or whatever, that's yeah always on the table. And that's something that we always balance, it's the we also don't want to waste food as well, so we want to ensure that what we provide is will be consumed and that there's not.

39 "BOS Commission Services" (416596992)

00:13:04.819 --> 00:13:23.579

We're not being physically irresponsible as well by wasting meal food that should have been consumed but wasn't, but it's finding that balance and it's something that we will always evaluate and with new laws as well we'll look at in. Do you have information on the number of food meals that are thrown out or wasted?

40 "BOS Commission Services" (416596992)

00:13:23.579 --> 00:13:43.579

I don't know in terms of the free portion meals, we would have to look into that before it was the large canberal style meals that we provided and that's what we wanna get away from with the food waste. So in terms of now with the program, I don't have those numbers. Okay, if we could try to get them, that would be fantastic.

41 "BOS Commission Services" (416596992)

00:13:43.579 --> 00:14:05.389

Let's see what we can do. I I'll check with our food services unit. Thank you, and I know that we bring this up at most meetings, but we talked to many incarcerated people who say that they don't eat the food that is given out because of the quality portions type illnesses that come from it and they're instead paying for commentary, that is for those who are privileged enough to.

42 "BOS Commission Services" (416596992)

00:14:05.389 --> 00:14:21.719

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

You have money in their books to buy commentary and that puts in burden on loved ones and those who are outside of the system having to pay for very, very commentary prices to add more food to the system that's not working right now.

43 "BOS Commission Services" (416596992)

00:14:21.719 --> 00:14:36.839

Okay, next is follow up items from inspection reports in the last SVC meeting. I know we had a long list of things that we asked you for at our last meeting, our 6 November meeting.

44 "BOS Commission Services" (416596992)

00:14:36.839 --> 00:14:55.799

We talked about grievance forms, medical forms, bodyworn camera training which you sent to us. Thank you. Facilities contact Linwood fall water follow up contractor for iPads information and water installation information. So at this time.

45 "BOS Commission Services" (416596992)

00:14:55.799 --> 00:15:15.799

Regarding the water at our century regional detention facility, after the last meeting we when you raise the concerns again, I myself went out to century regional detention facility and I met with the captain Captain Martin. We walked the floors, we tried the water, the water was clear, there was NO.

46 "BOS Commission Services" (416596992)

00:15:15.799 --> 00:15:32.669

Brown Water being emitted at that time. I also am aware that the chief environmental health specialist went out at the request of the civil brand commission. They conducted an evaluation. The water was cleared. There was NO brown water at the time. They did.

47 "BOS Commission Services" (416596992)

00:15:32.669 --> 00:15:52.669

Various inspections at various times just just in case you know because we Just to have a general idea and again there was NO NO brownwater was found. So there were.

48 "BOS Commission Services" (416596992)

00:15:52.669 --> 00:16:13.469

Regarding insects or bugs in the drains. That is a common unfortunately it's a common issue that we have because of food being put down our drains. So we do try to clean them as much as possible and it's something that CRDF is making a, they will.

49 "BOS Commission Services" (416596992)

00:16:13.469 --> 00:16:33.469

They purchased more solutions to ensure that this is done. However, it's something it's a constant battle that we are facing just because of the food being placed down the drain, but we do have the solution to place down our drains to help with that and it's something that they're working on. Thank you. So on that we we did civil brand asks to the.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

50 "BOS Commission Services" (416596992)

00:16:33.469 --> 00:17:03.439

The county's Department of Public Health to go out and look at the water conditions. We received a report that they conducted a visit to 23 modules and all faucet supplied clean running water upon activation on both days that they went out, but they're gonna continue to monitor, but they did observe those sewer moths that they say our immature stage of of sewer moths and fly laurvey developing instagnant water and feeding on soap some bacteria and fungo.

51 "BOS Commission Services" (416596992)

00:17:03.439 --> 00:17:21.989

Right, those are the the larvey that we've observed in the showers in particular and the facility has been asked to clean the drains and use a biological cleaner containing enzymes to break down the organic slime and to do high pressure cleaning and public health will do follow up to verify compliance.

52 "BOS Commission Services" (416596992)

00:17:21.989 --> 00:17:41.989

Thank you on that one, anything on water? I just wondered is the department department encouraging staff to drink the water on site rather than bringing their own? We have the, NO, do we encourage them?

53 "BOS Commission Services" (416596992)

00:17:41.989 --> 00:18:02.269

It's not an official encouragement, but if they want to, the water's there, we do have waterfaucets throughout the facility. The water's the same that runs in the offices that are in the administrative offices as well as in the jail portion as well. So those same waters being used throughout the whole facility. Now, do you.

54 "BOS Commission Services" (416596992)

00:18:02.269 --> 00:18:32.959

Afternoon, the water bottles or their water from home. Of course yes, they do. The water they can utilize the water that's inside the jails but to say that we openly encourage they're not they've they've all pretty much across the board tell us I would absolutely not this water so you said I tried it? I tried it. Yeah. Like can you drank it? I drink it yes. Okay. I didn't and again NO that's not good.

55 "BOS Commission Services" (416596992)

00:18:32.959 --> 00:18:55.009

No stomach issues is I would say it's equivalent if you were to drink water from a hose from outside. It's not the same. It has a different taste, it's not like waterfall bottled water. It's not like filtered water that you would take from your refrigerator. It has a different taste to it, but it was clean water, it was.

56 "BOS Commission Services" (416596992)

00:18:55.009 --> 00:19:15.479

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Good water and I did not get sick afterwards. But yes, I did try it. Again, I, we don't take your, we take your link seriously, and I know this is something that has been reoccurring so again we'll hear whatever we can do, we will breath forward breath. Thank you.

57 "BOS Commission Services" (416596992)

00:19:15.479 --> 00:19:35.479

But there's kind of an understanding that it's not ok for pregnant women, so that's why they have water. Not that it's not ok, but because of the complaints, we just want to ensure that there's a lot of water for them. So, and that's something that the Office of Inspector General recommended, so we were, we follow the recommendation with that. Okay. And.

58 "BOS Commission Services" (416596992)

00:19:35.479 --> 00:19:58.189

So and was there any feedback about increasing the amount that people can buy on canteen if they want to have access to water? I will follow that. I don't have that information because we asked at the last meeting so I wasn't sure. Okay. And I think that that's important too because we hear things attentions and fights and things over like the hot water with people understand to be more saniti.

59 "BOS Commission Services" (416596992)

00:19:58.189 --> 00:20:20.099

Is there anything that I do think that it would help in terms of that as well? Of course it doesn't help indigen or at all, but can I just ask, is there an ongoing, is there a plan for like ongoing testing of water at CRDF and maybe if you say that earlier then I apologize, but.

60 "BOS Commission Services" (416596992)

00:20:20.099 --> 00:20:35.489

Just want to kind of make sure that the water continues to get monitored there especially because, you know, as, as late as November and I walked away with a bottle of brown water.

61 "BOS Commission Services" (416596992)

00:20:35.489 --> 00:20:55.489

Did you collect that from one of the sinks or from a cell in a cell and and the public health team did look in that exact cell and water came out clear that day. So I I don't know like we're seeing brown water. I, I don't, I don't and that changes from hour to hour, it depends if some.

62 "BOS Commission Services" (416596992)

00:20:55.489 --> 00:21:13.169

Someone's working on the pipes at that time. If there's a plumbing issue, one area is sent one area the water is turned off for a slight period of time when they start the water again, sometimes the water comes out a slight variation in color and then it clears. It happens at that time, I don't know, and that's why it.

63 "BOS Commission Services" (416596992)

00:21:13.169 --> 00:21:29.369

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

The brown water does occur, I mean, I did work at century regional detention facility when there was water's issues and they were working on the pipes, the water would come out a different, not completely brown, but it was, it was a discolored look and.

64 "BOS Commission Services" (416596992)

00:21:29.369 --> 00:21:47.789

After the water ran, it came out clear again. So it is temporary, but it's something that we will monitor. We'll continue to monitor. We'll offer lot of water when the water does come out discolored, and in terms of constant evaluation of the.

65 "BOS Commission Services" (416596992)

00:21:47.789 --> 00:22:04.859

Inspections of the facilities. We do have Department of Public Health who does inspect us in terms of testing the water though, I don't know if there's a frequency of testing or if that's just when we have issues and we call them out to test. They said they would come back and do recurring tests too.

66 "BOS Commission Services" (416596992)

00:22:04.859 --> 00:22:19.949

On an as needed basis or this will be like they said they would probably come back. Yeah, did they offer cadence? Maybe we can request that in the email follow up and also I'm curious how often it's.

67 "BOS Commission Services" (416596992)

00:22:19.949 --> 00:22:39.949

They're treating the water and if it was an un unscheduled, what do what do we do? Unannounced. Unannounced with you unannounced inspection or if it was possible to treat the water prior to them coming out. So I know the inspections by the chief environmental health special.

68 "BOS Commission Services" (416596992)

00:22:39.949 --> 00:23:04.409

Just for unannounced visits and usually with the Department of Public health, we do have advanced notice that they are coming but I know this one wasn't announced. Would it be a question for you or them or whoever, how often the water is treated? I would have to. Okay, that would be great. Thank you. Okay.

69 "BOS Commission Services" (416596992)

00:23:04.409 --> 00:23:24.269

Grievance and medical form availability and access at facilities? Yes. So I think we provided you with a copy of those and I have, we have it in our and I have a hard copy of people like and I think staff was gonna make copies for the commissioners so that we can carry them and bring them in with us.

70 "BOS Commission Services" (416596992)

00:23:24.269 --> 00:23:44.269

They're being region. Perfect, thank you. But we have a copy of it in here. So this 1st one though? Yeah. You might want to get the original

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

because it's a carbon copy. Yep. And so when they fill out their grievance there they keep a copy for themselves for their own records when we turn it in.

71 "BOS Commission Services" (416596992)

00:23:44.269 --> 00:24:00.389

So ask the watchman, they should be able to give you a stack of those forms. I mean, I think that's why we asked last time because that's been an issue. Yeah, I mean yeah Depending on.

72 "BOS Commission Services" (416596992)

00:24:00.389 --> 00:24:20.389

The deputy or who's there, they'll, some will be very accommodating and some will just not have them and some will say they can print them and some will say they can't print them so it would be an issue. And will we accept almost almost constantly. Right. If we accept them as is the one pager who have their own record, which is a problem.

73 "BOS Commission Services" (416596992)

00:24:20.389 --> 00:24:47.459

Right. We got a stack. Thank you. There's not a carbon copy on here, but they can just take two and write it. Yeah. Okay, so we'll bring these. Thank you. I can try and get a stack of the actual grievance form. Yeah, the next meeting. Thank you and medical forms if you so the health, this is it. Okay. They don't have a duplicate, they don't have a second page, this is all they get. Yeah, yeah, yeah. Got it. Thank you.

74 "BOS Commission Services" (416596992)

00:24:47.459 --> 00:25:07.459

Okay, and then staff know we can mail them to your house. Thank you. We also have a packet in our packet, the update on body warned camera training. We are hearing at our visit MC day on Sunday that most deputies have taken the training so far. They're just gonna kind of finish.

75 "BOS Commission Services" (416596992)

00:25:07.459 --> 00:25:27.459

The training schedule. Is there any update on the rollout of body warning cameras? So we have moved forward with our inmate reception center, Twin Towers correctional facility, men Central jail, and century regional Detention facility. Our next I think they're finalizing is at the hospital.

76 "BOS Commission Services" (416596992)

00:25:27.459 --> 00:25:48.299

Go at LA County General Medical Center, we are building out our infrastructure at the detention facilities. I believe North County correctional facility, they are already working on their dock room, which is where the cameras will be charged as well as that's their docking station to.

77 "BOS Commission Services" (416596992)

00:25:48.299 --> 00:26:05.069

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Upload all of the video content and I believe North facility has already the walks and these schematics are being drawn up to that area as well. Got it. Thank you. Anybody have any questions about bodymore and cameras?

78 "BOS Commission Services" (416596992)

00:26:05.069 --> 00:26:25.069

Okay, contractor for iPads and tablets, any update there? Yes, so the proposals were received and evaluated. Right now we are at the final stages of the debriefing and negotiation of the contracts. We hope to be in front of the.

79 "BOS Commission Services" (416596992)

00:26:25.069 --> 00:26:36.059

Board or contract execution sometime in the next couple of months, so the Q1 2026. So that's moving forward.

80 "BOS Commission Services" (416596992)

00:26:36.059 --> 00:26:53.489

Hopefully we'll have more information for you in the coming months. Thank you. Oh, ok any updates on the facilities contracts or the additional janitorial staff request from CEO?

81 "BOS Commission Services" (416596992)

00:26:53.489 --> 00:27:08.699

Yes, so we did meet that did go before the board this week. We our contract custodial contract was approved, so we will be moving forward for contracted custodial services at.

82 "BOS Commission Services" (416596992)

00:27:08.699 --> 00:27:28.699

The inmate reception centers correctional facility and century regional detention facility. That's what the that's what the contract was approved for. We currently do have a temporary contract in place, which will go into effect this month and I believe maybe even next week for contracted service.

83 "BOS Commission Services" (416596992)

00:27:28.699 --> 00:27:51.059

This at men Central jail. So we're moving forward with contracted services for those facilities. During this time, we will be going back to the drawing board, issuing a new contract or request for.

84 "BOS Commission Services" (416596992)

00:27:51.059 --> 00:28:08.189

Custodio contracted custodial services for all of our jail facilities. So during this time we will have contracted services, but it's limited to the facilities, but we will hopefully going be going back before the board by the end of the year so that we can have a new contract for all of our jail facilities.

85 "BOS Commission Services" (416596992)

00:28:08.189 --> 00:28:26.759

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Great. Anybody have any questions? Alright, I believe that's everything. Is there anything else that you want to share with SVC? If I can just give you a quick rundown regarding our inmate death information. Thank you. And again.

86 "BOS Commission Services" (416596992)

00:28:26.759 --> 00:28:45.539

We agree wholeheartedly with you that one death is too many, and 46 is very unfortunate. Of the 46 deaths, 25 occurred in hospitals. 19 occurred in one of our jail in a jail facility.

87 "BOS Commission Services" (416596992)

00:28:45.539 --> 00:29:00.989

One occurred in one of our transportation compounds and one occurred at a station jail. Of the 46 deaths, nine were determined to be accidental.

88 "BOS Commission Services" (416596992)

00:29:00.989 --> 00:29:16.289

21 were determined to be natural. Seven were determined to be of suicide. One was a homicide and eight the autopsies are still pending. Thank you.

89 "BOS Commission Services" (416596992)

00:29:16.289 --> 00:29:32.369

And unfortunately yes, we did have one death occur on 1 January for 2026 and that occurred at a hospital. And the autopsy is pending. Thank you.

90 "BOS Commission Services" (416596992)

00:29:32.369 --> 00:29:52.369

Oh, I just had a question sort of related I'm glad you brought up hospitals. I have sent you all an inquiry. We got received information from a family member whose let the one was in the jail, would be to a pulp was sent to a.

91 "BOS Commission Services" (416596992)

00:29:52.369 --> 00:30:14.869

The hospital and then a rehab center. No one from the sheriff's department contacted him or excuse me contacted any family members. They alleged that it was because he didn't have any next up Ken listed on this incarceration. My understanding is this person's been incarcerated multiple times, NO one bothered to call his attorney. He's been on pre trial case.

92 "BOS Commission Services" (416596992)

00:30:14.869 --> 00:30:48.679

Obviously he has an attorney and the family didn't realize what happened until he didn't come to court two months later. I would like to know what the process is for notifying people who go to outside hospitals who in your presentation feels like that's an indication that they were sicker and maybe that makes more, I don't know why that's an explanation of why they're dying, but people who are outside hospitals, do we have an ongoing understanding of who these people are like what the numbers are people outside we have.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

93 "BOS Commission Services" (416596992)

00:30:48.679 --> 00:31:17.039

The hospitals. I have never heard of the hospital that this person was sent to. So these are just random places throughout LA county. Look like just a, I mean, do you, do we have those numbers? What's the process to notify people's loved ones when they are literally incapacitated? This person from my understanding was released from custody, the sheriff's department medical staff and went to the judge and said release this person because he's.

94 "BOS Commission Services" (416596992)

00:31:17.039 --> 00:31:37.039

Is a vegetable. Now, help us understand what happens here. I'm really worried that this happens more than we hear about, and I don't understand. So transportation and outside hospitals can happen at any time.

95 "BOS Commission Services" (416596992)

00:31:37.039 --> 00:32:02.329

And it can occur anywhere just based on different reasons. It could be a person who has medical issues at port, so they'll be transported to the nearest hospital to that courthouse. So it's not always going to be a county hospital or can also be a contracted hospital. Right. So like do we have a list of at any given time because I know the department has to pay for like two deputies or whatever the staffing.

96 "BOS Commission Services" (416596992)

00:32:02.329 --> 00:32:32.359

Numbers are to sit there and provide security. So do is there like at any given time, then do you all know how many people are at an outside hospital? Not at a given time because all of that fluctuates. We also have medical appointments that are on that we transport people to. So that number constantly fluctuates. Now, I think the, I I think what you're asking for is for inmates who are most likely or their prognosis is that death is gonna be imminent.

97 "BOS Commission Services" (416596992)

00:32:32.359 --> 00:32:54.049

Not necessarily, but just like somebody I mean, but in those cases, if death is imminent, that's when the sheriff's department as well as correctional health services will make try to see if possibly we can request a compassionate release for that individual so that they're released and we.

98 "BOS Commission Services" (416596992)

00:32:54.049 --> 00:33:14.049

We can, we will coordinate with the families prior to that or during the compassionate release process to ensure that there are visitations that they can see their loved one during that time. Now, it's not until we've received notice that the incarcerated individual's condition is grave that we would.

99 "BOS Commission Services" (416596992)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

00:33:14.049 --> 00:33:41.909

Work with the families to ensure that we can have some type of visitation present. But it all depends on the status and the status of the individual and the So until someone's about to die, that they would be notified that they are an outside hospital in a better state of state. Unless their prognosis is poor, then yes, we would notify the family. But until then, NO. Correct.

100 "BOS Commission Services" (416596992)

00:33:41.909 --> 00:33:59.489

Okay. And so there's NO way for us to know because it's my understanding that our like role in the civil brand commission is to be able to inspect where incarcerated people are. We have NO idea where these people are. How do we know that?

101 "BOS Commission Services" (416596992)

00:33:59.489 --> 00:34:14.549

So I don't know if that extends to hospitals. It does. It says incarcerated people. Yep. We have hospitals in our purview? The.

102 "BOS Commission Services" (416596992)

00:34:14.549 --> 00:34:34.549

That is the ordinance surcharge? Are you asking council to review your ordinance? I'm pretty sure it is in the ordinance, but yes, please check. Also to this point around family notification, also marking that it was the one you have all the fires and things. This was something that we were in inqu.

103 "BOS Commission Services" (416596992)

00:34:34.549 --> 00:34:56.639

Hiring about near the fires as well because family members didn't have any information about what we ended up, what ended up with all the staff knew that it was a fire safe building and you were working with the fire department and none of their loved ones knew about that and we're just in heartache where that their folks were gonna burn. So I think this all comes back to.

104 "BOS Commission Services" (416596992)

00:34:56.639 --> 00:35:15.209

An overarching concern around the notification of family and emergency contacts and things and I know when we asked about emergency contacts in the past it's been when people are 1st booked that maybe they're not giving anybody's information or anything like that and I think that.

105 "BOS Commission Services" (416596992)

00:35:15.209 --> 00:35:33.719

I would like to come back to a conversation around notification towards families in case of medical emergencies as well as natural disasters, and this has been something that we've talked about and I know there were some systematic things that we talked about also and what's possible with.

106 "BOS Commission Services" (416596992)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

00:35:33.719 --> 00:35:51.689

The level of, that you all have access to, but it is highly concerning and we've heard from multiple community members. And just to note like I don't know the numbers at this point, but what's pre trial numbers in the jail? 80.

107 "BOS Commission Services" (416596992)

00:35:51.689 --> 00:36:11.689

Like they have lawyers like is there a reason why they can't contact their lawyer and let them do it? Unfortunately, I don't know at what point he wasn't until he missed court. Yeah, it was two months later. From when when I looked into it, the attorney was involved. We were already in contact with him and the family.

108 "BOS Commission Services" (416596992)

00:36:11.689 --> 00:36:32.359

Arrangements were already made with the right could we just randomly hear about it. We're just like people barely even know we exist as a county commission. But I mean I guess I'm just kind of wondering what's the process for the next person who gets me to a pop in the jail and goes to an outside hospital and is in a vegetative.

109 "BOS Commission Services" (416596992)

00:36:32.359 --> 00:36:52.349

They mean is it just gonna be when they missed court two months later? Probably, but I don't know. Every situation is unique and it's the information that we have for that individual that we're able to make those notifications to.

110 "BOS Commission Services" (416596992)

00:36:52.349 --> 00:37:11.549

So is there a process to go back and look at prior incarcerations or is that I don't what's the process or who does it? It's on the facility, so the facility, there, they will look into any documentation that we have, but again.

111 "BOS Commission Services" (416596992)

00:37:11.549 --> 00:37:31.549

We go off of the most current incarceration information that is a person's, that is who they designate as releasing that information to. Again, we have to be careful as well as who we release information to. We don't know from prior incarcerations who a name as an emerging contact.

112 "BOS Commission Services" (416596992)

00:37:31.549 --> 00:37:57.479

Maybe so we also have to be cautious on what information we're releasing and what that role is to that person. So is that the captain? The captain is the 1st point of contact and there's NO like follow up with their attorney. Like usually it's through the attorney as well. In this case that we're talking about, the attorney was aware. We weren't realized that two months later, but I mean at the time there's nothing but.

113 "BOS Commission Services" (416596992)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

00:37:57.479 --> 00:38:17.479

I'm not familiar of when the timeline just in general if somebody, there's NO Well usually we work with them at the court because at that time we're starting the process for the compassionate release, so there is some communication going on, but to your point, I don't know.

114 "BOS Commission Services" (416596992)

00:38:17.479 --> 00:38:37.980

At what point we are discussing things with the attorneys. Okay. Are there any questions from other commissioners? Mitter Mentoya, do you have anything else you'd like to share with your commissioner? No, I think that covers the.

115 "BOS Commission Services" (416596992)

00:38:37.980 --> 00:38:57.980

Information from the last meetings. All right. Thank you. Do we need to call for a public comment? Yes. We will close this item and call for public comment. If there any members of the public which bride public comment we will now move on to the public comment. Are there any members of the public which bride.

116 "BOS Commission Services" (416596992)

00:38:57.980 --> 00:39:05.130

Please press star three for using a smart device your computer, please choose the raise hand feature.

117 "BOS Commission Services" (416596992)

00:39:05.130 --> 00:39:25.130

Okay, we don't have any virtual public comments, we do not receive the written public comment. Are there any members in the public president here in the room who would wish to provide in person public comment? We can come on up save your name for the record and we do have 1 min. Good morning, everybody. I'm Berkley Donovan with commission's advocate.

118 "BOS Commission Services" (416596992)

00:39:25.130 --> 00:39:46.100

I just want to appreciate the attention to the amount of deaths last year and noting that the 1st one of this year took place within about an hour of of the year starting. And so, you know, just looking at what is available and what was shared here around the deaths of last year, you know, a lot of them emphasized as natural deaths.

119 "BOS Commission Services" (416596992)

00:39:46.100 --> 00:40:11.150

It's hard for me to understand how so many desks could be natural setting as such and with at least twelve folks being between 30 and 50 years old and a lot of the cases being pneumonia, and so to me that really points to the medical system within the jails and making sure that that care increases and and improves over this year so that people get the most.

120 "BOS Commission Services" (416596992)

00:40:11.150 --> 00:40:31.860

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

People attention that they need and that they're not suffering within themselves. Thank you. Thank you. We can still correction for this meeting we will go ahead and probably comment will be 2 min, ok?

121 "BOS Commission Services" (416596992)

00:40:31.860 --> 00:40:51.860

Thank you. Thank you. 1 s. There any members of the public who should provide public comment? Okay, you do have 2 min. Hi, my name is. I'm a reporter with LA public.

122 "BOS Commission Services" (416596992)

00:40:51.860 --> 00:41:19.520

Press just wanted to introduce myself attending this meeting, I covered public safety for my newsroom and would love to just get to know you all better in the course of my reporting. So thank you. Thank you. Thank you so much. Any other in person public comments? Okay, so that concludes public comments chair of course 1st. Thank you so much. We will move on to item number.

123 "BOS Commission Services" (416596992)

00:41:19.520 --> 00:41:36.540

Three. This is discussion with LASD on the rise in the prison Rate Elimination Act/sexual assault cases that SVC has been hearing about at century regional Detention facility. I want to begin this item by saying that for over.

124 "BOS Commission Services" (416596992)

00:41:36.540 --> 00:41:56.540

Over six months at least, we have been raising concerns in CRDF about cross gender shower viewing. Those have been publicly spoken about at these meetings of the civil branding commission as well. We've raised it to the sheriff's department multiple times stating that in multiple different modules within CRDF.

125 "BOS Commission Services" (416596992)

00:41:56.540 --> 00:42:18.740

That are sharing with us that male deputies are watching them shower and inappropriate ways and ways that violate react. We also have at our visit that we have not yet talked about that we'll talk about in the next item in, was it November, Christian, that we went to see November visit to.

126 "BOS Commission Services" (416596992)

00:42:18.740 --> 00:42:52.280

CRDF we spoke with multiple women who shared really, really, really horrific and graphic stories of sexual assault and rape and forced oral sex by deputies within the jails. In addition to sharing multiple concerns about cross gender shower viewing in different areas across the jails. This is not one deputy, we heard multiple names of deputies. We also heard about an area called by those who incarcerated the.

127 "BOS Commission Services" (416596992)

00:42:52.280 --> 00:43:12.280

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Top shop is what they're referring to it as, where certain male deputies will go and sit in the specific area in the disciplinary area where they can specifically view women showering and watch them. There are also really graphic and horrific stories show.

128 "BOS Commission Services" (416596992)

00:43:12.280 --> 00:43:41.810

Cared about the water being turned on extra hot so that the women are extra uncomfortable in having to move around in ways that the deputies find amusing and then the deputies are retaliating against these women coming back to themselves and commenting on their bodies, and there's really, really just horrific horrific things happening at CRDF. We are very, very, very concerned about this when commissioner Batchy and I left.

129 "BOS Commission Services" (416596992)

00:43:41.810 --> 00:43:56.940

That visit in November, we immediately called commander Rontoya. We immediately called the captain, we called actually commissioner Raji and I were driving home together after that inspection we called probably six to ten people trying to figure out how we could.

130 "BOS Commission Services" (416596992)

00:43:56.940 --> 00:44:16.940

Figure out what to do about what's happening there cause it was absolutely horrific despicable in humane out of just I I We're also hearing that there were zero cases referred by deputies to the da's office. We are hearing that there are multiple deputies who.

131 "BOS Commission Services" (416596992)

00:44:16.940 --> 00:44:42.120

Are named who are still on the floor at CRDF. Some deputies have been moved to other locations, but the crossgender showering shower viewing is continuing, which is a violation of Korea. So we as a civil branding commission are extraordinarily concerned about this, have been raising it for six plus months and would like to know what is happening what the sheriff's department is doing about it.

132 "BOS Commission Services" (416596992)

00:44:42.120 --> 00:44:58.740

Please and so I don't think this is just limited to RDS. No, it's not because in men central jill, we heard from transgender.

133 "BOS Commission Services" (416596992)

00:44:58.740 --> 00:45:18.740

Women that the viewing station there was being used to to look at them as well. And in fact they've used juice boxes to try and block off one of the cameras that was looking into the area that they showed, which is down the back of the.

134 "BOS Commission Services" (416596992)

00:45:18.740 --> 00:45:37.680

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Put curtains over their shower area in order to stop the the deputies viewing them. And so this is this is a problem in multiple jails.

135 "BOS Commission Services" (416596992)
00:45:37.680 --> 00:45:53.820

Commissioner and I just wanted to highlight cause I don't remember if you two are still here when we discussed, I don't remember how many months ago that was commissioner Twelvez and I think we're at CRDF and raised some video related issues. One of them was.

136 "BOS Commission Services" (416596992)
00:45:53.820 --> 00:46:13.820

About, a deputy watching people's shower and the experience of reporting it to the investigating officer as someone who was fully able to leave the jail, who is a, you know, person in the community and who's trying.

137 "BOS Commission Services" (416596992)
00:46:13.820 --> 00:46:28.980

Informed a training professional, I was intimidated by this person reporting it to him. It was intimidating, it was kind of unsettling. He did not feel like he wanted to actually learn what happened. It was an interrogation and it was really.

138 "BOS Commission Services" (416596992)
00:46:28.980 --> 00:46:48.980

Frankly upsetting and we talked about it at the meeting, please jump in. But I just wanted to raise that in terms of how the department goes about investigating these issues. It was awful. Yeah, same experience. And being where we're going in and they're saying they're welcoming our our suggestions welcome.

139 "BOS Commission Services" (416596992)
00:46:48.980 --> 00:47:10.580

I mean what we see, it just became very uncomfortable for them and so the uncomfortableness was just targeted back on us to the point where he had said if you don't have the exact times, the dates, the persons, then there's really nothing that we can go off. So we had to go back and I had to.

140 "BOS Commission Services" (416596992)
00:47:10.580 --> 00:47:42.210

And I went in and talked to several of the of the females in there. Their faces of us re asking these questions also is a telltail sign that they don't, they don't want to be retaliated and so I I talked to one of the females in that module that she kind of knows a lot of them. She's, they've been the longest and she was able to give me but she had said I don't I don't want you to with my name but this is the information that I of who, who it was.

141 "BOS Commission Services" (416596992)
00:47:42.210 --> 00:47:59.370

And we went back and look into it and we know that. Yeah. And this is not a problem with one deputy, it's multiple deputies and it's really a huge

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

concern about retaliation because as we've talked about in this, in this body.

142 "BOS Commission Services" (416596992)
00:47:59.370 --> 00:48:19.370

These women, these individuals, including trans individuals, including men in MCJ, including those who are mentally ill et cetera, are extraordinarily vulnerable because if they are reporting these cases of sexual assault to those who have power over them within the jails, they have NO.

143 "BOS Commission Services" (416596992)
00:48:19.370 --> 00:48:40.040

Course we continually report every month after month that grievances are submitted and there's nothing heard back. There's NO responses. There's NO tracking modules. So if somebody is talking about a sexual assault committed by a deputy who's in charge of looking after them and keeping them safe within the jail, there is absolutely nothing that can be done to.

144 "BOS Commission Services" (416596992)
00:48:40.040 --> 00:49:00.040

To make sure that they're safe. We're hearing about cases where these women are reporting sexual assaults and then are put into solitary confinement and are experiencing even worse conditions after reporting or there are deputies coming and saying horrible things to them because they reported. This is as.

145 "BOS Commission Services" (416596992)
00:49:00.040 --> 00:49:20.040

As commissioner Barrell talked about at the beginning of this meeting too, so many of the people in these jails are pre trial. They need to show up and go to court. They need to show up and represent themselves and for their cases. How are you supposed to be able to fight for your case or to show up for yourself if you're being assaulted by.

146 "BOS Commission Services" (416596992)
00:49:20.040 --> 00:49:37.170

Deputies right before your court case and then you have to then show up to court. It's absolutely unspeakable and inhumane. So Commissioner Miller with that? Yeah, and I realized this is.

147 "BOS Commission Services" (416596992)
00:49:37.170 --> 00:49:57.240

We, we, we going on two years ago now made a complaint about these watching sexually explicit material in our in our room in Mans Angel jail.

148 "BOS Commission Services" (416596992)
00:49:57.240 --> 00:50:13.620

You were told there was an investigation to the commissioners testified to the sheriff's department, we were interviewed by the sheriff's

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

department. We had heard nothing back about that. And so the the our worry I think is certainly.

149 "BOS Commission Services" (416596992)
00:50:13.620 --> 00:50:33.620

That there is unspeakable sexual assaults going on in the jail, but more generally, the the jails are a institution in which sheriff deputies feel comfortable engaging in sexual activity, whether it is assaulting women or watching.

150 "BOS Commission Services" (416596992)
00:50:33.620 --> 00:50:56.270

When they're supposed to be looking after people's safety, acting professionally. You know, this is truly disgusting. It's truly disgusting, if it was just the corn watching that would be bad enough. But it creates a culture where this speaks to the culture of the deputy of the sheriff's department, that the sheriff's department.

151 "BOS Commission Services" (416596992)
00:50:56.270 --> 00:51:02.910

And feels comfortable engaged using in their uniforms.

152 "BOS Commission Services" (416596992)
00:51:02.910 --> 00:51:22.910

Engaging in sexually explicit activity in jails across the the county. I mean, it's it's a cultural issue, not simply. So I would like to ask the sheriff's department, what's the.

153 "BOS Commission Services" (416596992)
00:51:22.910 --> 00:51:51.840

Specific actions are being taken to stop this from happening, to address retaliation that's happening as it's been happening and to support those who have been impacted as victims in these cases. Because what I'm hearing is that you report sexual assault and then you're still just, you're not receiving any follow up care, any follow up services, any sort of follow up at all. And also, can I just add, these are criminal angle, this is criminal.

154 "BOS Commission Services" (416596992)
00:51:51.840 --> 00:52:11.840

So I think we need to ask the district attorney to come to our meeting and explain what the district attorney is going to do to investigate, these sorts of incidents. Because there have been zero cases referred to the DA by the sheriff's department is what we're hearing.

155 "BOS Commission Services" (416596992)
00:52:11.840 --> 00:52:32.750

Correct. Is that the case? So I can't speak on that. What I can say is that the department maintains a zero tolerance policy towards any form of sexual abuse or harassment within all of our facilities. Now, in regards to.

156 "BOS Commission Services" (416596992)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

00:52:32.750 --> 00:53:00.020

A century regional detention facility, we are aware and we've heard that there is a class action lawsuit for coming. So because of that I can't share any information with you. We are aware of it when we do receive allegations, we do conduct preliminary investigations just to ensure that there are incarcerated are safe if there's any immediate actions.

157 "BOS Commission Services" (416596992)

00:53:00.020 --> 00:53:32.970

That need to be taken such as like mentioned moving an individual from that area that is immediately done, then the case is further investigated by our the compliance teams and based on that it can be turned over to our internal our criminal investigations if it's criminal in nature. So it's, there is a process for that and unfortunately I can't get into the details because of the forthcoming. So you can't tell us how many have been turned over to criminal investigation?

158 "BOS Commission Services" (416596992)

00:53:32.970 --> 00:53:52.970

I don't have those numbers now. Okay. So to kind of readdress the question you can't talk about like potential criminal referrals, but sure personal was also asking about the services support that are provided to the incarcerated women that are reporting this and if you don't have that information.

159 "BOS Commission Services" (416596992)

00:53:52.970 --> 00:54:16.790

I strongly suggest we have the priya coordinator here at the next meeting because I think this is really important. We don't have enough information. We every time we go into the facility and hear about a pre a complaint that was filed and the fact that the women are receiving NO support or services or that there's a ridiculous amount of detail that's required.

160 "BOS Commission Services" (416596992)

00:54:16.790 --> 00:54:36.790

We need, we need to kind of hear what the process and the procedures are to sort of identify where there might be gaps especially to to like the women that are undergoing this horrific abuse, right? And with that, we can make referrals to our correctional health services to be referred to one.

161 "BOS Commission Services" (416596992)

00:54:36.790 --> 00:55:03.350

Of our mental health clinicians, but in on top of that I can't tell you if there's a specific, if there's anything, any additional follow up that's automatically taken after an allegation is made. We will talk to CHS about our next number about CHS with that. And maybe that's where I know we're tight on time. I just don't understand what zero tolerance policy means I like don't please explain to me.

162 "BOS Commission Services" (416596992)

00:55:03.350 --> 00:55:27.870

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

What that means like in practice in like concrete terms because that's very much not been my experience. Yeah. Can I So I I think and commissioner Battle who knows about the prosecution side much better than I do, but destroys me as something that our district attorney should be.

163 "BOS Commission Services" (416596992)

00:55:27.870 --> 00:55:42.870

Engaging with if our district attorney is genuinely interested in protecting vulnerable people at our facilities. And so I would like the commission.

164 "BOS Commission Services" (416596992)

00:55:42.870 --> 00:55:57.990

To send the reports of the inspections to the district attorney and invite the district attorney to attend our next meeting to explain what.

165 "BOS Commission Services" (416596992)

00:55:57.990 --> 00:56:14.910

He can do in order to ensure the safety of people inside our jails and investigate these reports because at least bringing them to the district attorney's notice notice should, you know.

166 "BOS Commission Services" (416596992)

00:56:14.910 --> 00:56:31.020

I don't know if that will spark an investigation but it should at least put him on notice that we are deeply concerned about this. Yeah, I think that's a great idea. There is obviously an there's a pending federal lawsuit that's already been filed.

167 "BOS Commission Services" (416596992)

00:56:31.020 --> 00:56:48.690

So I don't know the course of action that the da's office would take well while there's still a pending federal lawsuit, but I think it's good for I'm I'm sure that they are aware of it, but for them to be unnotice by the school brand commission, like that's a really good idea. Mr. Tonis.

168 "BOS Commission Services" (416596992)

00:56:48.690 --> 00:57:08.040

I just have a question about who gets picked to be on Priya team, like the training, what does that entail? I'm sure the sheriff's department to provide some of that? That's just like who are they like what kind of training do they get? Who gets picked? Is it voluntary?

169 "BOS Commission Services" (416596992)

00:57:08.040 --> 00:57:25.020

Do they get put there when they do something about it? I mean I don't, again, we just wanna know the people that are interviewing the individuals are saying that they've been sexually assaulted requires skills and ability to be able to connect and if you don't have that.

170 "BOS Commission Services" (416596992)

00:57:25.020 --> 00:57:41.760

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

And you can't bring out your humanity when you're speaking certain to the full extent of what that person is saying to. And that's the same thing for me coming from my own background just such as commissioner goal.

171 "BOS Commission Services" (416596992)

00:57:41.760 --> 00:57:57.690

Well, just want to know if maybe we can have the the person in charge of leading the team or, you know, to look at what that process. I just requested that commission services.

172 "BOS Commission Services" (416596992)

00:57:57.690 --> 00:58:13.200

Invite DA Hawkman and the preau coordinator to our next meeting. And can we make sure that the district attorney gets the report from the September and November? And August?

173 "BOS Commission Services" (416596992)

00:58:13.200 --> 00:58:33.200

And October, yeah. Yeah, yeah. Great. And then I may suggest in addition to the coordinator, whoever at the sheriff's department oversees the you know sort of the is is there is there someone above?

174 "BOS Commission Services" (416596992)

00:58:33.200 --> 00:59:05.900

Getting the assistant director of the so he will be speaking on all three related matters. I also just want to say, as we're talking about this, you know, I mean, as a social worker, as all of this, as Commissioner Barrell commissioner Torones, this is our background in working in trauma informed cases specifically working with survivors of sexual assault has been part of my career for the last 15 years, and it's something that I'm extraordinarily passionate about and care deeply about. I also just want to raise though.

175 "BOS Commission Services" (416596992)

00:59:05.900 --> 00:59:24.690

One of the things that we have been trying to do as a commission is decrease issues in the jails to decrease the harm to the county. And so we're talking about this from a person perspective of this is absolutely unacceptable that this is happening, but we're also now dealing with this.

176 "BOS Commission Services" (416596992)

00:59:24.690 --> 00:59:43.890

Class action lawsuit, which could have been prevented if we had just addressed this. We are constantly dealing with budget shortcuts shortfalls as a county. We're constantly dealing with class action lawsuits with payouts of billions of dollars for sex abuse crimes in the county.

177 "BOS Commission Services" (416596992)

00:59:43.890 --> 01:00:03.890

That our dollars as county residents have to go to. It's, it's horrendous. But this is something that the civil brand commission has

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

been raising for two years for six plus months. And now there's a lawsuit. This lawsuit could have been avoided if the sheriff's department had just addressed and done their job and now the county's gonna have to pay.

178 "BOS Commission Services" (416596992)

01:00:03.890 --> 01:00:24.080

For it, which is just absolutely absurd to me. So yes, 1st of all, there's this issue of the humanity, the human rights violations, the massive massive scale and issue going on. And then 2nd part that just makes my blood boil is the impact on county residents and the impact to fire victims.

179 "BOS Commission Services" (416596992)

01:00:24.080 --> 01:00:51.480

And other people across the county who are going to lose services based on dollars that are gonna have to be diverted to deal with mistakes that have not been fixed. And it's 2nd lawsuit. Yes. In three months, six months? The 1st one cited the civil brand commissions reporting what was it? From two years ago, beyond. But they cited us what 2720 some times.

180 "BOS Commission Services" (416596992)

01:00:51.480 --> 01:01:08.880

And so we consistently hear from the sheriff's department that you're listening to us and that you're, you're you're making reforms, and we hear this from the county as well.

181 "BOS Commission Services" (416596992)

01:01:08.880 --> 01:01:28.880

And, you know, it's it doesn't look given these lawsuits, it doesn't look like it, and it's not just the money on on PoS, it's the money just paying people to actually do the, the, the lawsuits anyway. You know, the lawyer. The lawyers. Yep.

182 "BOS Commission Services" (416596992)

01:01:28.880 --> 01:01:44.760

So we're making, work for county council that would be better done elsewhere. Okay. I think we can wrap up this item. Is there any other comments?

183 "BOS Commission Services" (416596992)

01:01:44.760 --> 01:02:04.760

We'll open it for public comments alright so now we will move on to virtual public comment. If there are any members of the public who wish to provide public comment, please press star three. You're using a smart device or the computer, please use the raise hand feature.

184 "BOS Commission Services" (416596992)

01:02:04.760 --> 01:02:28.650

Written public comment, now we will move on to in person public comments. If you have in person public comments from the members of the public, if you'd like to step up, take your name for the record, we do have two emergencies. Good morning. It's a simple grandchy. We also visit.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

185 "BOS Commission Services" (416596992)

01:02:28.650 --> 01:02:48.650

See the import and it affected me to hear about the ladies who are being corrects, but I feel that when they try to, they per se don't talk to us.

186 "BOS Commission Services" (416596992)

01:02:48.650 --> 01:03:07.590

But you can see it in their eyes as something. It's not going right. So I personally try to ask the sheriff sent that jail. Is there the smitch, NO tail kind of.

187 "BOS Commission Services" (416596992)

01:03:07.590 --> 01:03:24.480

Scenario with you all or you just said everything is ok, but it's not ok. You can tell by the look in their eyes. So I do find this to be a polling.

188 "BOS Commission Services" (416596992)

01:03:24.480 --> 01:03:43.710

That whatever can be suggested, perhaps not just throw the women's into a confinement for saying this is happening to me. I agree with your person broker.

189 "BOS Commission Services" (416596992)

01:03:43.710 --> 01:04:00.480

I'm so compassionate about sexual assault. Please, let's find a way and bring the 1st hand so we can.

190 "BOS Commission Services" (416596992)

01:04:00.480 --> 01:04:19.470

Get this issue resolved and not let these women or men feel intimidated because there's an issue with a captain or sure. I mean, yeah, that's my point. Thank you very much.

191 "BOS Commission Services" (416596992)

01:04:19.470 --> 01:04:38.160

Are there any other in person members of our public comment? No. All right, thank you so much cheers for yours. Thanks so much. I know that was a heavy issue and which I know it's been way in on all of us pretty deeply. Appreciate you.

192 "BOS Commission Services" (416596992)

01:04:38.160 --> 01:05:00.508

All talking about it and being here. Number four is correctional health services follow UPS and update on medical appointment and court dates coordination continued from the September meeting with dr. Henderson. Dr. Henderson is on the line and dr. Henderson, we will go to you to, to see if you have updates for us 1st and we'll ask you some questions.

193 "Sean Henderson MD" (1004264704)

01:05:00.508 --> 01:05:14.221

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Okay, I thought when I was, when we talked about this last, I had mentioned to you that I'm not in charge of scheduling when I had given you the name of the person that was.

194 "BOS Commission Services" (416596992)

01:05:14.221 --> 01:05:16.241

Yes, you did. So I don't.

195 "Sean Henderson MD" (1004264704)

01:05:16.241 --> 01:05:34.225

Only have any follow up because I I'm not in control of that piece. I mean I can follow up and find out what they've done. I I didn't today cause I thought I was on the agenda for something different, but.

196 "BOS Commission Services" (416596992)

01:05:34.225 --> 01:05:36.181

What did you think you were on the agenda for?

197 "Sean Henderson MD" (1004264704)

01:05:36.181 --> 01:05:41.517

A, people in outside hospitals, notification about.

198 "BOS Commission Services" (416596992)

01:05:41.517 --> 01:05:48.603

Yeah. Illness and then right? Yeah.

199 "Sean Henderson MD" (1004264704)

01:05:48.603 --> 01:05:52.438

Four items. Yep. Yep.

200 "BOS Commission Services" (416596992)

01:05:52.438 --> 01:06:00.082

Yep. Could, could you give us an update on about the outside hospitals, the illnesses?

201 "Sean Henderson MD" (1004264704)

01:06:00.082 --> 01:06:00.947

Perfect.

202 "BOS Commission Services" (416596992)

01:06:00.947 --> 01:06:02.766

Thanks.

203 "Sean Henderson MD" (1004264704)

01:06:02.766 --> 01:06:32.288

As of this morning, there were eleven in custody patients submitted to outside private hospitals. The the hospitals are, I mean, they vary depending on most of them are known local community hospitals, and as of this morning there are 35 in custody patients at Los Angeles general Medical Center. So the bulk of the general Medical Center. 35. Yes.

204 "BOS Commission Services" (416596992)

01:06:32.288 --> 01:06:34.040

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

And you said eleven at outside?

205 "Sean Henderson MD" (1004264704)

01:06:34.040 --> 01:07:03.090

Yes, eleven at outside hospitals. If it come but so the one caveat is remember, we wouldn't send someone who's sick from pitches Detention Center all the way down to Los Angeles general Medical Center. So there's some inevitability there for outside hospitals because we there's too far of a drive for a patient with an illness. So we'll use a local hospital there. The other ones, the other time people ends up in community hospitals is when the medical center's full.

206 "Sean Henderson MD" (1004264704)

01:07:03.090 --> 01:07:19.226

Or they leave court and they go to a community hospital that's near the court, doesn't look like that's in, that's the case here. This looks like the ones that are outside are, because the local medical centers were full.

207 "BOS Commission Services" (416596992)

01:07:19.226 --> 01:07:38.108

Okay Commissioner Real, do you have questions? Yeah. Okay, can you give us the update on the, those who are incarcerated who present with media illness and need to receive care? Question we brought up at the last meeting with you?

208 "Sean Henderson MD" (1004264704)

01:07:38.108 --> 01:07:43.222

Is what? Sorry, I don't remember the question.

209 "BOS Commission Services" (416596992)

01:07:43.222 --> 01:08:16.750

I believe we were asking you about if somebody who is in a cell or in a form says I have a fever, I think I have COVID, I think I have an immediate medical issue, how they are triaged, how they are gotten out of there in case of, you know, spread and disease spread, because we were hearing those cases, if you remember about people who were saying that they had been reporting that they had COVID for like 24 h and we're staying in a cell with somebody else and then infecting others. And so we had talked to you about how the processes we ended.

210 "BOS Commission Services" (416596992)

01:08:16.750 --> 01:08:28.369

Understood it was that they told somebody on the ground, then it went to a nurse, then it went to somebody else, then it got moved and it would take sometimes 24 h to get them them moved out. Is that correct?

211 "Sean Henderson MD" (1004264704)

01:08:28.369 --> 01:08:57.367

No, so they, they would tell the deputy or they would fill out an HSR, the health service request form. If it's an HSR it could take a day. I mean, just because the paper has to find itself to the nurse, the nurse fills, it reviews the paper then calls for the patient, so it could, you

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

know, bridge a couple hours. If they tell the deputy and the deputy immediately tells the nurse, they could be moved faster. We haven't, yeah. When was that, that was October's meeting?

212 "BOS Commission Services" (416596992)

01:08:57.367 --> 01:09:00.464

I believe so. Yeah, just I think.

213 "Sean Henderson MD" (1004264704)

01:09:00.464 --> 01:09:08.160

Like there was a week or two there where we had some COVID in the place in the in the jail.

214 "Sean Henderson MD" (1004264704)

01:09:08.160 --> 01:09:28.151

A bunch of cases all at once. We've, we've gotten down to one and zero now weekly, so that hasn't been as much of an issue, but typically that's what occurs is, and then if you really are severe, you will be called a man down and we will all respond to yourself and provide triaging there.

215 "BOS Commission Services" (416596992)

01:09:28.151 --> 01:09:41.946

We're we're also hearing that sometimes when somebody calls man down, there's NO response for a few hours even. Oh, that, yeah, I don't.

216 "Sean Henderson MD" (1004264704)

01:09:41.946 --> 01:09:54.968

Don't know how to respond to that one cause that kind of defeats the it's against the definition, so I don't know, and we'd have to have a case to find that to actually follow up on that one.

217 "BOS Commission Services" (416596992)

01:09:54.968 --> 01:10:01.143

I mean, I've seen that. We've been I've literally seen it. You've seen.

218 "Sean Henderson MD" (1004264704)

01:10:01.143 --> 01:10:07.703

A person go man down and get the called for medical help and we haven't come for a day.

219 "BOS Commission Services" (416596992)

01:10:07.703 --> 01:10:26.901

No, they oh I don't know what would happen if we would have been there, but they were yelling and we were, we had to get the deputy and then they got that yes but it was clearly not gonna happen if we were not there. So I don't I'm not saying it happens. I'm just saying I saw it not happen. Yes.

220 "Sean Henderson MD" (1004264704)

01:10:26.901 --> 01:10:35.288

So that's, so I I can only comment on if deputies called for medical and medical didn't come.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

221 "BOS Commission Services" (416596992)

01:10:35.288 --> 01:11:14.547

Right, NO NO NO NO. Right exactly. I'm not saying that, yeah, I yes, I'm just saying I witnessed the 1st link in that chain, then I Yeah. That was on an inspection that the commissioner Garrell and I were. Dr. Henderson, can you give us an update? If there is somebody who is in a medical, in a, in a appointment with a nurse or a medical provider and they report sexual assault, can you walk through what the procedure policy is and what the follow up is?

222 "Sean Henderson MD" (1004264704)

01:11:14.547 --> 01:11:35.340

Sure. Our priya guidelines are fairly straightforward and we orient everyone to them and remind them on a, on an ongoing basis. If an individual makes the claim that they have been sexually assaulted or otherwise or anything like that, we would automatically.

223 "Sean Henderson MD" (1004264704)

01:11:35.340 --> 01:11:57.525

Tell custody, we would tell the watch sergeant. We would then, we would then ask or examine the patient only in Sofaristo assess for life threatening injuries, and then we would send them to hospital for evidence collection. And then we're out because it becomes a criminal investigation. It becomes custody's issue.

224 "BOS Commission Services" (416596992)

01:11:57.525 --> 01:12:02.166

Can you tell us about any mental health follow up that's provided?

225 "Sean Henderson MD" (1004264704)

01:12:02.166 --> 01:12:08.459

No, but I can follow up with Joan Hubble and find out what is followed I can. That's not it. Sorry.

226 "BOS Commission Services" (416596992)

01:12:08.459 --> 01:12:14.707

You'll follow up with Joan Hubber. Nope that's a good.

227 "Sean Henderson MD" (1004264704)

01:12:14.707 --> 01:12:23.802

The question I agree with you, so I will find out what sort of, you're talking about like post traumatic counseling?

228 "BOS Commission Services" (416596992)

01:12:23.802 --> 01:12:42.650

Yes, so if there's any mental health. Got it. Follow up provided. And dr. Henderson, after you examined the person for life threatening injuries? Yes. They don't have life threatening injuries, but they have other injuries who are, do they come back to see it.

229 "BOS Commission Services" (416596992)

01:12:42.650 --> 01:12:45.360

Just after they get the evidence.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

230 "Sean Henderson MD" (1004264704)

01:12:45.360 --> 01:13:01.380

Well, they'll go to our local facility would be Los Angeles general Medical Center. So they would go there if they had an injury, that would also be addressed in that, that as well. What we're trying to do is not, I mean, I I just don't want my people.

231 "Sean Henderson MD" (1004264704)

01:13:01.380 --> 01:13:24.245

Are people getting in the way of the investigation, right? And so as an emergency position I'm taught very early on to not don't have anyone disrupt, there's NO cleaning, we just leave you alone so that we can gather whatever evidence might be present. Sometimes it's been a week or two since with the event, but even so.

232 "BOS Commission Services" (416596992)

01:13:24.245 --> 01:13:57.885

And and that's the question dr. Henderson, if sometimes people are going to be coming to medical and they'll share about an assault or something that may have happened to them multiple months before, because they are finally having a medical appointment. We're also hearing that it takes obviously of course a long time to get medical appointments. So sometimes once somebody has finally gotten appointment, it's been weeks or months after an assault may have happened. And so there's NO evidence to collect necessarily, but there is care that can still be provided. So I'm wondering what that care looks like.

233 "Sean Henderson MD" (1004264704)

01:13:57.885 --> 01:14:02.044

And I'll find out. Thank you. You're welcome.

234 "BOS Commission Services" (416596992)

01:14:02.044 --> 01:14:19.010

Anybody else have any questions for dr. Henderson? This may have been addressed dr. Henderson, but you mentioned that the data sources that you all receive are gonna coordinate better with court dates so meaning the medical appointments and court dates and that that would be the way that.

235 "BOS Commission Services" (416596992)

01:14:19.010 --> 01:14:26.748

Those are scheduled are gonna be implemented this month. Is that is that underway?

236 "Sean Henderson MD" (1004264704)

01:14:26.748 --> 01:14:27.483

So.

237 "BOS Commission Services" (416596992)

01:14:27.483 --> 01:14:29.565

So that.

238 "Sean Henderson MD" (1004264704)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

01:14:29.565 --> 01:14:50.606

I'm not in charge of that. That's the problem. Not the problem, that's my challenge is I I I I passed on your I wanted you guys to consider speaking to the individual who's in charge of scheduling because I don't have supervision over that unit of CHS.

239 "BOS Commission Services" (416596992)

01:14:50.606 --> 01:15:12.407

Right. But I think when you were, you were present at our November meeting, you mentioned that you were hoping that there would be some implementation, not like a technology overhaul, but basically data sources that would better coordinate the medical appointments with the court dates so people aren't making a choice between the two. Do you have any information about like how that implementation is going?

240 "Sean Henderson MD" (1004264704)

01:15:12.407 --> 01:15:20.722

No, but I, I can follow up on that too. Do you want an email, Miss Brother or she's not there?

241 "BOS Commission Services" (416596992)

01:15:20.722 --> 01:15:28.182

No, yeah, that would be great. Okay, please. I looked for you hand.

242 "Sean Henderson MD" (1004264704)

01:15:28.182 --> 01:15:34.269

I'm sorry. That's ok.

243 "BOS Commission Services" (416596992)

01:15:34.269 --> 01:16:09.140

So you'll send us the email of the person dr. Headerson? Okay, we can open it for a public comment. I'm. Now we will we will move on to virtual public comment. If there are any members of the public who wish to provide public comments, please press star three. If you're using a smart device or computer, please use the raise hand feature. Okay so for the record you do not receive a virtual public comment, we do not.

244 "BOS Commission Services" (416596992)

01:16:09.140 --> 01:16:27.384

Are there any in person members of the public who wish to provide public comments? If so, if you can help you to coach the public comments table? Right seeing none chair for yours. Thank you so much. Thank you, dr. Henderson and.

245 "Sean Henderson MD" (1004264704)

01:16:27.384 --> 01:16:30.689

Yeah.

246 "BOS Commission Services" (416596992)

01:16:30.689 --> 01:16:32.122

Five dr. Henderson.

247 "Sean Henderson MD" (1004264704)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

01:16:32.122 --> 01:16:45.363

Do one more question. Sure. We got a referral recently. It didn't come from any of you. It just came from SBC. I I don't know who to reply to.

248 "BOS Commission Services" (416596992)

01:16:45.363 --> 01:16:47.341

Please reply to SBC, that is committee.

249 "Sean Henderson MD" (1004264704)

01:16:47.341 --> 01:16:57.080

Yep, that'll share it out to all of us. Alright, cool. I just didn't know who to talk who to talk to. Yeah, so so Doctorson, when we.

250 "BOS Commission Services" (416596992)

01:16:57.080 --> 01:17:12.245

We finish our inspections, we send you a list of medical issues that come up and we CC the SBC email on that so that this commission services can follow up with you. Right, but I got one last night that was.

251 "Sean Henderson MD" (1004264704)

01:17:12.245 --> 01:17:14.683

Just from SBC.

252 "BOS Commission Services" (416596992)

01:17:14.683 --> 01:17:17.889

I'd never gotten one before from just SBC so.

253 "Sean Henderson MD" (1004264704)

01:17:17.889 --> 01:17:21.469

But I just want to make sure I'm answering the right person.

254 "BOS Commission Services" (416596992)

01:17:21.469 --> 01:17:40.050

Yep, you are. Thank you. Yep. All right, so now on to number five, this is commissioners reports on detention facilities. We have quite a few reports to go through. We'll go through them fairly quickly and.

255 "BOS Commission Services" (416596992)

01:17:40.050 --> 01:18:00.050

Oh, I wanted to bring up with this note, we are going to be giving updates to the board of supervisors in terms of like a summary of each of these, on a, I believe monthly monthly cadence to the communications team under commission services under the.

256 "BOS Commission Services" (416596992)

01:18:00.050 --> 01:18:21.440

Executive office and if you could give your summary when you go through this of what does the board need to know about this infection? What are the major major major issues? You don't need to do a rundown, what? Like the themes. The the themes yep. You don't need to do a rundown of I walked through the building and I saw this and I talked to this, just give a immediate themes patterns, issues.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

257 "BOS Commission Services" (416596992)

01:18:21.440 --> 01:18:44.610

Is that we can report it to the 4th. Alright, so 1st is 24 November commissioner Miller commissioner Viral MCJ. And it's a while back if you can remember. I mean you all can read the report. I would just in the interest of time it would the whole watch commander thing was a little upsetting. Please, please mention that actually that's.

258 "BOS Commission Services" (416596992)

01:18:44.610 --> 01:19:04.610

We went in and checked in with the watch commander like we always do, said hello. I guess it was his 1st day and the other watch commander was not in there. They were like working together and it was really abrasive and he told us that he had been instructed that our.

259 "BOS Commission Services" (416596992)

01:19:04.610 --> 01:19:31.100

Inspection is to be escorted and that it would be videotaped with body warned cameras, and he told us that the the captain on duty had informed him to do that sorry to No, go for it. We then went to the No, well, I, we said, can we call you? Can we call the captain? I don't know how to work the phone ma'am. He literally said he did not know how to work before.

260 "BOS Commission Services" (416596992)

01:19:31.100 --> 01:19:51.450

So then go ahead. And and so, and I have to get a lot of credit to commissioner Barrell here. She persisted and said we'll go and speak to the captains. We went and spoke to the two captains, he said it had given an order to have us.

261 "BOS Commission Services" (416596992)

01:19:51.450 --> 01:20:07.560

Escorted and videotape, they said they did not give any such order. And so I, we asked them if, you know, he basically asked them if he had lied. Yeah. They give us a non response.

262 "BOS Commission Services" (416596992)

01:20:07.560 --> 01:20:24.180

But I want to be clear, he lied to us and somebody, one of us in, someone did. Yeah. And, anyway, the captains made sure that we got to do our inspection as normal, but.

263 "BOS Commission Services" (416596992)

01:20:24.180 --> 01:20:39.870

It was deeply inappropriate and it took, what, 15 min it just it feels, you know, it added, we had to go to the captain's office, they were having like a going away party.

264 "BOS Commission Services" (416596992)

01:20:39.870 --> 01:20:56.280

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Totally fine, but like we waited and then like they came out and then we walked, it was just it was And I understand that that it was his 1st day on Yeah, yeah, yeah. Again.

265 "BOS Commission Services" (416596992)

01:20:56.280 --> 01:21:13.140

Which is why it felt like he had been instructed because he doesn't know who we are, I mean he doesn't Or even if he wasn't instructed, the instant response was to treat us in a way that was aggressive and.

266 "BOS Commission Services" (416596992)

01:21:13.140 --> 01:21:28.260

You know, we had other folks when we went on that inspection in different points who who also engaged in what I would. Yeah, the 17th of the year they had similar.

267 "BOS Commission Services" (416596992)

01:21:28.260 --> 01:21:43.320

Mixed stories and so there's this very defensive, I would say just to be good about it, bullshitting that we get and then when a more sensible.

268 "BOS Commission Services" (416596992)

01:21:43.320 --> 01:21:58.440

Officer comes in, they then recognize that, you know, just, just like back and just let him do it. Yeah. Tell tell us what's going on and let us do it. But the initial response.

269 "BOS Commission Services" (416596992)

01:21:58.440 --> 01:22:13.890

Multiple times in that inspection was a misdirection from the from the multiple deputies, the watch commander on down. And again, sorry to take time here, but.

270 "BOS Commission Services" (416596992)

01:22:13.890 --> 01:22:29.340

We, we had, the, what is it under sheriff come in and tell us to report things and that, you know, the.

271 "BOS Commission Services" (416596992)

01:22:29.340 --> 01:22:45.630

The LESD chain of command could then take care of it. Well, when the watch commander themselves at the top of that chain of command in the jail is doing it, it's not a surprise to us when we go to 1750 and other officers do it as well. Thank you.

272 "BOS Commission Services" (416596992)

01:22:45.630 --> 01:23:05.630

I also want to point out in your report you've mentioned observing tenting and MCJ. Yes yes. Can we go to CRDF, Chairperson brought our commissioner Batchyf. This was 25 November. We already talked about the sexual assault piece of it brought up and the one piece of it Commissioner Botief.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

273 "BOS Commission Services" (416596992)

01:23:05.630 --> 01:23:28.410

Anything else you want to point out? Well, one thing I just wanted to note that in our agenda, it's actually listed that I think it's miss listed as commissioner had again it's actually commissioner Botsya. No, it's the only two this one? It's just above. It's where the formats are, it's confusing.

274 "BOS Commission Services" (416596992)

01:23:28.410 --> 01:23:44.010

Right. No, the thank you sorry about that. The only other thing I would note is just the the which was listed in our report is just.

275 "BOS Commission Services" (416596992)

01:23:44.010 --> 01:24:01.620

The dirtiness in which we like which we observed in the showers in both 2200, and I believe 21.

276 "BOS Commission Services" (416596992)

01:24:01.620 --> 01:24:16.740

2100, naps and flies and mold just all over the showers were obviously reported the watch commanders and.

277 "BOS Commission Services" (416596992)

01:24:16.740 --> 01:24:36.740

Which is sort of the extreme dirtiness that, that we saw which obviously resulted in the brown water that we we received you know from one of the women in the cells and I can't imagine that those things aren't interconnected that those bits are showing up in.

278 "BOS Commission Services" (416596992)

01:24:36.740 --> 01:24:58.730

Hours and then resulting in extremely selfy water coming out of the, the sink cell. Thank you. I know you have that is that the same location? That they're gonna go back to inspect? Yes. Okay. Great, thank you. Then we have MCJ, which was me Commissioner broader, and commission.

279 "BOS Commission Services" (416596992)

01:24:58.730 --> 01:25:21.680

Mr. Hennigan, this was November 28. Wasn't this day before Thanksgiving day after? Yeah, the day after. Yeah, yeah. Commissioner Heniggan is there anything you want to share? Just our major concerns, I mean continued dirt trash felt, smell and fire throughout the jail with reports of rodents and bugs. These included, this included a giant leak boltry a bolt.

280 "BOS Commission Services" (416596992)

01:25:21.680 --> 01:25:46.460

Sized trash can when we observed it was already cold water and overflowing in the hallway near near 3700 many cells without running water or only cold water or only hot water, the some of the gentlemen had like concocted this, you know, like rope and plastic bags to put water through the cells.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

281 "BOS Commission Services" (416596992)

01:25:46.460 --> 01:26:07.610

And then reports with NO follow follow up in grievances submitted and reports on very slow medical follow up along with you know all the other outlined issues in in the inspection report. We also heard at that visit about the cross gender shower. Yes.

282 "BOS Commission Services" (416596992)

01:26:07.610 --> 01:26:32.780

We get we spent a lot of time on the floor, with K6G yeah. And I also observed the boxes that they were using to that they kind of engineered to put up a wall and then there's a camera placed right directly in front of the shower that they were very concerned about as well as I think only like one or two toilets.

283 "BOS Commission Services" (416596992)

01:26:32.780 --> 01:26:59.960

Is working on the entire in that entire unit. So for how many people were the number? They also needed more chairs. They're a hundred and 42 people and two working toilets and only 20 chairs. And that's where they also eat their meals yeah thank you. Next we have immediate past chairperson Raymond Regulato and Commissioner Joanna.

284 "BOS Commission Services" (416596992)

01:26:59.960 --> 01:27:23.210

At Long Beach courthouse on 4 December. No major concerns just five toilets broken. Five toilets broken? Yeah. Five toilets broken, and there was someone touched the glass. However, it's not the it's it that we were told that the repairs aren't under the sheriff's department, the repairs are actually under the contractor.

285 "BOS Commission Services" (416596992)

01:27:23.210 --> 01:27:41.070

Which he said usually gets done within a week. Other than that, they just have a consistent role of people from all floors. Thank you. Are there any comments here about any of these reports? Open for public comment. All right.

286 "BOS Commission Services" (416596992)

01:27:41.070 --> 01:28:01.070

Oh, we did it. Are there any members so now we'll move on to virtual public comment. If there are any members of the public who wish you to provide public comment, please press director, use the raise hand feature. Okay, so we don't have any virtual public comments. Are there any.

287 "BOS Commission Services" (416596992)

01:28:01.070 --> 01:28:30.110

The in person members of the public who wish to provide public comment if so, can approach the table here, take your name for the record, you do have 2 min. Hey everyone, I'm Berkley. Thank you for your inspection reports over those last few months. I just wanted to also highlight what

Interviews that they need use of a game or crutches or a walker that they did not have that with them in their cell that they were assigned to a top bunk or one of the raised bunk beds in the in that row, which is not accommodating, you know, their needs. And so, you know, when the, it's noticeable that the ADA populations have grown much outside of actual designated ADA housing, but those folks still need to be accommodated regardless of where they're being housed.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

This group here and as members of the commission. The board offices are aware. Sorry, can you repeat that? What did you say about? This group here? Oh plus yes. Okay. Two current vacancies, so if you.

303 "BOS Commission Services" (416596992)

01:32:38.659 --> 01:32:41.759

Form our quorum count still remains at six. Yes.

304 "BOS Commission Services" (416596992)

01:32:41.759 --> 01:33:01.759

It does not change. So we would like to fill those vacancies with our supervisor offices. And then I I'm just going to announce that next month will be my last meeting. Mr. Miller, we are very, very, very sad to hear that.

305 "BOS Commission Services" (416596992)

01:33:01.759 --> 01:33:07.079

And, well, on that note also apologize for doing the job.

306 "BOS Commission Services" (416596992)

307 "BOS Commission Services" (416596992)

01:33:27.079 --> 01:33:43.979

Get those filled other than that means that only one of us can miss meetings after starting next month, we can only have one person missing or else we will not be able to have a meeting unless we fill those three spots.

308 "BOS Commission Services" (416596992)

01:33:43.979 --> 01:34:00.479

At the same time that does not preclude you from continuing your instructions and your work or of course right but they're just not public, which is the reports are still on public meetings. Thank you. So in two meetings, we have two meetings for that.

309 "BOS Commission Services" (416596992)

01:34:00.479 --> 01:34:20.479

I hope will get us we'll get people in these spots and get it filled, but do you want to reemphasize that that does not mean that the SDC is not actively proactively doing the work that the ordinance has charged you with, which is to ensure the conditions of confinement are meet the par for those incarcerated people and.

310 "BOS Commission Services" (416596992)

01:34:20.479 --> 01:34:24.089

311 "BOS Commission Services" (416596992)

01:34:24.089 --> 01:34:42.629

You should really just need to take that time and just, you know, accept that and keep moving this work forward. So what just I would just highlight, we do not ensure that conditions we do not highlight that.

312 "BOS Commission Services" (416596992)

01:34:42.629 --> 01:34:58.739

01:38:43.439 --> 01:39:03.439

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

Nine two. Go ahead, so we'll move to number three, item three discussions. Okay. Is that ok? Yeah, ok. So 1st we'll do election of the SBC chairperson for a chair.

328 "BOS Commission Services" (416596992)

01:39:03.439 --> 01:39:08.579

In beginning seven days ago and ending 31 December 2026.

329 "BOS Commission Services" (416596992)

01:39:08.579 --> 01:39:26.789

Are there any Are there any nominations up on the floor for nominate Hailey again? Yes. She has to be out of the office for an entire year so she immediately goes and she can get past your person. There's two terms.

330 "BOS Commission Services" (416596992)

01:39:26.789 --> 01:39:44.639

Council. You correct me if she can do that again, we'll have her run again. So you could do two terms assure, I asked her the same question, but they never got back to me council not her specifically for council. Can she run for another year?

331 "BOS Commission Services" (416596992)

01:39:44.639 --> 01:40:04.639

Oh, we do this well you figure that out, you know, obviously you can hold her accountable for the next month and at the event that that is not the case, then we'll just hold the election of the chair next month. Yeah.

332 "BOS Commission Services" (416596992)

01:40:04.639 --> 01:40:24.269

We can put it off till next year. Do you want to put it off? Put it off till next meeting, which is functionally the same thing. I'm just saying because I know there's an interest of time we're gonna use our lose our forum so we can hold her to the speed the chair that's stream before.

333 "BOS Commission Services" (416596992)

01:40:24.269 --> 01:40:39.449

Will that work council? Is that appropriate? That's fine. I'm still reviewing now in the next item, we can then come back to it. Okay, great, and then election of our vice chairperson. Do we have.

334 "BOS Commission Services" (416596992)

01:40:39.449 --> 01:40:57.419

The same issue isn't do we have any nomination from the 4th? Can we just know about the same issue? Sure. Well, the question is still interested in. Yep. Still counseled. I can review the same. I would nominate.

335 "BOS Commission Services" (416596992)

01:40:57.419 --> 01:41:14.189

Second. Okay, so we will pause for that.

336 "BOS Commission Services" (416596992)

01:41:14.189 --> 01:41:31.169

So we'll move to number item four. Which year.

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

337 "BOS Commission Services" (416596992)

01:41:31.169 --> 01:41:51.169

Item four miscellaneous public comment. Okay, sorry really quick before you move on to that may I just recommend that perhaps you will briefly review item ten since. We do have time for that. The report. Thank you. Yeah, we'll go back to to number.

338 "BOS Commission Services" (416596992)

01:41:51.169 --> 01:41:55.619

Actually do you wanna do number r9 quick and ten? We have time?

339 "BOS Commission Services" (416596992)

01:41:55.619 --> 01:42:13.379

Like 5 min. Ok, so 1st number nine was possible action on really. Thank you so much for being here. SPC minutes structure and use of transcript or assigning a commissioner at each meeting to write the minutes. One thing we were wanting to check on was who currently is writing the minutes.

340 "BOS Commission Services" (416596992)

01:42:13.379 --> 01:42:32.219

The team, but like during the meeting who's taking a transcript was taken by the computer. There is a transcript unless there's any sort of like you know internet or situation, you know. And then the team after the meeting reviews the transcript and makes.

341 "BOS Commission Services" (416596992)

01:42:32.219 --> 01:42:52.219

The make this into the audio to watch the video, we read the transcript and we take minutes and then is it is it then like reviewed or approved by internal process? We review it, I review it, management reviews it and then we send it out, we include.

342 "BOS Commission Services" (416596992)

01:42:52.219 --> 01:43:12.219

Council if there's anything including the executive officers, anything that pops up anytime between then and out then then and that and the time of the posting of the agenda, and that's the one that's attached to the agenda as the draft and then from there obviously you all have from the time of the of the agenda to review, if you'd like to make changes remarks, amendments.

343 "BOS Commission Services" (416596992)

01:43:12.219 --> 01:43:32.659

This is the perfect time to do so, and so that's really the process in general for all communities and commissions to you know their their minute process opportunity for everyone, including the public, which is something they did say, hey, by the way, this seems was inaccurate or we you know the actions are gonna happen even the computer doesn't always capture people's names well.

344 "BOS Commission Services" (416596992)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

01:43:32.659 --> 01:43:41.219

Or may mistakenly say or whatever the case maybe. So that's really the process currently.

345 "BOS Commission Services" (416596992)

01:43:41.219 --> 01:43:59.459

There are commissions that do use, transcript and attach them. What has been found to be a challenge is that when people want to know what the emphasis of something is or what things are really sticking out and you gotta read through possibly, you know.

346 "BOS Commission Services" (416596992)

01:43:59.459 --> 01:44:19.459

20 or so pages, this is this this meeting usually goes three, three times 4 h, and so to read through that, I mean one of the discussion was really the outcome, you know, or the status of something. So we know that the discussion is the agenda item that's spelled out, that's why the agenda items need to be very explicit and clear, and then from there.

347 "BOS Commission Services" (416596992)

01:44:19.459 --> 01:44:38.699

What from that discussion did you learn? Opt out was emphasized, you know, but if any of that change, I mean, you're welcome to it. Can can I just ask thank you can I just ask assigning the commissioner in each meeting to write the minutes that basically means that someone's taking notes.

348 "BOS Commission Services" (416596992)

01:44:38.699 --> 01:44:58.699

And then having to go in and like clean it up and summarize it. I'm just gonna say like I think we're all very stretched very thin and so, you know, I know we may have some edits to the minutes, but I, I think the way we've been recording, you know, the way staff is very generously stuffed up to do it.

349 "BOS Commission Services" (416596992)

01:44:58.699 --> 01:45:00.599

And the summarization.

350 "BOS Commission Services" (416596992)

01:45:00.599 --> 01:45:20.599

Is very helpful and probably a more efficient use of time than having a commissioner step in to do it. Can I ask that when you send out the draft to county council, to executive officers review, do you just send it to the whole commission? Sure. Absolutely. Also, it's if we say like for this to be highlighted in the minutes.

351 "BOS Commission Services" (416596992)

01:45:20.599 --> 01:45:23.609

During the meeting is not necessary to ensure like.

352 "BOS Commission Services" (416596992)

01:45:23.609 --> 01:45:43.609

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

I remember one time I like someone yeah which ultimately it all is. I'll tell you why. If you look at the minutes now, there's the the Yeah, every set of minutes the audio is attached. Okay. And when you go and look at the audio, you have access to the same.

353 "BOS Commission Services" (416596992)

01:45:43.609 --> 01:46:03.609

Okay so unless there's any sort of technical circumstance that prevent pre prevents us or, you know, from capturing that, you know, that's out of our hands at that point. And so what we try to take live you know notes. We haven't staff watching from the building, hey, the sounds working, and this is gone, you know, like.

354 "BOS Commission Services" (416596992)

01:46:03.609 --> 01:46:23.689

So, everything that we have, the public also has access to. Can we just close which is likely why people catch any yeah are we good to close this item? Yes. Okay yeah so are there NO changes to the current sites, please send it to all commissioners. And so after discussion the commission agreed that we will continue the.

355 "BOS Commission Services" (416596992)

01:46:23.689 --> 01:46:27.359

Usually and well.

356 "BOS Commission Services" (416596992)

01:46:27.359 --> 01:46:47.359

Send out the draft meetings to everyone prior to the posting of the agenda. As they send it to the county council and executive, just that and and we'll be more diligent about the specific things that we really want to make sure get into the meeting. No minutes. Great. Thank you. Public comment? Right. Is there any members of the public.

357 "BOS Commission Services" (416596992)

01:46:47.359 --> 01:46:51.659

Comment please press star three for using a smart device computer raise hand feature.

358 "BOS Commission Services" (416596992)

01:46:51.659 --> 01:47:07.739

Okay, for the record there are NO virtual public comments. We did not receive any written public comments. Are there in in person members of the public present for in person public comment? No chair. For item number ten commissioner Ducks.

359 "BOS Commission Services" (416596992)

01:47:07.739 --> 01:47:27.659

Is there, are we good to just are we gonna just do a vote or not I think we wanna change it. So can I make a motion that the ad hoc committee that is doing the annual report takes a few minutes to review the 2026 priorities as well?

360 "BOS Commission Services" (416596992)

**TRANSCRIPT FOR THE REGULAR MEETING OF THE
SYBIL BRAND COMMISSION FOR INSTITUTIONAL INSPECTIONS
JANUARY 8, 2025**

01:47:27.659 --> 01:47:47.659

Second. Okay, can I ask, are we, are we as a group going to, are these, these are these are drafted goals. These are previous year goals. These are previous year goals and then is the action then at the next meeting would decide whether we're gonna modify those goals for the upcoming. Correct.

361 "BOS Commission Services" (416596992)

01:47:47.659 --> 01:48:07.659

I thought the result that that ad hoc is gonna meet and make edits and that's what comes to us. Yes, That's what I'm. Yeah. Because these goals, the way I see it is the goals that are listed here are gonna kind of be the template for the annual.

362 "BOS Commission Services" (416596992)

01:48:07.659 --> 01:48:23.669

And then me as a group should decide what our goals are for that. Love it, so we're gonna skip ten. Okay, so now taking public. Correct. All right.

363 "BOS Commission Services" (416596992)

01:48:23.669 --> 01:48:39.479

I'm just gonna read part of it to emphasize the importance of the work that SBC is doing and to, you know, continue what we're doing and how much it.

366 "BOS Commission Services" (416596992)

01:49:16.039 --> 01:49:18.209

Commissioner, can I just ask about the next meeting?

369 "BOS Commission Services" (416596992)
01:49:58.209 --> 01:50:06.479

Via email I know I can't attend. So I just want to make sure that we So 5 February Pooja cannot attend.

01:50:06.479 --> 01:50:26.479

375 "BOS Commission Services" (416596992)
01:51:19.709 --> 01:51:39.709

Frankly, the bulk of our work and the more important thing, but I'm concerned that if we don't have the meetings, there is not a manner that these inspection reports become public until we have a meeting so if we miss two meetings when I do inspection today, it doesn't get public until April. Yeah. So I want to make sure that my inspection I do.
