122. Narrative Report

5800

LGBTQI+ classified dorm (K-6)

Access:

Commissioners knocked three times before a Deputy answered to let us in

No grievance forms available

A security check happened while Commissioners were present and it was very fast and the staff did not look in tented bunks.

There is no vending machine in this dorm. There are some in the hallways but because of their classification they do not get to access it very often.

Showers/Phones/TVs:

9 shower heads in total and only 3 work (only 1 consistently works)

Observed water pressure and temp on those 3 were okay

Observed black mold in shower on the floor and in the light fixtures

One of the metal coverings on the wall in the showers is missing

One person made a request for partitions in the showered so a shred of privacy

2 of 5 phones have a short in their cords

2 TVs working

Blankets:

Multiple individuals complained of being low on blankets and receiving them once every 6 months

Medical Attention:

Menstrual products were not made available and individuals have not received hormone treatments. Extreme physical pain was noted by multiple individuals that had not gone addressed by medical or prescriptions for immediate physical needs were not filled. These individuals issues were reported by the Commissioners to the Watch Commander.

Cleaning:

Individuals complained of the lack of cleaning supplies and a makeshift broom with a plastic handle and two socks was created to clean the floors.

EBI/Conservation Credits:

The module reported access to EBI high school classes were lost in February when one participant was close to completion. They ended it because there were not enough people enrolled in the LGBTQ specific class offering in which only individuals from 5800, 9400, and 5900 are able to attend. Despite the 6:30 - 7:30am class time, enrollment was thought to be low because people get out causing the class numbers to drop. The person who was enrolled and close to finishing shared that there were about 5 people enrolled before they cancelled the program mid-completion.

Multiple individuals spoke about the lack of access to conservation credits. The staff feel it is unsafe for them to be trustees from a safety perspective, because of their classification, however they are porters and do jobs in their dorm that they feel also deserve credits. A result of not having trustees in the module is that food has been cut by other trustees and individuals don't get their full meals based on whether or not they are in favor with the trustee. One individual was getting food they were allergic to in their meals, which could cause a major physical threat to the person if consumed.

Crowding:

3 people were sleeping on mattresses on the floor because the dorm was overcrowded

123. Narrative Continued

9400

Food:

Multiple individuals were not receiving special diets that were requested as a result of physical illness

Treatment:

Multiple individuals complained of the specifically anti-LGBTQ language used by deputies towards them in the module, specifically from female deputies.

Mattresses/Sheets/Blankets:

The was a torn apart mattress in pieces observed in the module

At least 1 bunk was missing a mattress.

They did report that that they get a linen swap once a week, however this is mainly just for sheets and they do not receive new blankets regularly. Blankets were not changed out for 9 months at a time.

Vending Machine/Phones/TV:

The module's vending machine was broken and multiple individuals have money on cards they could not use as a result

4 out of 6 of the phones do not work and one has exposed wires. The back tv is broken

Only one table and a few chairs (3) are made available for the entire module

Toilets:

Of the 10 sink/toilet combos 2 have enough water pressure to use the sink portion. Some of them have an issue where the sink spout goes off if the toilet is flushed.

The entire urinal doesn't work and hasn't worked for some time.

Trustees:

There was an issue with designated individuals in the dorm given out breakfast and lunch, making it so some people get twice the food and others only get to eat dinner when the sheriffs pass out the food.

Cleaning:

Maintenance was occurring on the pipes and they turned the water off without notice to the dorm residents leaving some people in mid water before they did the work. Once they did turn it back on, sewage water exploded into the restroom area while some individuals were sitting on toilets. The area had been bleached by the time of the inspection.

Cleaning supplies were severely missing, including scrubbers for the toilet, additional brooms and cleaning spray bottles

The vents were very dirty.

One person complained of coughing black phlegm

One person shared frustration that the haircut kit was missing pieces

Access:

A transwoman incarcerated person shared with us that they do not let her order from the women's section of commissary. And that they do not always bring female undergarments for her every linen swap

Had to ask for inmate request forms and medical request forms because they were not in the dorm

124. Narrative Continued

125. Narrative Continued

Court Tanks (Old ORC, 4000)

Graffiti was present in cell 4

Some shared it sometimes takes 4 hours to get back to their dorm

Cell 5 did have soap but not have any toilet paper despite there being 16 men in that cell already and more coming in still

The other 3 cells did not have soap with their toilets

Cell 25 had trash and cereal on the floor

They complained that dinner is consistently cold and special needs for food are not being addressed
