81. **Facility/Maintenance COMMENTS RE:** Back Log Unfilled Order(s)

Overall facility maintenance is satisfactory. However, it was brought to our attention that the time it takes to get repair orders filled takes an unreasonable amount of time in some cases. A cracked glass in a cell used to house a female has had a repair request in for an unreasonable amount of time. Maintenance request situations such as this are common at many holding facilities at stations and courthouses as relayed by staff.
