**19. January 2025 Windstorm and Critical Fire Events Bi-Weekly Emergency Contracts Report**

Recommendation: Review the emergency actions ordered and taken by the Director of Internal Services, under delegated authority by the Board, acting as both the County and the Governing Body of various Districts, under Board Order No. 13-C of January 28, 2025, to respond to and recover from the January 2025 Windstorm and Critical Fire Events, including the Palisades Fire, Eaton Fire, Hurst Fire, Kenneth Fire, and multiple other fires (LA County Fires) (1, 3 and 5) and actions enumerated in the aforementioned authorities (Actions), without giving notice for bids to let contracts, and determine that there is a need to continue the emergency Actions; find that there is substantial evidence that the January 2025 Windstorm and Critical Fire Events continue to constitute an emergency pursuant to Public Contract Code Section 22050, which requires that immediate action be taken to clean and reconstruct public property, buildings, facilities, and infrastructure because the emergency does not permit the delay resulting from a formal competitive solicitation of bids and/or proposals to procure construction, materials, equipment and services for projects and initiatives necessary to respond to and recover from the LA County Fires; and find that authority should, therefore, continue to be delegated to the Director of Internal Services to amend or extend and supplement existing as-needed or on-call contracts without giving notice for bids to let contracts related to facilities and related support services, and to award new contracts for response to and recovery from the LA County Fires, and such contracts should be issued because they are necessary to respond to the emergency. **(Internal Services Department) 4-VOTES** (25-1148)

**36. January 2025 Windstorm and Critical Fire Events Bi-Weekly Emergency Contracts Report**

Recommendation: Review the emergency actions ordered and taken by the Director of Public Works, under delegated authority by the Board, acting as both the County and the Governing Body of various Districts, under Board Order No. 13-C of January 28, 2025, to respond and recover from the January 2025 Windstorm and Critical Fire Events, including the Palisades Fire, Eaton Fire, Hurst Fire, Kenneth Fire, and multiple other fires (LA County Fires) (3 and 5), and actions to repair or replace public facilities, actions directly related and immediately required by the emergency, and actions to procure the necessary equipment, services and supplies for such purposes (Actions), without giving notice for bids to let contracts, and determine that there is a need to continue the emergency Actions; find that there is substantial evidence that the January 2025 Windstorm and Critical Fire Events continue to constitute an emergency pursuant to Public Contract Code Section 22050, which requires that immediate action be taken to cleanup and reconstruct public property, buildings, facilities, and infrastructure because the emergency does not permit the delay resulting from a formal competitive solicitation of bids to procure construction services for projects necessary to respond to and recover from the LA County Fires; and find that authority should, therefore, continue to be delegated to the Director of Public Works to amend or extend and supplement existing as-needed or on-call contracts without giving notice for bids to let contracts, and to award new contracts for response to and recovery from the LA County Fires, and such contracts should be issued because they are necessary to respond to the emergency. **(Department of Public Works) 4-VOTES (25-1149)**
