4. Advancing a Community Opportunity to Purchase Act Program for Unincorporated Los Angeles County

Revised recommendation as submitted by Supervisors Solis and Mitchell: Direct the Director of Consumer and Business Affairs (DCBA), in collaboration with County Counsel, the Executive Director of the Los Angeles County Development Authority (LACDA), Assessor, and other relevant departments and key stakeholder engagement, including, but not limited to, property associations, landlords, tenant advocates, affordable housing developers and tenants, to return to the Board with a recommended Community Opportunity to Purchase Act (COPA) Program ordinance in 180 days for consideration, based on the recommended framework outlined in the 2023 DCBA and HR&A report back, any other updated information and the 2026 reassessment report (as outlined in Directive 2 of this motion) to implement a COPA Program with a phased approach for a potential Tenant Opportunity to Purchase Act (TOPA) Program in the future. The recommended COPA ordinance will be informed by the updated recommended policy framework that will be developed by DCBA in parallel with the development of the COPA ordinance. Direct DCBA to develop and implement a public education and outreach strategy, with specific strategies for reaching landlords and potential qualified purchasers, to provide advance notice of any adopted COPA requirements, timelines, and compliance obligations. Direct DCBA, in collaboration with LACDA, Assessor, other relevant departments, and Qualified Mission Driven Purchasers to report back to the Board in writing in 120 days on a reassessment of its 2023 TOPA report, considering any lessons learned from LACDA programs and recommendations for a proposed COPA ordinance and Program in the unincorporated areas of the County that at minimum will include the following parameters:

Focus on residential sales of properties with 5 or more units.

Include the sale of mobile home parks.

Explore options for providing mission-driven qualified purchasers with the Right of First Offer and the Right of First Refusal.

Explore options for determining Fair Market Offers.

Establish a platform or mechanism for registering all properties subject to the recommended COPA ordinance to monitor sale transactions and enforce the provisions of the ordinance.

As part of the registration platform identified, all relevant notices related to the properties (County to property owners, property owners to County, and County/COPA Program to qualified mission-driven purchasers) should be included and made accessible.

Develop procedures for the implementation and enforcement of a proposed COPA Program and ordinance.

Include budgetary and staffing considerations for the implementation of an ordinance.

Establish a process to certify qualified mission driven purchasers that would be eligible to purchase properties subject to a proposed COPA Program and ordinance for the purpose of preserving affordable housing in the County.

Establish a process to notify qualified mission driven purchasers when a property subject to a proposed COPA Program and ordinance is available for purchase.

Include the following criteria to certify qualified mission driven purchasers: ensure the qualified entities are committed to working with tenants on the governance of the property; exploring tenant-ownership when feasible and desired by tenants; developing long-term affordable housing and ensure such purchasers have the long-term organizational experience, capacity and financial viability to operate such properties.

Explore alternative acquisition, predevelopment and rehabilitation funding tools that can be leveraged to support COPA Program including, but not limited to, and to the extent programmatically permissible and feasible the LA County Housing Innovation Fund II, and the DCBA and LACDA First Time Homebuyer Assistance programs.

Direct the Chief Executive Officer, in collaboration with DCBA, LACDA, and other relevant departments, to identify and report back to the Board in writing in 180 days on potential funding sources to support the implementation of a COPA Program for the unincorporated areas of the County. This shall include identification of necessary bridge funding for the initial development of the COPA Program and ordinance, as well as resources to support first-year start-up and

ongoing program costs, including administration of a COPA Program and creative ways to provide community education and outreach on an adopted COPA ordinance and Program. The report back shall also identify County and externally available resources and programs that could support COPA Program and ordinance implementation, including the programs and funding administered by the Los Angeles County Affordable Housing Solutions Agency (LACAHS) as recommended in the reassessment report from Directive 2 above, and assist eligible entities in pursuing or completing property acquisition. Recommendations should be aligned with the Fiscal Year 2026-27 Supplemental Changes budget phase and/or the following appropriate budget phase thereafter, as needed, to support COPA Program implementation.

Grant delegated authority to DCBA to enter into or amend as necessary, agreements with consultants to carry out the directives outlined in this motion, waiving the requirements of Board Policy No. 5.100. (26-3939)

Rafael Carbajal, Director of Consumer and Business Affairs, Manuel Ruiz, Chief, Policy Division, Department of Consumer and Business Affairs, and Emilio Salas, Executive Director of the Los Angeles County Development Authority, responded to questions posed by the Board.

Supervisor Mitchell instructed the Director of Consumer and Business Affairs to include in the report back to the Board, an assessment of two options raised by property owners in apartment associations: co-listing properties on the open market while providing simultaneous notice to tenants and mission-driven organizations, and allowing the County to serve as an eligible purchasing entity.

15. January 2025 Windstorm and Critical Fire Events Bi-Weekly Emergency Contracts Report

Recommendation: Review the emergency actions ordered and taken by the Director of Public Works, under delegated authority by the Board, acting as both the County and the Governing Body of various Districts, under Board Order No. 13-C of January 28, 2025, to respond and recover from the January 2025 Windstorm and Critical Fire Events, including the Palisades Fire, Eaton Fire, Hurst Fire, Kenneth Fire, and multiple other fires (LA County Fires) (3 and 5), and actions to repair or replace public facilities, actions directly related and immediately required by the emergency, and actions to procure the necessary equipment, services and supplies for such purposes (Actions), without giving notice for bids to let contracts, and determine that there is a need to continue the emergency Actions. Take the following actions: **(Department of Public Works)**

Find that there is substantial evidence that the January 2025 Windstorm and Critical Fire Events continue to constitute an emergency pursuant to Public Contract Code Section 22050, which requires that immediate action be taken to cleanup and reconstruct public property, buildings, facilities, and infrastructure because the emergency does not permit the delay resulting from a formal competitive solicitation of bids to procure construction services for projects necessary to respond to and recover from the LA County Fires.

Find that authority should, therefore, continue to be delegated to the Director of Public Works to amend or extend and supplement existing as-needed or on-call contracts without giving notice for bids to let contracts, and to award new contracts for response to and recovery from the LA County Fires, and such contracts should be issued because they are necessary to respond to the emergency.
