17. Ensuring Measure B Funds Are Put to their Highest and Best Use

Recommendation as submitted by Supervisor Mitchell: Direct the Chief Executive Officer, in consultation with the Director of the Department of Health Services, the Director of the Department of Public Health and the Emergency Medical Services Agency, the Fire Chief, the Hospital Association of Southern California (including representatives from both trauma centers and emergency hospitals with high Medicaid volumes), and other relevant provider stakeholders to retain a consultant to study the impacts of the County's current allocation of Measure B funds to non-County trauma hospitals to ensure that future Measure B resources are allocated in a manner that maximizes public benefit, including any potential federal fund matching opportunities, strengthens both the regional trauma and emergency services system, and aligns with the intent of the voters. At a minimum, the study should:

Prioritize preserving a financially stable, accessible, and sustainable regional trauma and emergency services system;
Identify strategies that maximize the public benefit of Measure B investments while strengthening trauma and emergency care for vulnerable populations;

Consider financial vulnerabilities, including disproportionate impacts of H.R.1, and impacts on hospitals with high Medicaid payer mixes and uninsured volumes;

Consider the fiscal health of both each individual eligible hospital and the multi-hospital system that it is part of (including cash reserves, days of cash on hand, unrestricted net assets, operating margin, and reimbursed trauma care, including through private insurance, etc.) when distributing taxpayer dollars;

Align investments to community need and to better serve the most vulnerable populations, including, but not limited to, populations impacted by disproportionate disease burdens or extreme environmental hazards; and

Evaluate how any recommended changes to Measure B allocations could be implemented in a manner that maintains the integrity of the trauma care system, including consideration of any phased implementation, transition periods, or other mitigation strategies where appropriate.

Direct the Chief Executive Officer and consulting departments to report back in 180 days with recommendations to inform the prospective ongoing non-County Measure B allocation formula. (26-4243)

24. January 2025 Windstorm and Critical Fire Events Bi-Weekly Emergency Contracts Report

Recommendation: Review the emergency actions ordered and taken by the Director of Internal Services, under delegated authority by the Board, acting as both the County and the Governing Body of various districts, under Board Order No. 13-C of January 28, 2025, to respond to and recover from the January 2025 Windstorm and Critical Fire Events, including the Palisades Fire, Eaton Fire, Hurst Fire, Kenneth Fire, and multiple other fires (LA County Fires) (1, 3 and 5) including actions enumerated in the aforementioned authorities (Actions), without giving notice for bids to let contracts, and determine that there is a need to continue the emergency Actions; find that there is substantial evidence that the January 2025 Windstorm and Critical Fire Events continue to constitute an emergency pursuant to Public Contract Code Section 22050, which requires that immediate action be taken to cleanup and reconstruct public property, buildings, facilities, and infrastructure because the emergency does not permit the delay resulting from a formal competitive solicitation of bids and/or proposals to procure construction, materials, equipment and services for projects and initiatives necessary to respond to and recover from the LA County Fires; and find that authority should, therefore, continue to be delegated to the Director of Internal Services to amend or extend and supplement existing as-needed or on-call contracts without giving notice for bids to let contracts related to facilities and related support services, and to award new contracts for response to and recovery from the LA County Fires, and such contracts should be issued because they are necessary to respond to the emergency. **(Internal Services Department)**

Community Services**28. January 2025 Windstorm and Critical Fire Events Bi-Weekly Emergency Contracts Report**

Recommendation: Review the emergency actions ordered and taken by the Director of Public Works, under delegated authority by the Board, acting as both the County and the Governing Body of various Districts, under Board Order No. 13-C of January 28, 2025, to respond and recover from the January 2025 Windstorm and Critical Fire Events, including the Palisades Fire, Eaton Fire, Hurst Fire, Kenneth Fire, and multiple other fires (LA County Fires) (3 and 5), and actions to repair or replace public facilities, actions directly related and immediately required by the emergency, and actions to procure the necessary equipment, services and supplies for such purposes (Actions), without giving notice for bids to let contracts, and determine that there is a need to continue the emergency Actions. Take the following actions: **(Department of Public Works)**

4-VOTES

Find that there is substantial evidence that the January 2025 Windstorm and Critical Fire Events continue to constitute an emergency pursuant to Public Contract Code Section 22050, which requires that immediate action be taken to cleanup and reconstruct public property, buildings, facilities, and infrastructure because the emergency does not permit the delay resulting from a formal competitive solicitation of bids to procure construction services for projects necessary to respond to and recover from the LA County Fires.

Find that authority should, therefore, continue to be delegated to the Director of Public Works to amend or extend and supplement existing as-needed or on-call contracts without giving notice for bids to let contracts, and to award new contracts for response to and recovery from the LA County Fires, and such contracts should be issued because they are necessary to respond to the emergency. Revised recommendation as submitted by Supervisors Hahn and Solis: Suspend Section 22.1 of the Rules of the Board for the limited purpose of considering this motion. Declare Los Angeles County a Purple Heart County, honoring all members of the United States Armed Forces who have been wounded or killed in action while serving our nation.

Adopt a resolution declaring Los Angeles County a Purple Heart County.

Instruct the Director of Military and Veterans Affairs, in consultation with the Chief Executive Officer and the Military Order of the Purple Heart, to develop appropriate recognition opportunities, including the installation of Purple Heart County signage at key County entry points and facilities, subject to available funding and applicable permitting requirements.

Instruct the Director of Military and Veterans Affairs to work with the Military Order of the Purple Heart and local veterans organizations to identify opportunities to recognize Purple Heart recipients through annual commemorative events, educational outreach, and veterans recognition ceremonies.

~~Relocate the statue of General George Washington from the Lincoln Room on the second floor of Bob Hope Patriotic Hall to the Purple Heart Inn located in the basement of the facility. The relocation shall be executed with appropriate care for the historic artifact, including professional conservation assessment, secure and dignified installation, and the addition of interpretive signage that explains the thematic connection between General Washington's leadership and the sacrifices of combat-wounded veterans recognized by the Purple Heart.~~

Design, fabricate, and install a dignified plaque, memorial wall, or other appropriate permanent honorific display in the Purple Heart Inn that honors every Purple Heart recipient who is a resident of Los Angeles County. The

design shall provide for the comprehensive and respectful recognition of all such recipients, with consideration given to verification processes, privacy protections for living recipients where appropriate, sustainability, and the capacity for future additions or updates as new recipients are identified.

Develop a comprehensive implementation plan that includes proposed design concepts, fabrication and installation specifications, a detailed timeline, cost estimates, potential funding sources (including departmental resources, private philanthropy, grants, or other appropriate mechanisms), and identification of any required approvals or permits.

This directive recognizes the profound significance of placing the image of our nation's founding military commander in the space dedicated to Los Angeles County's combat-wounded veterans, while creating a lasting and comprehensive tribute to every Purple Heart recipient from our community. The Author's intent is that these actions will strengthen Bob Hope Patriotic Hall's role as a premier center for honoring military service and sacrifice.
