

MOTION BY CHAIR HILDA L. SOLIS

November 9, 2016

Community Participation Report Back

It is a priority for this Board to evaluate our portfolio and consider options for using our assets and investments to serve the greater economic good of the County. With a number of such projects currently being developed on County property, it is equally important to have an understanding of how to insure that the community participates in these projects and has a seat at the table in defining community benefits. The Chief Executive Office and the Community Development Commission have developed today's report with suggestions on how we might incorporate more community participation.

I THEREFORE MOVE THAT THE BOARD OF SUPERVISORS:

Direct the CEO to report back in 120 days with an implementation plan developed by the Economic Development Policy Committee that would expand upon these recommendations for community participation in County economic development projects for the Board to consider adopting.
