The AAPI and NHPI communities only want to be able to live, work, and play in a safe environment and not ask for any special privileges available to all residents in our nation.General Public CommentPlease support this item and if possible, please look into collaborating with the county offices of the Sheriff and of the DA to take action when the perpetrators are brought to justice. When a violent action has resulted from hate incidents, there needs to be criminal consequences or else the perpetrators will continue to assault other innocent victims. Although our community is the 2nd largest minority community in the LA County, County resources have sorely underserved our communities in staffing, outreach, programming resources and funding. Thus this initiative to study and resource our communities equitably is an exciting, historic first step. We ask for language translations and access including staffing. We also ask for capacity building of our faith communities who play a vital role in underserved communities. Finally, we ask that the community's voice be part of the study and even play a role in the research team. Thank you again for this historic first step.

What are their sources, in individuals and in culture? We have clues: When a white person told an African American that he had beaten him because he didn't want the freedom marches to continue and succeed because then it wouldn't mean anything to be white anymore, he was telling a story of torment and weakness in sense of self. We may be obliged to impose physical control on the person, but know that he has a story, and he was passing along some form of persecution that arose from it, and was fed by a social disease.

We are a consortium of 40 Asian American Pacific Islander non-profits in Los Angeles that serve the over one and a half million residents of Asian American descent in our County. We urge the board to adopt this motion to allow for the ARDI workgroup to provide you recommendations and strategies on how to address hate and violence directed towards our AAPI community, and provide support in the county's equity work priorities. A3PCON co-founded Stop AAPI Hate, the nation's leading aggregator of Anti-Asian hate incidents and crime. Since March of last year, we have recorded nearly 4,000 hate-incidents and crimes against our community with 358 incidents occurring in LA County. Ten percent of these incidents have involved physical assault. We have seen a 155% increase in reported mental health impacts affecting our community members due to the rise in Anti-Asian hate since the beginning of the pandemic. We urge the County's Anti-Racism, Diversity, and Inclusion initiative to address these issues. Thank you.

Good morning , thank you supervisors and know you are appreciated.

Ariel Pe City of Lakewood
Item 5

Honorable Chair Solis and Members of the Board, thank you for the opportunity to speak in full support of Item #5 this morning. I applaud Supervisors Hahn and Mitchell for their leadership in doing more for the AAPI/HI communities, given the increased violence and hate against these communities. As a Filipino-American council member for the City of Lakewood, I directly feel the pain that members of these communities are enduring. In response to the recent incidents and to last summer's events, the City Council formed the city's first Readiness, Equity, Diversity and Inclusivity committee, of which I have the honor to serve as a member, to help our community understand and heal through conversations and recommendations that the city can implement. The motion being considered this morning fully aligns with our city's goals that welcomes everyone, regardless of the color of their skin or where they come from. Therefore, the City of Lakewood supports Item #5.

I am speaking in favor of #5 and #55A

My name is Kitty Twu, I am a member of East San Gabriel Citizens Against Crime. I am a resident of Hacienda Heights for 50 years. Life has been good until lately, we have been suffering from increased criminal activities and hate crimes targeted at Asian Americans. I am a senior Asian American， an easy target for hate crimes and robberies. I don't feel safe to goshopping， buying groceries and conduct other daily activities.

I really appreciate Supervisor Hahn's timely motion to enhance L A County's effort to address anti-Asian racist issues... I am confident this initiative will provide education and awareness for people to respect each others, to create a L A county in which we all can enjoy living. Thank you all..

Subject: Diamond Bar in Support of Agenda Item #5

Good morning Chair Solis and Board of Supervisors,

My name is Nancy Lyons and I am the current Mayor of Diamond Bar. I wanted to speak this morning in support of Agenda item # 5. Diamond Bar as you know has a high Asian population. Asians and others have been discriminated against and have been the victims of hate crimes and bigotry.

The Diamond Bar City Council is so concerned about this that we put a *Presentation* as opposed to a *Proclamation* on our agenda tonight. Each Council member will read a portion of the proclamation as we stand united in condemning discrimination, etc

We are in support of Agenda Item # 5 as it furthers our goal of advancing equity and justice for all people and stand against those who preach hate and incite violence.

Nancy Lyons
Mayor of Diamond Bar

PROCLAMATION
"CONDEMNING DISCRIMINATION, HATE AND BIGOTRY IN ALL FORMS"

NANCY

WHEREAS, the First Amendment to the Constitution established the United States as a country committed to the principles of tolerance and religious freedom, and the Fourteenth Amendment to the Constitution established equal protection of the laws as the heart of justice in the United States; and

WHEREAS, adherence to these principles is vital to the progress of the American people and the diverse communities of the United States; and

ANDREW

WHEREAS, discrimination, oppression, hate, bigotry, and racism threaten democracy, and have no place in our society. Persecution of any American is an assault on the rights and freedoms of all Americans; and

STAN

WHEREAS, a number of groups have been exploited and persecuted with verbal attacks, incitement, and violence, including African Americans, Latinos, Native Americans, Asian Americans, Pacific Islanders, and other people of color, as well as Jews, Muslims, Hindus, Sikhs, other religious groups, the LGBTQ community, immigrants, and others; and

STEVE

WHEREAS, since the beginning of the coronavirus pandemic, Asian Americans have been forced to endure demeaning and disgusting acts of bigotry and hate, consisting of everything from verbal assaults to physical attacks, some even blaming Asian Americans for the spread of the coronavirus. This increase in violence and hate crimes has resulted in a rise in fear and instability within our community; and

RUTH

WHEREAS, all Americans have a stake in fighting every form of discrimination, hatred, and bigotry and the City of Diamond Bar supports and seeks to protect all of its residents no matter their ethnicity, race, faith, sexual orientation, or gender.

NOW, THEREFORE, BE IT RESOLVED, that the City of Diamond Bar City Council wholeheartedly rejects and condemns discrimination, hate and bigotry in all forms against anyone because of their race, religion, nationality, and gender, as this is contrary to the values of the United States; and

NANCY

BE IT FURTHER RESOLVED that the City of Diamond Bar City Council is proud to support and is committed to protecting all Diamond Bar residents, regardless of their ethnicity, race, religion, sexual orientation, or gender. We are committed to advancing equity and justice for all people and stand against those who preach hate and incite violence, and encourage all persons to live up to the transcendent principles of tolerance, religious freedom, and equal protection as embodied in the First and Fourteenth Amendments to the Constitution.

========== this is my comments that I prepared to speak at Address to the Board this morning: Word file is also attached=====

Good morning, the board of supervisors Chair Solis, Supervisors of the Board. My name is Cary Chen, I am the Board President of Rowland Heights Chinese Association. Thank you for offering me the opportunity to speak this morning. I am representing 38,000 Asian Americans in Rowland Heights community to support agenda item number 5.

Throughout the COVID-19 pandemic, the rise in anti-Asian sentiment has increased rampantly with nearly 3,800 anti-Asian racist incidents reported between March 2020 to March 2021. Not only are there many incidences, but also extremely violent occurrences as seen with the recent shootings. Supervisor Hahn's initiative is the solution that will stop hate and improve relationships across communities and rebuild the confidence and trust, bring back love and peace. I urge you to vote yes on agenda item #5. I yield my time. Thank you.
