

MOTION BY SUPERVISOR KATHRYN BARGER

OCTOBER 19, 2021

COMMUNITY HEALTH WORKER APPRECIATION DAY IN LOS ANGELES COUNTY

National Community Health Workers Day celebrates the vital efforts and commitment of Community Health Workers (CHW) and health promoters who work within their communities and neighborhoods to help people meet their health and mental health care needs. CHW and health promoters provide linkages and access to mental health and health resources and are committed to assisting people in a compassionate and culturally competent manner. By educating and communicating with neighbors and communities about resources that are available to them, CHW and health promoters play a crucial role in achieving the ultimate goal of providing adequate health care for all Los Angeles County community members.

I, THEREFORE MOVE, that the Board of Supervisor proclaims October 21, 2021 as Community Health Worker Appreciation Day in Los Angeles County to raise public awareness and celebrate the work that Community Health Workers do to inform and support the communities of Los Angeles County.
