			Rachelle Paniccia	How dare you ban other states in our 50 state nation. This is government over reach because of personal feelings. Public does not want this. This is a prejudice amendment. Ruling in favor shows your true teyannical colors.

4.		Other	Halle Schaffer	<p>Recent policies by Texas and Florida have no other incentives but to harm the well-being of transgender, gender non-conforming, and queer individuals. The only benefit is that it feeds homophobic principles and ideas toward already disenfranchised youth. The Board of Supervisors agrees.</p> <p>This act feels like a Bandaid ta a problem that cannot resolve with a travel ban alone.</p> <p>More must change. The LA Board of Supervisors has the potential to set an example for other counties throughout the nation. In addition to the travel ban, the Board can send frequent letters to these states to inform and advocate for change, not just a one-time statement.</p> <p>We have the resources, the will, and the numbers. We must protect all young people, not just those fortunate enough to live in Los Angeles.</p>
