**SUPERVISORS HOLLY J. MITCHELL AND LINDSEY HORVATH**

**Acting to Expand Services for the Misdemeanor Incompetent to Stand Trial Population**

Chapter 559, Statutes of 2021, Senate Bill (SB) 317, Competence to Stand Trial, took effect on January 1, 2022, and reformed the Misdemeanor Incompetent to Stand Trial (MIST) program. Under SB 317, the Superior Court (Court) may grant declared MIST individuals mental health diversion services and refer them to the following: conservatorship, Assisted Outpatient Treatment (AOT), or community-based treatment. Alternatively, the Court may dismiss their charges. When an individual who is deemed MIST is diverted by the Court under California Penal Code 1001.36, California's mental health diversion law, they receive treatment, in lieu of prosecution and jail.

SB 317 created a significant increase in the demand for mental health diversion services, housing, and community services in the County of Los Angeles (County). Chapter 45, Statutes of 2022, Assembly Bill (AB) 178, the Budget Act of 2022 (Budget Act), made \$100,000,000 in one-time funding available for the County to support and expand access to treatment for individuals with behavioral health disorders who are involved in the justice system. Per the Budget Act, \$50,000,000 of this \$100,000,000 must be used to support MIST individuals (MIST Funding).

On September 27, 2022, the Board of Supervisors (Board) unanimously, in a

motion entitled, ["Acting to Expand Services for the Misdemeanor Incompetent to Stand Trial Population,"](#) directed the Department of Health Services (DHS) and Department of Mental Health (DMH) to create a plan to immediately expend the \$50,000,000 MIST Funding in a manner that maximizes opportunities to safely house, treat and serve MIST individuals. On the same day, the Board also approved a motion, entitled ["Addressing the Mental Health Crisis in Los Angeles County: Developing Mental Health Care Facilities to Help Depopulate the Jail."](#) Among other things, that motion directed numerous departments to look at various federal and state funding streams, including AB 178 funds, to create alternative safe, non-correctional mental health facilities to serve seriously mentally ill incarcerated persons, designated at "P3" and "P4" levels in LA County jails.

On November 18, 2022, in response to the MIST motion, DHS and DMH released their jointly developed report and plan entitled, ["Swiftly Creating More Beds for Persons Mentally Incompetent to Stand Trial with Newly Available State Funding"](#) to both expand the number of beds for persons who are deemed MIST and to supplement existing treatment and housing services.

Subsequently, questions have arisen on whether the November 18, 2022, proposed MIST Plan fully meets the technical requirements of AB 178 and how it impacts, if at all, the remaining \$50,000,00 non-MIST portion of the funds (Non-MIST Funding). As the County awaits State clarification, it is important to be ready to implement relief for the MIST population to protect the life, health, and safety of all vulnerable persons at risk of experiencing homelessness in the County.

**I WE THEREFORE MOVE THAT THE BOARD OF SUPERVISORS:**
