BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES  
59 February 27, 2024

JEFF LEVINSON  
INTERIM EXECUTIVE OFFICER

**SERVICES CONTRACT  
WATER RESOURCES CORE SERVICE AREA  
AWARD OF SERVICES CONTRACT  
ANNUAL AND ON-CALL SOFT-BOTTOM CHANNEL  
FACILITY CLEARING SERVICES – SOUTH AREA  
(SUPERVISORIAL DISTRICTS 2 AND 4)  
(3 VOTES)**

**SUBJECT**

Public Works is seeking Board approval to award a services contract to Oakridge Landscape, Inc., for annual and on-call soft-bottom channel facility clearing services within the southern portions of the San Gabriel River, Wilmington Drain Channel, and Ballona Creek, in the south area of the County of Los Angeles and other facilities and locations within the Los Angeles County Flood Control District.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Find that the contract work is categorically exempt from the provisions of the California Environmental Quality Act for the reasons stated in this Board letter and in the record of the project.
2. Award a contract to Oakridge Landscape, Inc., for annual and on-call soft-bottom channel facility clearing services. This contract will be for a term of 1 year with three 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract term of 54 months and a maximum potential contract sum of \$3,592,535.51.
3. Delegate authority to the Director of Public Works or his designee to execute the contract; to renew the contract for each additional renewal option and extension period if, in the opinion of the

Director of Public Works or his designee, Oakridge Landscape, Inc., has successfully performed during the previous contract period, and these services are still required; to approve and execute amendments to incorporate necessary changes within the scope of work; and to suspend work if it is in the best interest of the County to do so.

4. Delegate authority to the Director of Public Works or his designee to annually increase the contract amount up to an additional 10 percent of the annual contract sum, which is included in the maximum potential contract sum for unforeseen additional work within the scope of the contract if required, and to adjust the annual contract sum for each option year over the term of the contract to allow for an annual cost-of-living adjustment in accordance with County policy and the terms of the contract.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Approval of the recommended action will award a services contract to Oakridge Landscape, Inc., to provide annual and on-call soft-bottom channel facility clearing services to maintain the earthen-bottom channels within the southern portions of the San Gabriel River, Wilmington Drain Channel, and Ballona Creek, in the south area of the County of Los Angeles and other facilities and locations within the Los Angeles County Flood Control District. The work to be performed will consist of removal and off-site disposal of brush, standing vegetation, rubbish, and debris; removal and trimming of trees; and other incidental and appurtenant work necessary to restore the capacity of existing earthen-bottom channels. This will reduce the risk of flooding in the surrounding communities.

The current contract will expire on June 30, 2024. The award of this contract will continue the current services by the recommended contractor.

### **Implementation of Strategic Plan Goals**

These recommendations support the County Strategic Plan: Strategy III.3, Pursue Operational Effectiveness, Fiscal Responsibility, and Accountability, Objective III.3.2, Manage and Maximize County Assets, by contracting with the contractor who has the specialized expertise to provide these services accurately, efficiently, timely, and in a responsive manner.

### **FISCAL IMPACT/FINANCING**

There will be no impact to the County General Fund.

The maximum potential contract sum is \$3,592,535.51, which includes disposal fee reimbursement plus an additional 10 percent of the contract sum for unforeseen, additional work within the scope of the contract and cost-of-living adjustments in accordance with the contract. Any unused authorized amounts up to 25 percent from the previous contract terms will roll over into subsequent renewal terms, including the three 1-year renewal options and a month-to-month extension of up to 6 months for a maximum potential contract term of 54 months. This amount is based on the annual price quoted by the contractor and our estimated annual utilization of the contractor's services. The County may also authorize an extension not to exceed 180 days to the contract's maximum potential term with no additional funding. Adjustments will be made to the annual contract sum for each option year over the term of the contract to allow for an annual cost-of-living adjustment in accordance with County policy and the terms of the contract.

Funding for the first year of these services will be included in the Internal Service Fund (B04 – Services and Supplies) Fiscal Year 2024-25 Budget, which will be reimbursed by the Flood Control District Fund (B07 – Services and Supplies). Total annual expenditures for these services will not exceed the maximum potential contract sum approved by the Board. Funds to finance the contract's optional years and 10 percent additional funding for contingencies will be requested through the annual budget process.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The recommended contractor, Oakridge Landscape, Inc., is located in Valencia, California. The contract's initial term will be for a period of 1 year commencing on July 1, 2024, or upon the Board's approval and execution of this agreement by both parties, whichever occurs last. With the Board's delegated authority, Public Works may renew the contract for three 1-year renewal options and a month-to-month extension of up to 6 months for a maximum potential total contract term of 54 months. The County may also authorize an extension not to exceed 180 days to the contract's maximum potential term with no additional funding.

County Counsel will review the contract as to form (Enclosure A) prior to approval. The recommended contract with Oakridge Landscape, Inc., was solicited on an open-competitive basis and is in accordance with applicable Federal, State, and County requirements.

A standard services contract has been used that contains terms and conditions in compliance with the Board's ordinances, policies, and programs. Enclosure B reflects the proposers' utilization participation and community business enterprise program information. Data regarding the proposer's minority participation is on file with Public Works. The contractor was selected upon final analysis and consideration without regard to race, creed, gender, or color.

Public Works has evaluated and determined that the Living Wage Program (County Code Chapter 2.201) does not apply to this recommended contract, which is for services required on an annual and on-call basis; hence, this contract is not a Proposition A contract (County Code Chapter 2.121).

In addition, the contractor understands and agrees that the contracted work involves public works as defined by Section 1720 of the California Labor Code. The contractor represents and warrants that they will perform the contracted work in full compliance with the applicable provisions of the Labor Code relating to payment of prevailing wages.

The contract includes a cost-of-living adjustment provision, which is in accordance with Board Policy 5.070, Multi-Year Services Contract Cost-of-Living Adjustments.

### **ENVIRONMENTAL DOCUMENTATION**

These services are categorically exempt from the provisions of the California Environmental Quality Act. These services are within a class of projects that have been determined not to have a significant effect on the environment in that it meets the criteria set forth in Section 15301(i) of the State of California Environmental Quality Act Guidelines and Class 1, Subsection (e) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G.

In addition, the contract work involves maintenance activities to restore the capacity of existing earthen-bottom channels within the southern portions of the San Gabriel River, Wilmington Drain Channel, and Ballona Creek, in the south area of the County of Los Angeles and other facilities and

locations within the Los Angeles County Flood Control District, which will comply with all applicable regulations. There are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code Section 65962.5, or indications that the activity may cause a substantial adverse change in the significance of a historical resource that would make the exemption inapplicable based on the records of the activity.

### **CONTRACTING PROCESS**

The Request for Statement of Qualifications (RFSQ) for As-Needed Channel Clearing Services (2015-SQAN007) has been open continuous since 2015. Advertisement and outreach activities were conducted during the RFSQ process, which were placed on the "Doing Business with Los Angeles County" website (Enclosure C), "Do Business with Public Works" website, and X (formerly Twitter). Also, Public Works informed over 1,200 Local Small Business Enterprises, 298 independent contractors, various business development centers, and municipalities about this business opportunity. A total of four Statement of Qualifications (SOQs) were received in response to the RFSQ. The SOQs were reviewed to ensure they met the mandatory requirements outlined in the RFSQ. All four SOQs met these mandatory requirements. These four SOQs were then evaluated by an evaluation committee consisting of Public Works staff. The committee's evaluation was based on criteria described in the RFSQ, including experience, work plan, and references, utilizing the informed averaging methodology for applicable criteria. Based on this evaluation, Public Works selected four apparent, responsive, and responsible vendors that were placed on the Qualified Contractors List.

On May 31, 2023, a notice of the Invitation for Bids was e-mailed to the four vendors on the Qualified Contractors List for annual and on-call soft-bottom channel facility clearing services.

On July 11, 2023, two bids were received. The bids were reviewed to ensure that they met the mandatory requirements outlined in the RFSQ. Both bids met these mandatory requirements. Both bids were then evaluated based on the price category. Based on this evaluation, it is recommended that this contract be awarded to the apparent lowest bid, responsive and responsible bidder, Oakridge Landscape, Inc., located in Valencia, California. Public Works notified the applicable union of this solicitation.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The award of this contract will continue the services without disruption to the public and will not result in the displacement of any County employees as these services are presently contracted with the private sector.

**CONCLUSION**

Please return one adopted copy of this Board letter to Public Works, Business Relations and Contracts Division.

Respectfully submitted,

FOURTH: This Contract's initial term will be for a period of 1 year commencing on July 1, 2024, or upon the Board's approval and final execution, whichever occurs last. The COUNTY will have the sole option to renew this Contract term for up to three additional 1-year periods and 6 month-to-month extensions, for a maximum total Contract term of 4 years and 6 months. The CONTRACTOR acknowledges that the designated Contract Manager is not authorized to request or order any work that would result in the CONTRACTOR earning an aggregate compensation in excess of this Contract's Maximum Contract Sum.

NINTH: The CONTRACTOR must not perform or accept work requests from the Contract Manager or any other person that will cause the Maximum Contract Sum of this Contract to be exceeded. The CONTRACTOR must monitor the balance of this Contract's

Maximum Contract Sum. When the total of the CONTRACTOR'S paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the CONTRACTOR must immediately notify the Contract Manager in writing. The CONTRACTOR must send written notification to the Contract Manager when this Contract is within 6 months from expiration of the term as provided for hereinabove.

TENTH: If requested by the Contractor, the contract (hourly, daily, monthly, etc.) amount may, at the sole discretion of the County, be increased at the time of contract renewal, if exercised by the County, based on the most recently published percentage change in the U.S. Department of Labor, Bureau of Labor Statistics' Consumer Price Index for the Los Angeles-Long Beach-Anaheim area for the 12-month period preceding the renewal date, which will be the effective date for any cost-of-living adjustment (COLA). However, any increase will not exceed the general salary movement granted to County employees as determined by the Chief Executive Officer as of each July 1 for the prior 12-month period. Furthermore, should fiscal circumstances ultimately prevent the Board from approving any increase in County employee salaries, no COLA will be granted. Upon approval of COLA, a notification will be sent to the Contractor.

ELEVENTH: In the event that terms and conditions, which may be listed in the CONTRACTOR'S Bid, conflict with the COUNTY'S specifications, requirements, and terms and conditions as reflected in this AGREEMENT including, but not limited to, Exhibits A.1 through Y, inclusive, the COUNTY'S provisions will control and be binding.

Contractor and County (i) agree that an electronic signature, whether digital or encrypted, of a party to this Agreement is intended to authenticate this writing and to have the same force and effect as a manual signature, (ii) intend to be bound by the signatures (whether original, faxed or electronic) on any document sent or delivered by facsimile, or electronic mail, or other electronic means, (iii) are aware that the other party will rely on such signatures, and (iv) hereby waive any
