Agenda #	Relate To	Position	Name	Comments
The following individuals submitted comments on agenda item:				
3.		Favor	Aliyar Parvin	
			Najib Maalouf	<p>I support my UAPD colleges in getting a FAIR contract that prioritizes patient care by providing the benefits and pay that will make the County competitive with other employers in the region.</p> <p>We urge you to do the right thing and put these medical professionals – and the patients who rely on them – first.</p> <p>Their demands are not only fair but very modest when compared to their sacrifices and dedication. Remember Covid outbreak and the years 2020 to 2022. Everyone was at home except these professionals.</p> <p>They have been stymied at the bargaining table for almost 2 1/2 years trying to close a deal. They desire Megaflex, the same benefits plan that the the LA judges, attorneys and Board of Supes enjoy.</p> <p>Do the right thing.</p>
		Oppose	Monisha Parker	<p>INVESTING IN CARECONNECT IN LOS ANGELES COUNTY</p> <p>To effectively invest in CareConnect in Los Angeles County, a strategic approach is essential. Firstly, conducting a comprehensive needs assessment to identify gaps in healthcare services and areas for improvement. Secondly, establishing partnerships with local healthcare providers and community organizations to enhance access to care for underserved populations. Additionally, securing funding through grants, donations, and partnerships to support the expansion and sustainability of CareConnect. Moreover, implementing technology solutions to streamline patient care and communication between healthcare providers. Furthermore, developing a robust marketing and outreach strategy to raise awareness about CareConnect and its services among residents in the county.</p> <p>By following these steps, investing in CareConnect in Los Angeles County can lead to improved healthcare outcomes and increased access to vital services for all residents.</p>
