COUNTY OF LOS ANGELES

JEFF LEVINSON
INTERIM EXECUTIVE OFFICER

Dear Supervisors:

**APPROVAL TO EXECUTE A NEW SOLE SOURCE CONTRACT WITH
PANORAMIC SOFTWARE, INC., TO REPLACE THE CLIENT AND ASSET
MANAGEMENT SYSTEM
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

**CIO RECCOMENDATION: APPROVE (X) APPROVE WITH MODIFICATION ()
DISAPPROVE ()**

SUBJECT

Request approval to execute a sole source contract with Panoramic Software, Inc., to replace the Public Guardian's Client and Asset Management system as it has reached end-of-life.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and authorize the Director of Mental Health (Director), or designee, to negotiate, sign, and execute a sole source contract, substantially similar to Attachment I, with Panoramic Software, Inc. (Panoramic), to replace the Public Guardian's (PG) Client and Asset Management System (CAMS). This sole source contract will be effective upon execution for three years, with an option to extend thereafter for two additional one-year terms. The Contract is funded by 2011 Realignment – Mental Health revenue with a Total Contract Sum (TCS) of \$1,458,000 over the term of the contract.
2. Delegate authority to the Director, or designee, to prepare, sign, and execute future amendments to the sole source contract in Recommendation 1 during the term of

the contract; to revise Contract language; add, delete, modify, or replace the Statement of Work (SOW); allow for the rollover of unspent funds between categories and years; and/or reflect federal, State, and County regulatory and/or policy changes; increase the TCS provided that: 1) it not exceed an increase of 20 percent from the Board-approved TCS in Recommendation 1, and 2) sufficient funds are available. These amendments will be subject to prior review and approval as to form by County Counsel, with written notice to the Board and the Chief Executive Officer (CEO).

3. Delegate authority to the Director, or designee, to terminate the sole source contract described in Recommendation 1 in accordance with the Contract's termination provisions, including Termination for Convenience. The Director, or designee, will notify your Board and CEO, in writing, of such termination action.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Execution of this new Sole Source contract is time sensitive as the current system is reaching end of life. To avoid an interruption to the client and asset management system utilized by the Department of Mental Health (DMH) /PG, and to mitigate the risks associated with information security and antiquated technology, DMH must implement this new system before the contract with Oracle expires. Approval of the Sole Source contract will allow PG to replace the CAMS before it reaches end-of-life.

In 2011, PG and the Public Administrator (PA), a branch of Treasurer and Tax Collector (TTC), began using CAMS which was developed using Oracle technology. The departments were notified on February 23, 2021, that this legacy platform has reached end-of-life and will not be supported long-term. Oracle will only support the CAMS legacy software for another calendar year during which Panoramic's software will be deployed. The simultaneous availability of both systems will allow for Oracle to continue CAMS with support in place and Panoramic to operationalize its software while mitigating the risks associated with converting to the new system.

Board approval of Recommendation 1 will allow DMH to execute a new sole source contract with Panoramic to replace CAMS.

Board approval of Recommendation 2 will enable DMH to amend the sole source contract, during the term of the contract, to add, delete, modify, or replace SOW; and reflect federal, State, and County regulatory and/or policy changes given that the increase does not exceed 20 percent from the TCS in the first Recommendation.

Board approval of Recommendation 3 will allow DMH to terminate the Contract in accordance with the termination provisions, including Termination for Convenience, in a timely manner, as necessary.

Implementation of Strategic Plan Goals

The recommended actions support the County's Strategic Plan Goal III, Realize Tomorrow's Government Today, via strategy III.2.1 Enhance Information Technology Platforms to Securely Share and Exchange Data.

FISCAL IMPACT/FINANCING

Funding for the first year of the contract is included in DMH's FY 2023-24 Final Adopted Budget and funded by 2011 Realignment – Mental Health revenue.

Funding for future fiscal years will be requested through DMH's annual budget request process.

There is no net County cost impact associated with the recommended actions.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In 2011, PG and PA, began using CAMS, which was developed using Oracle technology. The Departments were notified that this legacy system platform was reaching end-of-life and would not be supported long-term. The Internal Services Department (ISD) maintains and supports CAMS and obtained extended support from Oracle through December 2024, which will allow a smooth transition to the new Panoramic software system.

The sole source contract (Attachment I) has been reviewed and approved as to form by County Counsel.

In accordance with Board Policy No. 5.100 (Sole Source Contracts and Amendments), DMH notified your Board on June 30, 2023, of its intent to negotiate a new sole source contract with Panoramic to replace CAMS (Attachment II). The Board notification and the Sole Source Checklist (Attachment III) were reviewed by the Office of the Chief Information Officer (OCIO) prior to being briefed at the Operations Cluster on June 28, 2023.

The OCIO has also reviewed this Board letter and the contractor's SOW and attached is its analysis.

As mandated by your Board, the performance of all contractors is evaluated by DMH on an annual basis to ensure compliance with all Contract terms and performance standards.

CONTRACTING PROCESS

TTC released a Request for Information (RFI) No. TTC RFI 2021-01 CAMS on October 28, 2021, to explore whether an existing off-the-shelf product could meet the County's operational needs. Two software vendors responded to the RFI, and both departments participated in reviewing and testing the two software solutions. Consistent with TTC's findings, DMH determined that Panoramic best met its needs. Panoramic is currently offering software solutions to approximately 80 percent of the PA and PG programs statewide. It is anticipated that the PG implementation will be particularly complex due in part to the sheer volume of cases and clients served by the PG and the fact that the data that is currently in the CAMS legacy system needs to be segregated from that of the PAs. This data includes financial records, legal documents, client assets, and court case details. DMH expects to implement the Panoramic software prior to the end-of-life deadline of the current CAMS legacy system to ensure that PG is best positioned to account for and safeguard the assets entrusted into their care and manage cases in accordance with statutory requirements. The extension of support from Oracle will allow the PG time to operationalize the new system and to safely convert data.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Board approval of the recommended actions will allow DMH to have a system in place before CAMS end-of-life deadline allowing the PG to continue to safeguard the assets entrusted into their care and to continue to manage cases in accordance with statutory requirements.

Respectfully submitted,

LISA H. WONG, Psy.D.

Any legal defense pursuant to Contractor's indemnification obligations under this Paragraph will be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County will have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County will be entitled to retain its own counsel including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor will not have the right to enter into any settlement, agree to any injunction, or make any admission, in each case, on behalf of County without County's prior written approval.
- 7.6.3** Contractor must inform all of its officers, employees, agents, and subcontractors providing services hereunder of the confidentiality provisions of this Contract.

8.0 STANDARD TERMS AND CONDITIONS

8.1 Change Notices and Amendments

- 8.1.1 The County reserves the right to initiate Change Notices that either (i) **do not affect** the Contract Sum, fees or payments, SOW, and/or Contract Terms (ii) for any expenditure of Pool Dollars. All such changes must be accomplished with an executed Change Notice signed by the Contractor and by the County's Project Director. For any Additional Work requested by the County, following agreement on the scope of such Additional Work, a Change Notice must be prepared and executed by each of: (a) the County's Project Director or designee, and (b) Contractor's authorized representative(s), provided that any Change Notice for Additional Work must additionally require written approval of County's Chief Information Office and County Counsel. County is specifically authorized to execute Change Notices for expenditure of Pool Dollars for acquisition of Additional Work under the Contract. Any requests for the expenditure of Pool Dollars must be approved in writing by the County's Project Director.
- 8.1.2 For any change which affects the terms, contract sum, fees, or payments, and/or SOW that does not materially alter the Contract, an amendment to the Contract must be prepared and executed by the contractor and by Director or designee.
- 8.1.3 For any change which **affects** the Contract Sum, reallocation of components comprising the Contract Sum, the fees or payments, the SOW, and/or Contract Terms or any provision under this Contract that **materially alters** the Contract, an Amendment to this Contract must be prepared and executed by the Contractor and by the Director or designee as operationally necessary, except that the DMH is expressly authorized to increase the Contract Sum set forth in Paragraph 5.0, Contract Sum, not to exceed 10% of the total Contract Sum for a particular contract year based on an increase in work volume. Any such change must be in writing and signed by the Contractor and the Director or designee, provided the Chief Information Officer and

County Counsel approval is obtained prior to execution of such Amendment(s) as applicable.

8.1.4 The County's Board or Chief Executive Officer or designee may require the addition and/or change of certain terms and conditions in the Contract during the term of this Contract. The County reserves the right to add and/or change such provisions as required by the County's Board or Chief Executive Officer. To implement such changes, an Amendment to the Contract must be prepared and executed by the Contractor and by Director or designee.

8.1.5 The Director or their designee may, at their sole discretion, authorize extensions of time as defined in Paragraph 4.0 (Term of Contract). For the exercise of the optional extensions, an Amendment to the Contract will be prepared and executed by the contractor and by the Director or designee prior to the expiration of the current Contract Term.

8.2 Assignment and Delegation/Mergers or Acquisitions

8.2.1 The Contractor must notify the County of any pending acquisitions/mergers of its company unless otherwise legally prohibited from doing so. If the Contractor is restricted from legally notifying the County of pending acquisitions/mergers, then it should notify the County of the actual acquisitions/mergers as soon as the law allows and provide to the County the legal framework that restricted it from notifying the County prior to the actual acquisitions/mergers.

8.2.2 The Contractor must not assign, exchange, transfer, or delegate its rights or duties under this Contract, whether in whole or in part, without the prior written consent of County, in its discretion. Any attempted assignment, delegation, or otherwise transfer of its rights or duties, without such consent will be null and void. For purposes of this paragraph, County consent will require a written Amendment to the Contract, which is formally approved and executed by the parties. Any payments by the County to any approved delegate or assignee on any claim under this Contract will be deductible, at County's sole discretion, against the claims, which the Contractor may have against the County.

8.2.3 Any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any person or entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, will be a material breach of the Contract which may result in the termination of this Contract. In the event of such termination, County will be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

8.3 Authorization Warranty

The Contractor represents and warrants that the person executing this Contract for the Contractor is an authorized agent who has actual authority to bind the Contractor to each and every term, condition, and obligation of this Contract and that all requirements of the Contractor have been fulfilled to provide such actual authority.

8.4 Budget Reductions

In the event that the County's Board adopts, in any fiscal year, a County Budget which provides for reductions in the salaries and benefits paid to the majority of County employees and imposes similar reductions with respect to County contracts, the County reserves the right to reduce its payment obligation under this Contract correspondingly for that fiscal year and any subsequent fiscal year during the term of this Contract (including any extensions), and the services to be provided by the Contractor under this Contract will also be reduced correspondingly. The County's notice to the Contractor regarding said reduction in payment obligation will be provided within thirty (30) calendar days of the Board's approval of such actions. Except as set forth in the preceding sentence, the Contractor must continue to provide all of the services set forth in this Contract.

8.5 Complaints

The Contractor must develop and maintain operating procedures for receiving, investigating and responding to complaints.

8.5.1 Complaint Procedures

- Within 10 business days after the Contract effective date, the Contractor must provide the County with the Contractor's procedures for receiving, investigating, and responding to user complaints.
- The County will review the Contractor's procedures and provide the Contractor with approval of said procedures or with requested changes.
- If the County requests changes in the Contractor's procedures, the Contractor must make such changes and resubmit the procedures within 10 business days for County approval.
- If, at any time, the Contractor wishes to change the Contractor's procedures, the Contractor must submit proposed changes to the County for approval before implementation.
- The Contractor must preliminarily investigate all complaints and notify the County's Project Manager of the status of the investigation within 5 business days of receiving the complaint.

- When complaints cannot be resolved informally, a system of follow-through will be instituted which adheres to formal plans for specific actions and strict time deadlines.
- Copies of all written responses must be sent to the County's Project Manager within 5 business days of mailing to the complainant.

8.6 Compliance with Applicable Laws

8.6.1 In the performance of this Contract, Contractor must comply with all applicable Federal, State and local laws, rules, regulations, ordinances, directives, guidelines, policies and procedures, and all provisions required thereby to be included in this Contract are hereby incorporated herein by reference.

8.6.2 Contractor must indemnify, defend, and hold harmless County, its officers, employees, and agents, from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses, including, without limitation, defense costs and legal, accounting and other expert, consulting, or professional fees arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or subcontractors to comply with any such laws, rules, regulations, ordinances, directives, guidelines, policies, or procedures, as determined by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this Paragraph will be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County will have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County will be entitled to retain its own counsel including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor will not have the right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

8.7 Compliance with Civil Rights Laws

The Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e) (1) through 2000 (e) (17), to the end that no person will, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical handicap, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract. Additionally, Contractor certifies to the County:

- 8.7.1 That Contractor has a written policy statement prohibiting discrimination in all phases of employment.
- 8.7.2 That Contractor periodically conducts a self-analysis or utilization analysis of its work force.
- 8.7.3 That Contractor has a system for determining if its employment practices are discriminatory against protected groups.
- 8.7.4 Where problem areas are identified in employment practices, the Contractor has a system for taking reasonable corrective action, to include establishment of goals or timetables.

8.8 Compliance with the County's Jury Service Program

8.8.1 Jury Service Program

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

8.8.2 Written Employee Jury Service Policy

- Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), the Contractor must have and adhere to a written policy that provides that its Employees will receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.
- For purposes of this paragraph, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of fifty thousand dollars (\$50,000) or more in any twelve (12) month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means forty (40) hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term,

temporary services of ninety (90) days or less within a twelve (12) month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor will also be subject to the provisions of this paragraph. The provisions of this paragraph will be inserted into any such subcontract agreement and a copy of the Jury Service Program must be attached to the Contract.

- If the Contractor is not required to comply with the Jury Service Program when the Contract commences, the Contractor will have a continuing obligation to review the applicability of its “exception status” from the Jury Service Program, and the Contractor must immediately notify the County if the Contractor at any time either comes within the Jury Service Program’s definition of “Contractor” or if the Contractor no longer qualifies for an exception to the Jury Service Program. In either event, the Contractor must immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sole discretion, that the Contractor demonstrate, to the County’s satisfaction that the Contractor either continues to remain outside of the Jury Service Program’s definition of “Contractor” and/or that the Contractor continues to qualify for an exception to the Program.
- Contractor’s violation of this paragraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

8.9 Conflict of Interest

8.9.1 No County employee whose position with the County enables such employee to influence the award of this Contract or any competing contract, and no spouse or economic dependent of such employee, will be employed in any capacity by the Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of the Contractor who may financially benefit from the performance of work hereunder will in any way participate in the County’s approval or ongoing evaluation of such work, or in any way attempt to unlawfully influence the County’s approval or ongoing evaluation of such work.

8.9.2 The Contractor must comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. The Contractor warrants that it is not now aware of any

facts that create a conflict of interest. If the Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it must immediately make full written disclosure of such facts to the County. Full written disclosure must include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this paragraph will be a material breach of this Contract.

8.10 Consideration of Hiring County Employees Targeted for Layoffs or on a County Re-Employment List

Should the Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, the Contractor must give first consideration for such employment openings to qualified, permanent County employees who are targeted for layoff or qualified, former County employees who are on a re-employment list during the life of this Contract.

8.11 Consideration of Hiring GAIN/START Participants

8.11.1 Should the Contractor require additional or replacement personnel after the effective date of this Contract, the Contractor will give consideration for any such employment openings to participants in the County's Department of Public Social Services Greater Avenues for Independence (GAIN) Program or Skills and Training to Achieve Readiness for Tomorrow (START) Program who meet the contractor's minimum qualifications for the open position. For this purpose, consideration will mean that the Contractor will interview qualified candidates. The County will refer GAIN/START participants by job category to the Contractor. Contractors must report all job openings with job requirements to: gainstart@dpss.lacounty.gov and BSERVICES@OPPORTUNITY.LACOUNTY.GOV and DPSS will refer qualified GAIN/START job candidates.

8.11.2 In the event that both laid-off County employees and GAIN/START participants are available for hiring, County employees must be given first priority.

8.12 Contractor Responsibility and Debarment

8.12.1 Responsible Contractor

A responsible contractor is a contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

8.12.2 Chapter 2.202 of the County Code

The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the

performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five (5) years but may exceed five (5) years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

8.12.3 Non-responsible Contractor

The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: 1) violated a term of a contract with the County or a nonprofit corporation created by the County, 2) committed an act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, 3) committed an act or offense which indicates a lack of business integrity or business honesty, or 4) made or submitted a false claim against the County or any other public entity.

8.12.4 Contractor Hearing Board

- If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
- The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative will be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a tentative proposed decision, which will contain a recommendation regarding whether the Contractor should be debarred and, if so, the appropriate length of time of the debarment. The Contractor and the Department will be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.
- After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board will be presented to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

- If a Contractor has been debarred for a period longer than five (5) years, that Contractor may, after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: 1) elimination of the grounds for which the debarment was imposed; 2) a bona fide change in ownership or management; 3) material evidence discovered after debarment was imposed; or 4) any other reason that is in the best interests of the County.
- The Contractor Hearing Board will consider a request for review of a debarment determination only where 1) the Contractor has been debarred for a period longer than five (5) years; 2) the debarment has been in effect for at least five (5) years; and 3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board will evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing will be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.
- The Contractor Hearing Board's proposed decision will contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board will present its proposed decision and recommendation to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

8.12.5 Subcontractors of Contractor

These terms will also apply to subcontractors of County contractors.

8.13 Contractor's Acknowledgement of County's Commitment to Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County contractors to voluntarily post the County's poster, Exhibit G (Safely Surrendered Baby Law) in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the

subcontractor's place of business. Information and posters for printing are available at <https://lacounty.gov/residents/family-services/child-safety/safe-surrender/>.

8.14 Contractor's Warranty of Adherence to County's Child Support Compliance Program

8.14.1 The Contractor acknowledges that the County has established a goal of ensuring that all individuals who benefit financially from the County through contracts are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.

8.14.2 As required by the County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting the Contractor's duty under this Contract to comply with all applicable provisions of law, the Contractor warrants that it is now in compliance and will during the term of this Contract, maintain compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1088.5, and will implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

8.15 County's Quality Assurance Plan

The County or its agent(s) will monitor the Contractor's performance under this Contract on not less than an annual basis. Such monitoring will include assessing the Contractor's compliance with all Contract terms and conditions and performance standards. Contractor deficiencies which the County determines are significant or continuing and that may place performance of the Contract in jeopardy if not corrected will be reported to the Board and listed in the appropriate contractor performance database. The report to the Board will include improvement/corrective action measures taken by the County and the Contractor. If improvement does not occur consistent with the corrective action measures, the County may terminate this Contract or impose other penalties as specified in this Contract.

8.16 Damage to County Facilities, Buildings or Grounds

8.16.1 The Contractor will repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by the Contractor or employees or agents of the Contractor. Such repairs must be made immediately after the Contractor has become aware of such damage, but in no event later than thirty (30) days after the occurrence.

8.16.2 If the Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs must be repaid by the Contractor by cash payment upon demand.

8.17 Employment Eligibility Verification

8.17.1 The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. The Contractor must obtain from all employees performing work hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, (P.L. 99-603), or as they currently exist and as they may be hereafter amended. The Contractor must retain all such documentation for all covered employees for the period prescribed by law.

8.17.2 The Contractor must indemnify, defend, and hold harmless the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing work under this Contract.

8.18 Counterparts and Electronic Signatures and Representations

This Contract may be executed in two or more counterparts, each of which will be deemed an original but all of which together will constitute one and the same Contract. The facsimile, email or electronic signature of the parties will be deemed to constitute original signatures, and facsimile or electronic copies hereof will be deemed to constitute duplicate originals.

The County and the Contractor hereby agree to regard electronic representations of original signatures of authorized officers of each party, when appearing in appropriate places on the Amendments prepared pursuant to Paragraph 8.1 (Amendments) and received via communications facilities (facsimile, email or electronic signature), as legally sufficient evidence that such legally binding signatures have been affixed to Amendments to this Contract.

8.19 Fair Labor Standards

The Contractor must comply with all applicable provisions of the Federal Fair Labor Standards Act and must indemnify, defend, and hold harmless the County and its agents, officers, and employees from any and all liability including, but not limited to, wages, overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law including, but not limited to, the Federal

Fair Labor Standards Act, for work performed by the Contractor's employees for which the County may be found jointly or solely liable.

8.20 Force Majeure

8.20.1 Neither party will be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this paragraph as "force majeure events").

8.20.2 Notwithstanding the foregoing, a default by a subcontractor of Contractor will not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such subcontractor, and without any fault or negligence of either of them. In such case, Contractor will not be liable for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this subparagraph, the term "subcontractor" and "subcontractors" mean subcontractors at any tier.

8.20.3 In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

8.21 Governing Law, Jurisdiction, and Venue

This Contract will be governed by, and construed in accordance with, the laws of the State of California. The Contractor agrees and consents to the exclusive jurisdiction of the courts of the State of California for all purposes regarding this Contract and further agrees and consents that venue of any action brought hereunder will be exclusively in the County.

8.22 Independent Contractor Status

8.22.1 This Contract is by and between the County and the Contractor and is not intended, and must not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association as between the County and the Contractor. The employees and agents of one party must not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.

- 8.22.2** The Contractor will be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Contract all compensation and benefits. The County will have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of the Contractor.
- 8.22.3** The Contractor understands and agrees that all persons performing work pursuant to this Contract are, for purposes of Workers' Compensation liability, solely employees of the Contractor and not employees of the County. The Contractor will be solely liable and responsible for furnishing any and all Workers' Compensation benefits to any person as a result of any injuries arising from or connected with any work performed by or on behalf of the Contractor pursuant to this Contract.
- 8.22.4** The Contractor must adhere to the provisions stated in Paragraph 7.6 (Confidentiality).

8.23 Indemnification

The Contractor must indemnify, defend and hold harmless the County, its Special Districts, elected and appointed officers, employees, agents and volunteers (County Indemnitees) from and against any and all liability including, but not limited to, demands, claims, actions, fees, costs and expenses (including attorney and expert witness fees) arising from and/or relating to this Contract, except for such loss or damage arising from the sole negligence or willful misconduct of the County indemnitees.

8.24 General Provisions for all Insurance Coverage

8.24.1 Without limiting Contractor's indemnification of County, and in the performance of this Contract and until all of its obligations pursuant to this Contract have been met, Contractor must provide and maintain at its own expense insurance coverage satisfying the requirements specified in Paragraphs 8.24 and 8.25 of this Contract. These minimum insurance coverage terms, types and limits (the "Required Insurance") also are in addition to and separate from any other contractual obligation imposed upon Contractor pursuant to this Contract. The County in no way warrants that the Required Insurance is sufficient to protect the Contractor from liabilities which may arise from or relate to this Contract.

8.24.2 Evidence of Coverage and Notice to County

- Certificate(s) of insurance coverage (Certificate) satisfactory to County, and a copy of an Additional Insured endorsement confirming County and its Agents (defined below) has been given Insured status under the Contractor's General Liability policy, must

be delivered to County at the address shown below and provided prior to commencing services under this Contract.

- Renewal Certificates must be provided to County not less than ten (10) days prior to Contractor's policy expiration dates. The County reserves the right to obtain complete, certified copies of any required contractor and/or sub-contractor insurance policies at any time.
- Certificates must identify all Required Insurance coverage types and limits specified herein, reference this Contract by name or number, and be signed by an authorized representative of the insurer(s). The Insured party named on the Certificate must match the name of the contractor identified as the contracting party in this Contract. Certificates must provide the full name of each insurer providing coverage, its NAIC (National Association of Insurance Commissioners) identification number, its financial rating, the amounts of any policy deductibles or self-insured retentions exceeding fifty thousand dollars (\$50,000), and list any County required endorsement forms.
- Neither the County's failure to obtain, nor the County's receipt of, or failure to object to a non-complying insurance certificate or endorsement, or any other insurance documentation or information provided by the Contractor, its insurance broker(s) and/or insurer(s), will be construed as a waiver of any of the Required Insurance provisions.
- Certificates and copies of any required endorsements must be sent to:

County of Los Angeles
Department of Mental Health, Contracts Development and
Administration Division
510 S. Vermont, 20th Floor
Los Angeles, CA 90020

Contractor also must promptly report to County any injury or property damage accident or incident, including any injury to a Contractor employee occurring on County property, and any loss, disappearance, destruction, misuse, or theft of County property, monies or securities entrusted to Contractor. Contractor also must promptly notify County of any third-party claim or suit filed against Contractor or any of its subcontractors which arises from or relates to this Contract and could result in the filing of a claim or lawsuit against Contractor and/or County.

8.24.3 Additional Insured Status and Scope of Coverage

The County, its Special Districts, Elected Officials, Officers, Agents, employees and volunteers (collectively County and its Agents) must be provided additional insured status under Contractor's General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of the County. County and its Agents' additional insured status will apply with respect to liability and defense of suits arising out of the Contractor's acts or omissions, whether such liability is attributable to the Contractor or to the County. The full policy limits and scope of protection also must apply to the County and its Agents as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

8.24.4 Cancellation of or Changes in Insurance

The written notice must be provided to County at least ten (10) days in advance of cancellation for non-payment of premium and thirty (30) days in advance for any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Contract, in the sole discretion of the County, upon which the County may suspend or terminate this Contract.

8.24.5 Failure to Maintain Insurance

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance will constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance and, without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.

8.24.8 Waivers of Subrogation

To the fullest extent permitted by law, the Contractor hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Contract. Contractor must obtain County's prior review and approval of any subcontractor request for modification of the Required Insurance.

8.24.10 Deductibles and Self-Insured Retentions (SIRs)

Contractor's policies will not obligate the County to pay any portion of any Contractor deductible or SIR. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration, and defense expenses. Such bond must be executed by a corporate surety licensed to transact business in the State of California.

8.24.11 Claims Made Coverage

If any part of the Required Insurance is written on a claims made basis, any policy retroactive date must precede the effective date of this Contract. Contractor understands and agrees it will maintain such coverage for a period of not less than three (3) years following Contract expiration, termination, or cancellation.

8.24.12 Application of Excess Liability Coverage

Contractors may use a combination of primary and excess insurance policies which provide coverage as broad as (“follow form” over) the underlying primary policies, to satisfy the Required Insurance provisions.

The Contractor must add the County as an additional insured to its cyber liability insurance policy and provide to the County certificates of insurance evidencing the foregoing upon the County's request. The procuring of the insurance described herein, or delivery of the certificates of insurance described herein, will not be construed as a limitation upon the Contractor's liability or as full performance of its indemnification obligations hereunder. 8.26 Liquidated Damages

8.26.1 If, in the judgment of the Director, or their designee, the Contractor is deemed to be non-compliant with the terms and obligations assumed hereby, the Director, or their designee, at their option, in addition to, or in lieu of, other remedies provided herein, may withhold the entire monthly payment or deduct pro rata from the Contractor's invoice for work not performed. A description of the work not performed and the amount to be withheld or deducted from payments to the Contractor from the County will be forwarded to the Contractor by the Director, or their designee, in a written notice describing the reasons for said action.

8.26.2 If the Director, or their designee, determines that there are deficiencies in the performance of this Contract that the Director, or their designee, deems are correctable by the Contractor over a certain time span, the Director, or their designee, will provide a written notice to the Contractor to correct the deficiency within specified time frames. Should the Contractor fail to correct deficiencies within said time frame, the Director, or their designee, may: (a) deduct from the Contractor's payment, pro rata, those applicable portions of the Monthly Contract Sum; and/or (b) deduct liquidated damages. The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure of the Contractor to correct a deficiency within the specified time frame. The parties hereby agree that under the current

circumstances a reasonable estimate of such damages is \$500 per day per infraction, or as specified in Attachment 2 (Performance Requirements Summary (PRS)) Chart of Exhibit A (Statement of Work and Attachments) hereunder, and that the Contractor will be liable to the County for liquidated damages in said amount. Said amount will be deducted from the County's payment to the Contractor; and/or (c) Upon giving five (5) days' notice to the Contractor for failure to correct the deficiencies, the County may correct any and all deficiencies and the total costs incurred by the County for completion of the work by an alternate source, whether it be County forces or separate private contractor, will be deducted and forfeited from the payment to the Contractor from the County, as determined by the County.

8.26.3 The action noted in Paragraph 8.26.2 must not be construed as a penalty, but as adjustment of payment to the Contractor to recover the County cost due to the failure of the Contractor to complete or comply with the provisions of this Contract.

8.26.4 This Paragraph must not, in any manner, restrict or limit the County's right to damages for any breach of this Contract provided by law or as specified in the PRS or Paragraph 8.26.2, and must not, in any manner, restrict or limit the County's right to terminate this Contract as agreed to herein.

8.27 Most Favored Public Entity

If the Contractor's prices decline, or should the Contractor at any time during the term of this Contract provide the same goods or services under similar quantity and delivery conditions to the State of California or any county, municipality, or district of the State at prices below those set forth in this Contract, then such lower prices must be immediately extended to the County.

8.28 Nondiscrimination and Affirmative Action

8.28.1 The Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies are and will be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State anti-discrimination laws and regulations.

8.28.3 The Contractor must take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, gender, sexual orientation, language, age (over 40), marital status, physical disability (including HIV and AIDs) or mental health condition, medical conditions (e.g. cancer), denial of family care leave, or political affiliation, status as a veteran with a disability or veteran of the Vietnam era in compliance with all applicable Federal and State anti-discrimination laws and regulations. Such action must include, but is not limited to, employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship and granting or denying family care leave. Contractor shall not discriminate against or harass, nor shall it permit harassment of, its employees during employment based upon race, color, religion, national origin, ancestry, language, gender, age (over 40), marital status, sexual orientation, physical disability (including HIV and AIDS), mental health condition, medical conditions (e.g., cancer), denial of family care leave, or political affiliation, status as a veteran with a disability or veteran of the Vietnam era and in compliance with all applicable Federal and State anti-discrimination laws and regulations. 8.28.4 The Contractor certifies and agrees that it will deal with its subcontractors, bidders, or vendors without regard to or because of race, color, religion, ancestry, national origin, language, gender, sexual orientation, age, physical disability (including HIV and AIDS), mental health condition, medical conditions (e.g., cancer), denial of family care leave, marital status, or political affiliation, status as a veteran with a disability or veteran of the Vietnam era and in compliance all applicable federal and State anti-discrimination laws and regulations.

of race, color, religion, ancestry, national origin, language, gender, sexual orientation, age, physical disability (including HIV and AIDS), mental health condition, medical conditions (e.g., cancer), denial of family care leave, marital status, or political affiliation, status as a veteran with a disability or veteran of the Vietnam era be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.

8.28.6 The Contractor will allow County representatives access to the Contractor's employment records during regular business hours to verify compliance with the provisions of this Paragraph 8.28 (Nondiscrimination and Affirmative Action) when so requested by the County.

8.28.7 If the County finds that any provisions of this Paragraph 8.28 (Nondiscrimination and Affirmative Action) have been violated, such violation will constitute a material breach of this Contract upon which the County may terminate or suspend this Contract. While the County reserves the right to determine independently that the anti-discrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment and Housing Commission or the Federal Equal Employment Opportunity Commission that the Contractor has violated Federal or State anti-discrimination laws or regulations will constitute a finding by the County that the contractor has violated the anti-discrimination provisions of this Contract.

8.28.8 The parties agree that in the event the Contractor violates any of the anti-discrimination provisions of this Contract, the County will, at its sole option, be entitled to the sum of five hundred dollars (\$500) for each such violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating or suspending this Contract.

All such material, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information, will be kept and maintained by the Contractor and will be made available to the County during the term of this Contract and for a period of five (5) years thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material must be maintained by the Contractor at a location in Los Angeles County, provided that if any such material is located outside of Los Angeles County, then, at the County's option, the Contractor will pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

- 8.38.2** In the event that an audit of the Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor must file a copy of such audit report with the County's Auditor Controller within thirty (30) days of the Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. If such audit finds that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference will be paid to the Contractor by the County by cash payment, provided that in no event will the County's

maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

8.39 Recycled Bond Paper

Consistent with the Board policy to reduce the amount of solid waste deposited at the County landfills, the Contractor agrees to use recycled-content paper to the maximum extent possible on this Contract.

8.40.4 The Contractor will remain fully responsible for all performances required of it under this Contract, including those that the Contractor has determined to subcontract, notwithstanding the County's approval of the Contractor's proposed subcontract.

8.40.5 The County's consent to subcontract will not waive the County's right to prior and continuing approval of any and all personnel, including subcontractor employees, providing services under this Contract. The Contractor is responsible to notify its subcontractors of this County right.

- 8.40.6** Following written approval by the Director or designee in conjunction with the County's Chief Information Security Officer and/or Chief Privacy Officer, the County's Project Director is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees. 8.41 Termination for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program

Failure of the Contractor to maintain compliance with the requirements set forth in Paragraph 8.14 (Contractor's Warranty of Adherence to County's Child Support Compliance Program) will constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure of the Contractor to cure such default within ninety (90) calendar days of written notice will be grounds upon which the County may terminate this Contract pursuant to Paragraph 8.43 (Termination for Default) and pursue debarment of the Contractor, pursuant to County Code Chapter 2.202.

8.42 Termination for Convenience

- 8.42.1** This Contract may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of work hereunder will be effected by notice of termination to the Contractor specifying the extent to which performance of work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective will be no less than ten (10) days after the notice is sent.

8.42.2 After receipt of a notice of termination and except as otherwise directed by the County, the Contractor must:

- Stop work under this Contract on the date and to the extent specified in such notice, and
- Complete performance of such part of the work as would not have been terminated by such notice.

8.42.3 All material including books, records, documents, or other evidence bearing on the costs and expenses of the Contractor under this Contract must be maintained by the Contractor in accordance with Paragraph 8.38 (Record Retention and Inspection-Audit Settlement).

8.43 Termination for Default

8.43.1 The County may, by written notice to the Contractor, terminate the whole or any part of this Contract, if, in the judgment of County's Project Director:

- Contractor has materially breached this Contract; or
- Contractor has failed to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required either under this Contract; or
- Contractor has failed to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within five (5) working days (or such longer period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.

8.43.2 In the event that the County terminates this Contract in whole or in part as provided in Paragraph 8.43.1, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated. The Contractor will be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and services. The Contractor will continue the performance of this Contract to the extent not terminated under the provisions of this paragraph.

8.43.3 Except with respect to defaults of any subcontractor, the Contractor will not be liable for any such excess costs of the type identified in Paragraph 8.43.2 if its failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not limited to, acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of Federal or State governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes,

If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor will not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule. As used in this paragraph, the term "subcontractor(s)" means subcontractor(s) at any tier.

8.43.4 If, after the County has given notice of termination under the provisions of Paragraph 8.43 (Termination for Default) it is determined by the County that the Contractor was not in default under the provisions of Paragraph 8.43 (Termination for Default) or that the default was excusable under the provisions of subparagraph 8.43.3, the rights and obligations of the parties will be the same as if the notice of termination had been issued pursuant to Paragraph 8.42 (Termination for Convenience).

8.43.5 The rights and remedies of the County provided in this Paragraph 8.43 (Termination for Default) will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.44 Termination for Improper Consideration

8.44.1 The County may, by written notice to the Contractor, immediately terminate the right of the Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by the Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing the Contract or securing favorable treatment with respect to the award, amendment, or extension of the Contract, or the making of any determinations with respect to the Contractor's performance pursuant to the Contract. In the event of such termination, the County will be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default by the Contractor.

8.44.2 The Contractor must immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report must be made to the Los Angeles County Fraud Hotline at (800) 544-6861 or <https://fraud.lacounty.gov/>.

8.44.3 Among other items, such improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment, or tangible gifts.

8.45.1 The County may terminate this Contract forthwith in the event of the occurrence of any of the following:

The Contractor will be deemed to be insolvent if it has ceased to pay its debts for at least sixty (60) days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the Federal Bankruptcy Code and whether or not the Contractor is insolvent within the meaning of the Federal Bankruptcy Code;
- The filing of a voluntary or involuntary petition regarding the Contractor under the Federal Bankruptcy Code;
- The appointment of a Receiver or Trustee for the Contractor; or
- The execution by the Contractor of a general assignment for the benefit of creditors.

8.45.2 The rights and remedies of the County provided in this Paragraph 8.45 (Termination for Insolvency) will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.46 Termination for Non-Adherence of County Lobbyist Ordinance

The Contractor, and each County Lobbyist or County Lobbying firm as defined in County Code Section 2.160.010 retained by the Contractor, must fully comply with the County's Lobbyist Ordinance, County Code Chapter 2.160. Failure on the part of the Contractor or any County Lobbyist or County Lobbying firm retained by the Contractor to fully comply with the County's Lobbyist Ordinance will constitute a material breach of this Contract, upon which the County may, in its sole discretion, immediately terminate or suspend this Contract.

8.47 Termination for Non-Appropriation of Funds

Notwithstanding any other provision of this Contract, the County will not be obligated for the Contractor's performance hereunder or by any provision of this Contract during any of the County's future fiscal years unless and until the County's Board appropriates funds for this Contract in the County's Budget for each such future fiscal year. In the event that funds are not appropriated for this Contract, then this Contract will terminate as of June 30 of the last fiscal year for which funds were appropriated. The County will notify the Contractor in writing of any such non-allocation of funds at the earliest possible date.

8.48 Effect of Termination

8.48.1 In the event County terminates this Contract in whole or in part as provided hereunder or upon the expiration of the Contract, as applicable, then, unless otherwise specified by County in writing: (a) Contractor must continue the performance of this Contract to the extent not

terminated; (b) Contractor must cease to perform the Services being terminated on the date and to the extent specified in such notice and provide to the County all report detailing completed Services and Services in progress, in a medium reasonably requested by the County; (c) County will pay to the Contractor all sums due and payable to Contractor for Services properly performed through the effective date of such expiration or termination (prorated as appropriate); (d) Contractor must return to the County all monies paid by the County yet unearned by the Contractor, including any prepaid fees, if applicable; (e) Contractor must promptly return to the County any and all of the County's Information that relates to the portion of the Contract or Services terminated by the County, including all County Data, in a medium reasonably requested by the County.

- 8.48.2** Expiration or termination of this Contract for any reason will not release either party from any liabilities or obligations set forth in this Contract which (i) the parties have expressly agreed upon in writing will survive any such expiration or termination, or (ii) remain to be performed or by their nature would be intended to be applicable following any such expiration or termination.
- 8.48.3** Contractor understands and agrees that County has obligations that it cannot satisfy without use of the System provided to the County hereunder or an equivalent System, and that a failure to satisfy such obligations could result in irreparable damage to the County and the entities it serves. Therefore, Contractor agrees that in the event of any expiration or termination of this Contract, Contractor must fully cooperate with the County in the transition of the County to a new System, to ensure there is no interruption of County's day-to-day operations due to the unavailability of the System during such transition.
- 8.48.4** For 90 days prior to the expiration date of this Contract, or upon notice of termination of this Contract (Transition Period), Contractor must assist the County in extracting and/or transitioning all County Data in the format determined by the County. The Transition Period may be modified as agreed upon in writing by the parties in a Change Notice. In addition, upon the expiration or termination of this Contract, County may require Contractor to provide services in the form of Additional Work to assist County to transition System operations from Contractor to County or County's designated third party (Transition Services). Upon County's request for Transition Services, County and Contractor agree to negotiate in good faith the scope of work and the price for such Transition Services. Contractor agrees that in the event that County terminates the Contract for any breach by the Contractor, Contractor must perform Transition Services at no cost to the County. Contractor must provide the County with all of the Transition Services as provided

in this Subparagraph 8.48.4. The duty of Contractor to provide such Transition Services must be conditioned on the County continuing to comply with its obligations under the Contract, including payment of all applicable fees. Contractor will have no right to withhold or limit its performance or any of such Transition Services on the basis of any alleged breach of this Contract by the County, other than a failure by the County to timely pay the amounts due and payable hereunder. County will have the right to seek specific performance of this Subparagraph 8.48.4 in any court of competent jurisdiction and Contractor hereby waives any defense that damages are an adequate remedy. Compliance with this Subparagraph 8.48.4 by either party will not constitute a waiver or estoppel with regard to any rights or remedies available to the parties.

8.48.5 Contractor must promptly return to the County any and all County Information, including County Data, that relates to that portion of the Contract and Services terminated by the County.

8.49 Validity

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances will not be affected thereby.

8.50 Waiver

No waiver by the County of any breach of any provision of this Contract will constitute a waiver of any other breach or of such provision. Failure of the County to enforce at any time, or from time to time, any provision of this Contract will not be construed as a waiver thereof. The rights and remedies set forth in this paragraph 8.49 will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.51 Warranty Against Contingent Fees

8.51.1 The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon any Contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

8.51.2 For breach of this warranty, the County will have the right to terminate this Contract and, at its sole discretion, deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

8.52 Warranty of Compliance with County's Defaulted Property Tax Reduction Program

Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through Contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this Contract will maintain compliance, with Los Angeles County Code Chapter 2.206.

8.53 Termination for Breach of Warranty to Maintain Compliance with County's Defaulted Property Tax Reduction Program

Failure of Contractor to maintain compliance with the requirements set forth in Paragraph 8.51 "Warranty of Compliance with County's Defaulted Property Tax Reduction Program" will constitute default under this contract. Without limiting the rights and remedies available to County under any other provision of this Contract, failure of Contractor to cure such default within ten (10) days of notice will be grounds upon which County may terminate this contract and/or pursue debarment of Contractor, pursuant to Los Angeles County Code Chapter 2.206.

8.54 Time Off for Voting

The Contractor must notify its employees, and must require each subcontractor to notify and provide to its employees, information regarding the time off for voting law ([Elections Code Section 14000](#)). Not less than ten (10) days before every statewide election, every contractor and subcontractor must keep posted conspicuously at the place of work, if practicable, or elsewhere where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of [Section 14000](#).

8.55 Compliance with County's Zero Tolerance Policy on Human Trafficking

Contractor acknowledges that the County has established a Zero Tolerance Policy on Human Trafficking prohibiting contractors from engaging in human trafficking.

If a Contractor or member of Contractor's staff is convicted of a human trafficking offense, the County will require that the Contractor or member of Contractor's staff be removed immediately from performing services under the Contract. County will not be under any obligation to disclose confidential information regarding the offenses other than those required by law.

Disqualification of any member of Contractor's staff pursuant to this paragraph will not relieve Contractor of its obligation to complete all work in accordance with the terms and conditions of this Contract.

8.56 Intentionally Omitted

8.57 Compliance with Fair Chance Employment Hiring Practices

Contractor, and its subcontractors, must comply with fair chance employment hiring practices set forth in California Government Code Section 12952. Contractor's violation of this paragraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract.

8.58 Compliance with the County Policy of Equity

The Contractor acknowledges that the County takes its commitment to preserving the dignity and professionalism of the workplace very seriously, as set forth in the County Policy of Equity (CPOE) (<https://ceop.lacounty.gov/>). The Contractor further acknowledges that the County strives to provide a workplace free from discrimination, harassment, retaliation, and inappropriate conduct based on a protected characteristic, and which may violate the CPOE. The Contractor, its employees and subcontractors acknowledge and certify receipt and understanding of the CPOE. Failure of the Contractor, its employees, or its subcontractors to uphold the County's expectations of a workplace free from harassment and discrimination, including inappropriate conduct based on a protected characteristic, may subject the Contractor to termination of contractual agreements as well as civil liability.

8.59 Prohibition from Participation in Future Solicitation(s)

A Proposer, or a Contractor, or its subsidiary, or Subcontractor ("Proposer/Contractor") is prohibited from submitting a bid or proposal in a County solicitation if the Proposer/Contractor has provided advice or consultation for the solicitation. A Proposer/Contractor is also prohibited from submitting a bid or proposal in a County solicitation if the Proposer/Contractor has developed or prepared any of the solicitation materials on behalf of the County. A violation of this provision will result in the disqualification of the Contractor/Proposer from participation in the County solicitation or the termination or cancellation of any resultant County contract.

8.60 Injury and Illness Prevention Program

Contractor will be required to comply with the State of California's Cal OSHA's regulations. California Code of Regulations Title 8 Section 3203 requires all California employers to have a written, effective Injury and Illness Prevention Program (IIPP) that addresses hazards pertaining to the particular workplace covered by the program.

8.61 Intentionally Omitted

8.62 Transition Services

In the event of expiration or termination of this Contract for any reason, Contractor must provide transition services to the County at no additional cost to the County. Such transition services include fully cooperating and taking all steps required, or reasonably requested, to make an orderly transition of the Services and County Information from Contractor to another system or provider. Contractor must provide all County Data back to the County in both the Contractor's data format and a platform agnostic standard format determined by the County, unless a different format is reasonably agreed to between the parties at the time of transition.

Contractor understands and agrees that County has obligations that it cannot satisfy without use of the Services or an equivalent, and that a failure to satisfy such transition service obligations could result in irreparable damage to County and the entities it serves. Therefore, Contractor agrees that in the event of such termination of this Contract, Contractor must fully cooperate with County in the transition of County to a new system, to ensure there is no interruption of County's day-to-day operations due to the unavailability of the System during such transition.

8.63 Acceptance

- 8.63.1** The System, Services, Deliverables, and milestones (if applicable) will be subject to acceptance and acceptance testing by the County, in its sole discretion, as more fully described in Exhibit A, SOW.
- 8.63.2** Production Use will not be deemed acceptance or Final Acceptance of the System, Services, Deliverables, or milestones.
- 8.63.3** If the County's Project Director makes a good faith determination at any time that the System (as a whole, or any component thereof), Services, Deliverables, and/or milestones has not successfully completed an Acceptance Test or has not achieved Final Acceptance (collectively referred to for purposes of this Subparagraph 8.63.3 as "Designated Test"), the County's Project Director will promptly notify the Contractor in writing of such failure, specifying with as much detail as possible the manner in which the System, Services, Deliverables, or milestones failed to pass the applicable Designated Test. Contractor must immediately commence all reasonable efforts to complete, as quickly as possible, such necessary corrections, repairs, and modifications to the System, Services, Deliverables, milestones, and/or System as will permit the System, Services, Deliverables, milestones, and/or System to be ready for retesting. Contractor must notify the County's Project Director in writing when such corrections, repairs, and modifications have been completed, and the applicable Designated Test will begin

again. If, after the applicable Designated Test has been completed for a second time, the County's Project Director makes a good faith determination that the System, Services, Deliverables, or milestones again fails to pass the applicable Designated Test, the County's Project Director will promptly notify Contractor in writing, specifying with as much detail as possible the manner in which the System, Services, Deliverables, or milestones failed to pass the applicable Designated Test. Contractor must immediately commence all reasonable efforts to complete, as quickly as possible, such necessary corrections, repairs, and modifications to the System, Services, Deliverables, or milestones as will permit the System, Services, Deliverables, or milestones to be ready for retesting.

8.63.4 Such procedure will continue until such time as County notifies Contractor in writing either: (i) of the successful completion of such Designated Test; or (ii) that County has concluded, subject to the Dispute Resolution Procedure, that satisfactory progress toward such successful completion of such Designated Test is not being made, in which latter event County will have the right to make a determination, which will be binding and conclusive on Contractor, that a non-curable default has occurred and to terminate this Contract in accordance with Subparagraph 8.43 (Termination for Default) on the basis of such non-curable default.

8.63.5 Such a termination by the County may be, subject to the Dispute Resolution Procedure, as determined by the County in its sole judgment: (i) a termination with respect to one or more of the components of the System; (ii) a termination of any part of Exhibit A, SOW, relating to the System, Service(s), Deliverable(s), and/or milestone(s) that is (are) not performing or conforming as required herein; or (iii) a termination of the entire Contract if County believes the failure to pass the applicable Designated Test materially affects the functionality, performance, or desirability to the County of the System as a whole. In the event of a termination under this Subparagraph 8.57.5, County will have the right to receive from the Contractor, within ten days of written notice of termination, reimbursement of all payments made to the Contractor by the County under this Contract for the component(s), System, Service(s), Deliverable(s), or milestone(s) as to which the termination applies or, if the entire Contract is terminated, all amounts paid by the County to the Contractor under this Contract. If the termination applies only to one or more System component(s), at County's sole option, any reimbursement due to it may be credited against other sums due and payable by the County to the Contractor. The foregoing is without prejudice to any other rights that may accrue to the County or Contractor under the terms of this Contract or by law.

8.64 Integration/Interfacing

Contractor must develop and deliver the Interfaces identified in Exhibit A, SOW, as part of the System. If the System is to be integrated/interfaced with other software, equipment, and/or systems provided by the Contractor or at the direction of the Contractor, including any customizations or enhancements, the System will not be deemed to have achieved Final Acceptance by the County until the System and such other systems have been successfully integrated/interfaced and accepted by the County in accordance with the terms of this Contract. For example, if Contractor is to provide System consisting of multiple modules or that includes enhancements, acceptance of any individual module or enhancement will not be final until County accepts all of the System and modules or enhancements integrated/interfaced together as a complete system, including the operation in conformance with the terms of this Contract. Contractor must not obtain any ownership interest in any other systems merely because they were interfaced, integrated, or used with any software.

8.65 Communication Systems and Access to Information

During the Contract Term, Contractor may receive access to the County's software, computers, equipment, and electronic communications systems (in this Subparagraph 8.65, Communication Systems and Access to Information) including, but not limited to, voicemail, email, customer databases, and internet and intranet systems. Such County systems are intended for legitimate business use related to County's business. Contractor acknowledges that Contractor does not have any expectation of privacy as between Contractor and County in the use of or access to County systems and that all communications made with such County systems or equipment by or on behalf of the Contractor are subject to County's scrutiny, use, and disclosure, in County's discretion. County reserves the right, for business purposes and activities, to monitor, review, audit, intercept, access, archive, and/or disclose materials sent over, received by or from, or stored in any of its electronic County systems. This includes, without limitation, email communications sent by users across the internet and intranet from and to any domain name owned or operated by County. This also includes, without limitation, any electronic communication system that has been used to access any of the County systems. Contractor further agrees that Contractor will use all appropriate security such as, for example, encryption and passwords (Contractor must provide passwords and keys to the County) to protect County Information from unauthorized disclosure (internally or externally) and that the use of such security does not give rise to any privacy rights in the communication as between the Contractor and County. County reserves the right to override any security passwords to obtain access to voicemail, email, computer (and software or other applications) and/or computer disks on County systems. Contractor also acknowledges that County reserves the right, for any business purposes and activities, to search all work areas (e.g., offices, cubicles, desks, drawers, cabinets,

computers, computer disks, and files) and all personal items brought onto County property or used to access County Information or County systems.

8.66 Time is of the Essence

Time is of the essence with regard to Contractor's performance of the Services.

8.67 No Offshore Work

All Services under this Contract must be performed and rendered, and all County Information must be hosted within the continental United States. In particular, Contractor warrants that it will not transmit or make available any County Information or documents to any entity or individual outside the continental United States.

9.0 UNIQUE TERMS AND CONDITIONS

9.1 Health Insurance Portability and Accountability Act of 1996 (HIPAA)

The County is subject to the Administrative Simplification requirements and prohibitions of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 (HIPAA), and regulations promulgated thereunder, including the Privacy, Security, Breach Notification, and Enforcement Rules at 45 Code of Federal Regulations (C.F.R.) Parts 160 and 164 (collectively, the "HIPAA Rules"). Under this Contract, the Contractor provides services to the County and the Contractor creates, has access to, receives, maintains, or transmits Protected Health Information as defined in Exhibit I (Business Associate Under Health Insurance Portability and Accountability Act of 1996 ("HIPAA")) in order to provide those services. The County and the Contractor therefore agree to the terms of Exhibit I (Business Associate Under Health Insurance Portability and Accountability Act of 1996 ("HIPAA")).

9.2 Ownership of Materials, Software and Copyright

9.2.1 County will be the sole owner of all right, title, and interest, including copyright, in and to all software, plans, diagrams, facilities, and tools (hereafter "materials") which are originated or created through the Contractor's work pursuant to this Contract. The Contractor, for valuable consideration herein provided, must execute all documents necessary to assign, transfer to, and vest in the County all of the Contractor's right, title, and interest in and to such original materials, including any copyright, patent, and trade secret rights which arise pursuant to the Contractor's work under this Contract.

9.2.2 During the term of this Contract and for five (5) years thereafter, the Contractor must maintain and provide security for all of the Contractor's working papers prepared under this Contract. County will have the right to inspect, copy, and use at any time during and subsequent to the term

of this Contract, any and all such working papers and all information contained therein.

9.2.3 Any and all materials and tools which are developed or were originally acquired by the Contractor outside the scope of this Contract, which the Contractor desires to use hereunder, and which the Contractor considers to be proprietary or confidential, must be specifically identified by the Contractor to the County's Project Manager as proprietary or confidential, and must be plainly and prominently marked by the Contractor as "Proprietary" or "Confidential" on each appropriate page of any document containing such material.

9.2.4 The County will use reasonable means to ensure that the Contractor's proprietary and/or confidential items are safeguarded and held in confidence. The County agrees not to reproduce, distribute, or disclose to non-County entities any such proprietary and/or confidential items without the prior written consent of the Contractor.

9.2.5 Notwithstanding any other provision of this Contract, the County will not be obligated to the Contractor in any way under subparagraph 9.2.4 for any of the Contractor's proprietary and/or confidential items which are not plainly and prominently marked with restrictive legends as required by subparagraph 9.2.3 or for any disclosure which the County is required to make under any state or federal law or order of court.

9.3 Patent, Copyright and Trade Secret Indemnification

9.3.1 The Contractor must indemnify, hold harmless, and defend County from and against any and all liability, damages, costs, and expenses, including, but not limited to, defense costs and attorneys' fees, for or by reason of any actual or alleged infringement of any third party's patent or copyright, or any actual or alleged unauthorized trade secret disclosure, arising from or related to the operation and utilization of the Contractor's work under this Contract. County will inform the Contractor as soon as practicable of any claim or action alleging such infringement or unauthorized disclosure and will support the Contractor's defense and settlement thereof.

9.3.2 In the event any equipment, part thereof, or software product becomes the subject of any complaint, claim, or proceeding alleging infringement or unauthorized disclosure such that County's continued use of such item is formally restrained, enjoined, or subjected to a risk of damages, the Contractor, at its sole expense, and providing that County's continued use of the system is not materially impeded, must either:

- Procure for County all rights to continued use of the questioned equipment, part, or software product; or

- Replace the questioned equipment, part, or software product with a non-questioned item; or
- Modify the questioned equipment, part, or software so that it is free of claims.

9.3.3 The Contractor will have no liability if the alleged infringement or unauthorized disclosure is based upon a use of the questioned product, either alone or in combination with other items not supplied by the Contractor, in a manner for which the questioned product was not designed nor intended.

9.4 Data Destruction

Contractor(s) that have maintained, processed, or stored the County data and/or information, implied or expressed, have the sole responsibility to certify that the data and information have been appropriately destroyed consistent with the National Institute of Standards and Technology (NIST) Special Publication SP 800-88 titled Guidelines for Media Sanitization. Available at:

<http://csrc.nist.gov/publications/PubsDrafts.html#SP-800-88 Rev.%201>

The data and/or information may be stored on purchased, leased, or rented electronic storage equipment (e.g., printers, hard drives) and electronic devices (e.g., servers, workstations) that are geographically located within the County, or external to the County's boundaries. The County must receive, within ten (10) business days of data destruction, a signed document from Contractor(s) that certifies and validates the data and information were placed in one or more of the following stored states: unusable, unreadable, and/or indecipherable.

Contractor(s) must provide County with written certification, within ten (10) business days of removal of any electronic storage equipment and devices, that validates that any and all County data was destroyed and is unusable, unreadable, and/or indecipherable.

9.5 Contractor's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete Exhibit J (Charitable Contributions Certification), the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises

charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)

THERE'S A BETTER CHOICE. SAFELY SURRENDER YOUR BABY.

Any fire station. Any hospital. Any time.

No shame | No blame | No names

Some parents of newborns can find themselves in difficult circumstances. Sadly, babies are sometimes harmed or abandoned by parents who feel that they're not ready or able to raise a child. Many of these mothers or fathers are afraid and don't know where to turn for help.

This is why California has a Safely Surrendered Baby Law, which gives parents the choice to legally leave their baby at any hospital or fire station in Los Angeles County.

FIVE THINGS YOU NEED TO KNOW ABOUT BABY SAFE SURRENDER

- 1 Your newborn can be surrendered at any hospital or fire station in Los Angeles County up to 72 hours after birth.
- 2 You must leave your newborn with a fire station or hospital employee.
- 3 You don't have to provide your name.
- 4 You will only be asked to voluntarily provide a medical history.
- 5 You have 14 days to change your mind; a matching bracelet (parent) and anklet (baby) are provided to assist you if you change your mind.

No shame | No blame | No names

ABOUT THE BABY SAFE SURRENDER PROGRAM

In 2002, a task force was created under the guidance of the Children's Planning Council to address newborn abandonment and to develop a strategic plan to prevent this tragedy.

Los Angeles County has worked hard to ensure that the Safely Surrendered Baby Law prevents babies from being abandoned. We're happy to report that this law is doing exactly what it was designed to do: save the lives of innocent babies. Visit BabySafeLA.org to learn more.

FROM SURRENDER TO ADOPTION: ONE BABY'S STORY

Los Angeles County firefighter Ted and his wife Becki were already parents to two boys. But when they got the call asking if they would be willing to care for a premature baby girl who'd been safely surrendered at a local hospital, they didn't hesitate.

Baby Jenna was tiny, but Ted and Becki felt lucky to be able to take her home. "We had always wanted to adopt," Ted says, "but taking

home a vulnerable safely surrendered baby was even better. She had no one, but now she had us. And, more importantly, we had her."

Baby Jenna has filled the longing Ted and Becki had for a daughter—and a sister for their boys. Because her birth parent safely surrendered her when she was born, Jenna is a thriving young girl growing up in a stable and loving family.

ANSWERS TO YOUR QUESTIONS

Who is legally allowed to surrender the baby?

Anyone with lawful custody can drop off a newborn within the first 72 hours of birth.

Do you need to call ahead before surrendering a baby?

No. A newborn can be surrendered anytime, 24 hours a day, 7 days a week, as long as the parent or guardian surrenders the child to an employee of the hospital or fire station.

What information needs to be provided?

The surrendering adult will be asked to fill out a medical history form, which is useful in caring for the child. The form can be returned later and includes a stamped return envelope. No names are required.

What happens to the baby?

After a complete medical exam, the baby will be released and placed in a safe and loving home, and the adoption process will begin.

What happens to the parent or surrendering adult?

Nothing. They may leave at any time after surrendering the baby.

How can a parent get a baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days by calling the Los Angeles County Department of Children and Family Services at (800) 540-4000.

If you're unsure of what to do:

You can call the hotline 24 hours a day, 7 days a week and anonymously speak with a counselor about your options or have your questions answered.

**BUSINESS ASSOCIATE AGREEMENT
UNDER THE HEALTH INSURANCE PORTABILITY
AND ACCOUNTABILITY ACT OF 1996 (HIPAA)**

County is a Covered Entity as defined by, and subject to the requirements and prohibitions of, the Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 (HIPAA), and regulations promulgated thereunder, including the Privacy, Security, Breach Notification, and Enforcement Rules at 45 Code of Federal Regulations (C.F.R.) Parts 160 and 164 (collectively, the "HIPAA Rules").

Contractor performs or provides functions, activities or services to County that require Contractor in order to provide such functions, activities or services to create, access, receive, maintain, and/or transmit information that includes or that may include Protected Health Information, as defined by the HIPAA Rules. As such, Contractor is a Business Associate, as defined by the HIPAA Rules, and is therefore subject to those provisions of the HIPAA Rules that are applicable to Business Associates.

The HIPAA Rules require a written agreement ("Business Associate Agreement") between County and Contractor in order to mandate certain protections for the privacy and security of Protected Health Information, and these HIPAA Rules prohibit the disclosure to or use of Protected Health Information by Contractor if such an agreement is not in place.

This Business Associate Agreement and its provisions are intended to protect the privacy and provide for the security of Protected Health Information disclosed to or used by Contractor in compliance with the HIPAA Rules.

Therefore, the parties agree as follows:

1. DEFINITIONS

- 1.1 "Breach" has the same meaning as the term "breach" at 45 C.F.R. § 164.402.
- 1.2 "Business Associate" has the same meaning as the term "business associate" at 45 C.F.R. § 160.103. For the convenience of the parties, a "business associate" is a person or entity, other than a member of the workforce of covered entity, who performs functions or activities on behalf of, or provides certain services to, a covered entity that involve access by the business associate to Protected Health Information. A "business associate" also is a subcontractor that creates, receives, maintains, or transmits Protected Health Information on behalf of another business associate. And in reference to the party to this Business Associate Agreement "Business Associate" will mean Contractor.

- 1.3 "Covered Entity" has the same meaning as the term "covered entity" at 45 C.F.R. § 160.103, and in reference to the party to this Business Associate Agreement, "Covered Entity" will mean County.

SUBJECT: **NOTICE OF INTENT TO NEGOTIATE AND EXECUTE A NEW SOLE SOURCE CONTRACT WITH PANORAMIC SOFTWARE, INC., TO REPLACE THE CLIENT AND ASSET MANAGEMENT SYSTEM**

In accordance with the Los Angeles County Board of Supervisors' (Board) Policy No. 5.100 (Sole Source Contracts), this notification is to inform you that the Department of Mental Health (DMH) intends to negotiate and execute a sole source contract with Panoramic Software, Inc. (Panoramic), to replace the Public Guardian's (PG) Client and Asset Management System (CAMS) legacy software, which has reached end-of-life.

Following the conclusion of sole source negotiations, DMH will request that your Board approve the execution of a new Contract with Panoramic on a sole source basis, thereafter. The costs to procure Panoramic, which includes initial data conversion, training, and system deployment for Fiscal Year 2023-24 is approximately \$600,000, fully funded by 2011 Mental Health Realignment.

JUSTIFICATION

In 2011, PG and the Public Administrator (PA), a branch of Treasurer and Tax Collector (TTC), began using CAMS which was developed using Oracle technology. The Departments were notified that this legacy platform has reached end-of-life and will not be supported long-term. The Internal Services Department (ISD) maintains and supports CAMS and was able to procure extended support from Oracle through December 2023. However, Oracle has not committed to extending support beyond that date, and any

extension past this date would not be in the County's best interest due to the level of risk associated with antiquated technology and information security. ISD suggested that a viable option was to re-write the CAMS software, however, this option was not feasible due to cost and time constraints for development and implementation of a new custom system before the CAMS end-of-life deadline.

As such, the decision was made to find a different solution. TTC released a Request for Information (RFI) No. TTC RFI 2021-01 CAMS on October 28, 2021, to explore whether an existing off-the-shelf product could meet the County's operational needs. Two software vendors responded to the RFI, and both Departments participated in reviewing and testing the two software solutions. Consistent with TTC's findings, DMH determined that Panoramic best met its needs. Panoramic is currently offering software solutions to approximately 80% of the PA and PG programs statewide, and although it is anticipated that the PG implementation will be significantly complex, DMH expects to implement the Panoramic software prior to the end-of-life deadline of the current CAMS legacy system. In order to ensure that PG is best positioned to account for and safeguard the assets entrusted into their care, and manage cases in accordance with statutory requirements, DMH recommends entering into a sole source contract with Panoramic.

NOTIFICATION TIMELINE

Pursuant to Board Policy No. 5.100, DMH is required to provide advance written notice and justification to the Board at least four weeks prior to commencing contract negotiations for a new sole source contract. The Chief Information Office has reviewed and concurs with this sole source justification. In addition, this matter was briefed by DMH at the Operations Cluster Meeting on June 28, 2023 and briefed by TTC at the April 26, 2023 Operations Cluster Meeting. Unless otherwise instructed by your Board office within four weeks of this notice, DMH will begin contract negotiations with Panoramic.

	➤ It is more cost-effective to obtain services by exercising an option under an existing contract.
	➤ It is in the best economic interest of the County (e.g., significant costs to replace an existing system or infrastructure, administrative cost savings and excessive learning curve for a new service provider, etc.) In such cases, departments must demonstrate due diligence in qualifying the cost-savings or cost-avoidance associated with the best economic interest of the County.

APPROVAL TO EXECUTE A SOLE SOURCE CONTRACT WITH PANORAMIC SOFTWARE, INC. TO REPLACE THE CLIENT AND ASSET MANAGEMENT SYSTEM

CONTRACT TYPE:

New Contract Sole Source Amendment to Contract #: Enter contract #

SUMMARY:

Description:

The Department of Mental Health (DMH) is requesting the Board's approval to negotiate, sign and execute a sole source contract with Panoramic Software, Inc. to replace the Public Guardian's (PG) Client and Asset Management System (CAMS). This sole source contract will be effective upon execution for three years, with an option to extend for two additional one-year terms. The Contract will be funded by 2011 Realignment – Mental Health revenue with a Total Contract Sum of \$1,458,000.

DMH is also requesting delegated authority to prepare, sign and execute future amendments to the sole source contract to revise Contract language; add, delete, modify, or replace the Statement of Work (SOW); allow for rollover of unspent funds between categories and years; reflect Federal, State and County regulatory and/or policy changes; increase the Total Contract Sum provided that: 1) It not exceed an increase of 20 percent from the Board approved total contract sum, and 2) sufficient funds are available. These amendments will be subject to prior review and approval as to form by County Counsel, with written notice to the Board and the Chief Executive Officer (CEO).

DMH is also requesting delegated authority to terminate the sole source contract in accordance with the Contract's termination provisions, including Termination for Convenience. The Director of DMH will notify the Board of such termination action.

Contract Amount: \$1,458,000

APPROVAL TO EXECUTE A SOLE SOURCE CONTRACT WITH PANORAMIC SOFTWARE, INC. TO REPLACE THE CLIENT AND ASSET MANAGEMENT SYSTEM

FINANCIAL ANALYSIS:

Contract costs:

Data Conversion, Training, System Deployment	\$	115,000
Hosting, Maintenance, Support (3 years)	\$	1,343,000
Total costs:.....	\$	1,458,000

Notes:

The Maximum Contract Sum for the initial three-year term of the Contract is \$1,458,000. Funding for the first year of the Contract is included in DMH’s FY 2023-24 Final Adopted Budget and funded by Realignment – Mental Health revenue. Funding for future years will be requested through DMH’s annual budget process. The Department did not allocate Pool Dollars for this project.

RISKS:

1. Quality of Services: In 2011, DMH’s PG and Treasurer and Tax Collector’s (TTC) Public Administrator worked with cFive Information Systems to develop CAMS using Oracle software. However, this legacy system has reached end-of-life and will not be supported long term. Oracle will only support the CAMS legacy system for another year during which the Panoramic system will be implemented. Because of the end-of-life issue, this Contract is time sensitive in order to avoid interruption to DMH’s client and asset management responsibilities.

The proposed Contract for the new cloud-based system includes an appropriate Service Level Agreement that requires 99 percent system availability during prime hours (7:00am-7:00pm) and 95percent system availability during non-prime hours (7:00pm-7:00am). Severity Levels for outages are clearly defined (Urgent, High, Medium, Low) each with its documented response time and specific service credits if response times are not met. Outage Notification Objectives are also documented. There is also a Quality Assurance Plan that the County will use to evaluate the Contractor’s performance and Quality Control and Business Continuity Plans that the Contractor must establish to ensure that requirements of the Contract are met. Each Contractor invoice will include a 20 percent Holdback to be released at after Final Acceptance. The SOW for this proposed Contract is well-structured and includes key Deliverables including:

- Implementation Plan
- Data Conversion and Migration Plan
- Conversion Test Results
- Testing Strategy, Plans and Procedures
- System Training and Documentation

APPROVAL TO EXECUTE A SOLE SOURCE CONTRACT WITH PANORAMIC SOFTWARE, INC. TO REPLACE THE CLIENT AND ASSET MANAGEMENT SYSTEM

- 2. Project Management and Governance:** The Office of the Chief Information Officer (OCIO) recommends strong project governance and a dedicated project manager to adhere to schedule, budget, scope, and to manage vendor performance. The OCIO has verified that there will be an Executive Sponsor and Project Manager from DMH. Because DMH’s PG and TTC’s Public Administrator currently share a system (CAMS), the OCIO requested that the departments explore the possibility of remaining on one system (CAMS) to improve costs and negotiating position. However, after exploring that option, TTC determined that there was no advantage to remaining on one system because the Contractor provides the PA and PG modules separately. TTC and DMH explored multiple options before recommending this sole source Contract, including working with Internal Services Department and Oracle to discuss extended support for the current system. However, because of the risks associated with that option, the decision was made not to pursue that option. Instead TTC and DMH conducted a market scan and tested multiple systems before selecting Panoramic. The system offered by Panoramic is unique to PG, and Panoramic currently provides software solutions to the majority of similar programs statewide.
- 3. Information Security:** The County’s Office of the Chief Information Security Officer reviewed the security components of this Contract and indicated that the security documents are in order for a Software-as-a-Service implementation – including the Business Associates Agreement under HIPAA and the Information Security and Privacy Requirements Exhibit. The Contract includes Cyber Liability insurance with limits of \$2 million per occurrence and \$5 million in the aggregate.
- 4. Contract Risks:** No Contract risks have been identified. County Counsel approved the proposed Contract as to form. The Contract includes Commercial General Liability insurance of \$1 million per occurrence and \$2 million in the aggregate.
