Agenda #	Relate To	Position	Name	Comments
2.		Favor	Henry Lo	Based on data from the County of Los Angeles Workforce Demographics website as of February 2023, only 8% of managers are executive managers despite AAPIs constituting 19% of the County workforce and 17% of the population. As this role oversees processes and programs that will impact the AAPI community, I ask that engagement and collaboration with AAPI communities be taken into consideration when selecting leadership for this role.
