Public Comment		Favor	Resident Resident	How can options for justice be increased for victims of violent crime?
		Oppose	David Johnson	Here are the reasons why Michael Owh should not be made Director of the Internal Services Department. His history with lvalua did not stop in NYC.
		Other	Jared R Diamond	The CalFresh Los Angeles County Offices seriously needs a full review. I am a student at the California State University of Los Angeles and I have been wrestling with the Los Angeles office to receive my benefits for the last two months. I had not been receiving any communications and I was told that it was "a simple glitch in the system" that lead to my account and benefits eventually being closed through no fault of my own. The LA County's office's lack of online chat, inability to call back, and general sluggishness has led to me skipping classes just to stay on hold for hours to sort this whole situation out. As a student at the mercy of the system, the system having "simple glitches" that cause me to miss out on benefits for a month is entirely unacceptable.
			Keith Robinson	Public Safety: What is the board doing to increase retention and recruitment for the Sheriff's Department? Our Sheriffs Department Personnel are leaving the department rapidly and the remaining members of the department are being stretched thin with unsustainable overtime.

			Yoanna Acosta	Parking enforcement cannot be moved to Public Works, the sheriff should be the ones that have that power and can actually enforce it!
