

MOTION BY SUPERVISOR LINDSEY P. HORVATH

April 9, 2024

**Authorize the Los Angeles County Development Authority to Act as an Agent of the County to Conduct Monitoring Duties for Homekey Projects and Other County-Led Affordable Housing Projects**

In July 2020, Governor Gavin Newsom announced the Homekey Program ("Homekey"), which made \$500 million available for local jurisdictions to purchase hotels and other properties to be used as interim and permanent housing for people experiencing homelessness ("PEH") who have been impacted by COVID-19, and \$50 million available for operating subsidies. Later in 2020, Governor Newsom announced the addition of another \$200 million in funding for Homekey. In September 2021, the California Department of Housing and Community Development ("HCD") announced the availability of approximately \$1.45 billion in Homekey grant funding through its Round 2 Notice of Funding Availability ("NOFA").

In Round 1 of Homekey, the County of Los Angeles ("County") was awarded \$108 million to acquire ten (10) properties with a combined 847 units for use as Permanent Supportive Housing ("PSH") for PEH who had been impacted by COVID-19, and to temporarily subsidize operations. For Round 2 of Homekey, the County partnered with

BARGER	_____
HORVATH	_____

co-applicants to apply for Homekey funding and was awarded funds for fourteen (14) projects; these consist of 720 units of interim and permanent housing across the County.

Building on the success of Homekey Rounds 1 and 2, HCD released the NOFA for Homekey Round 3 on March 29, 2023, and the County once again partnered with co-applicants to submit applications through the Homekey Round 3 NOFA. To date, the County and the selected co-applicants have been awarded approximately \$162.5 million for eight (8) projects – one (1) interim housing project for single adults, three (3) interim housing projects for youth, and four (4) PSH projects, totaling 562 units. An exhibit outlining Homekey Round 1, 2, and 3 (collectively, "Rounds") projects is attached hereto as Exhibit A.

In connection with obtaining Homekey funds for each Homekey project, the County has entered or will enter into Standard Agreements (the "PHK Standard Agreements"), between HCD, the County, and the selected co-applicants (collectively, "Grantees") which require Grantees to encumber all Homekey projects with use restrictions and affordability covenants ("PHK Restrictive Covenants") that comply with the terms described in the NOFAs. The specific terms of the PHK Restrictive Covenants vary between each of the Rounds of Homekey and depending on whether the project is an interim or PSH project; the PHK Restrictive Covenants may address commitments to target population and affordability, among other varying provisions. All PHK Restrictive Covenants will be recorded with the Los Angeles County Registrar-Recorder and contain the applicable covenants regarding Homekey project affordability, target population, and any other provisions as required by HCD.

The County has requested that the Los Angeles County Development Authority ("LACDA") act as an agent of the County to monitor Grantees' compliance with the PHK Standard Agreements, PHK Restrictive Covenants, and other PHK Program reporting requirements (the "PHK Monitoring Activities").

In addition to Homekey, the County may also own, operate, fund, or subsidize other Affordable Housing projects ("County-led Affordable Housing projects"). These are typically projects that have been explicitly supported or initiated by a Board Office that have an affordable housing component. These other County-led Affordable Housing projects may be located on County-owned land, have received capital funding and/or operating subsidies from the County, and shall all have entered into a Restrictive Covenant ("County-led Affordable Housing Restrictive Covenant") which may address commitments to target population and affordability, among other varying provisions. The County may, on an as-needed basis, request that LACDA act as an agent of the County to monitor these County-led Affordable Housing projects and their compliance with County-led Affordable Housing Restrictive Covenants and any other agreements thereto.

LACDA conducts monitoring activities for its own portfolio of projects and has the necessary expertise and experience to perform this function. The County and LACDA will enter into an agreement authorizing LACDA to act as the agent of the County in monitoring the approved PSH and interim Homekey projects in accordance with the PHK Standard Agreements, PHK Restrictive Covenants and other PHK Program regulations (the "PHK Agreements"), and the County shall pay (or cause to the Grantees to pay) an annual monitoring fee of \$7,150 per PSH Homekey project, escalating at 2.5% per annum and the County shall pay (or cause the Grantees to pay) an annual monitoring fee which

amount has yet to be determined per interim Homekey project and any other County-led Affordable Housing project (the monitoring fees for the PSH Homekey projects, interim Homekey projects, and any other County-led Affordable Housing project shall be collectively referred to herein as the “Monitoring Fee”). The County and LACDA will enter into subsequent agreements with the Grantees to establish the terms of PHK Monitoring Activities by LACDA, on behalf of the County, for each approved Homekey project.

**I, THEREFORE, MOVE** that the Board of Supervisors:

1. Find that the below actions do not constitute a project under Public Resources Code section 21065 and are excluded from the definition of a project under section 15378(b) of the California Environmental Quality Act (CEQA) Guidelines. The activities involved are organizational or administrative activities of government that do not involve any commitment to any specific project that may result in a potentially significant physical impact on the environment and will not result in any direct or indirect physical changes in the environment.
2. Designate LACDA, through its Executive Director, or his designee, to act as an agent of the County in monitoring development projects approved for the Homekey Program and other County-led Affordable Housing projects, as agreed to by the County and LACDA.
3. Authorize the Chief Executive Officer, or her designee, to negotiate and execute monitoring agreements with LACDA and Grantees and other County-led Affordable Housing projects as agreed to by the CEO and LACDA, and to execute any subsequent amendments thereto, upon review and approval as to form by County Counsel.

**I FURTHER MOVE** that the Board of Supervisors, acting as the Board of Commissioners for LACDA:

1. Find that the below actions do not constitute a project under Public Resources Code section 21065 and are excluded from the definition of a project under section 15378(b) of the California Environmental Quality Act (CEQA) Guidelines. The activities involved are organizational or administrative activities of government that do not involve any commitment to any specific project that may result in a potentially significant physical impact on the environment and will not result in any direct or indirect physical changes in the environment.
2. Accept the designation to act as the agent of the County in monitoring development projects approved pursuant to the Homekey Program and other County-led Affordable Housing projects, as agreed to by the County and LACDA.
3. Authorize the Executive Director of LACDA, or his designee, to negotiate and execute a monitoring agreement with the County to act as the agent of the County in monitoring the Homekey Program projects and other County-led Affordable Housing projects as agreed to by the CEO and LACDA, and to execute any subsequent amendments thereto.
4. Authorize the Executive Director of LACDA, or his designee, as agent of the County, to negotiate and execute monitoring agreements with Homekey Program Grantees and development teams from other County-led Affordable Housing projects to monitor compliance with the recorded covenants, and to execute any subsequent amendments to such agreements.

5. Authorize the Executive Director of LACDA, or his designee, as agent of the County, to collect an annual monitoring fee of \$7,150 (escalating at 2.5% per annum) per PSH Homekey project; to collect an annual monitoring fee which amount has yet to be determined per interim Homekey project; and to collect an annual monitoring fee for any other County-led Affordable Housing project which amount has yet to be determined.
