80.		Oppose	Monisha Parker	<p>Dear Chief Executive Office,</p> <p>I am writing to express my concern regarding the proposal to employ a retired county employee on a temporary basis. As a resident of Los Angeles County, I strongly urge you to reconsider this decision, as it would have a negative impact on our county's budget.</p> <p>Allowing a retired county employee to return to work on a temporary basis may seem like a cost-effective solution. However, it is important to consider the long-term financial implications of this decision. The County of Los Angeles is already facing budget constraints, and this move would only add to the financial burden.</p> <p>Moreover, employing a retired employee on a temporary basis could also create issues with fairness and equality within the county's workforce. It may lead to resentment among the current employees who have been working hard to secure their positions.</p> <p>I understand that the county may be facing a shortage of staff in certain departments, and it is essential to fill these positions. However, I believe that there are more sustainable and equitable solutions that could be explored, such as hiring new employees or offering incentives for current employees to work overtime.</p> <p>Additionally, I would like to highlight the fact that retired county employees are entitled to receive pension benefits. By bringing them back on a temporary basis, we would be paying them their pension benefits as well as a salary, which would be an unnecessary financial burden on the county.</p> <p>In conclusion, I urge you to reconsider the proposal to employ a retired county employee on a temporary basis. Instead, I request that you explore alternative solutions that would not only be cost-effective but also fair to all employees. Thank you for considering my concerns.</p> <p>Sincerely, Monisha Parker</p>
