AND LINDSEY P. HORVATH

**Proclaim May 3 - 27, 2024 as Los Angeles County Fair Days**

The Los Angeles County (County) Fair (Fair) began in 1922. The Fair is one of the top destinations in Southern California during its run, having more than 750,000 guests annually. Guests enjoy a family-friendly day of music, crafts, and food. The thrills of the carnival, musical entertainment in every corner of the fairgrounds, and attractions are held throughout 16 days.

In celebration of the 102nd Los Angeles County Fair, the Board of Supervisors joins the Pomona Fairplex in recognizing May 3 through May 27, 2024, as “L.A. County Fair Days.” This year’s theme is “Stars, Stripes and Fun,” which honors the vibrant medley of communities that make up Los Angeles County.

In addition, County employees are encouraged to visit the Fair on Saturday, May 4, 2024, for Los Angeles County Day at the Fair. County departments will have booths at the Fair to provide information and resources on County services. A favorite tradition, the County Day at the Fair parade, returns from a five-year hiatus with a procession of
