I am writing to you today to discuss the fee waiver for the 21st Annual County of Los Angeles Leadership Conference. As you may be aware, the conference is a significant event that brings together leaders from various sectors to share knowledge, network, and collaborate on pressing issues.</p> <p>In the past, the conference has been a great success, and we have been able to provide a valuable experience to our attendees. However, we have received feedback from some participants expressing concerns about the fee waiver per car. They believe that the current fee waiver is not sufficient to cover the costs associated with attending the conference, such as parking, fuel, and vehicle maintenance.</p> <p>To address these concerns and ensure that the conference remains accessible to all, I would like to propose a reduction in the fee waived per car. By doing so, we can help alleviate some of the financial burden on our attendees and make the conference more inclusive.</p> <p>Here are a few potential options for reducing the fee waived per car:</p> <ol style="list-style-type: none"> 1. Offer a sliding scale fee waiver based on the distance traveled: Attendees who live further away from the conference venue may be eligible for a higher fee waiver to help offset their travel costs. 2. Partner with local parking facilities to offer discounted rates: By negotiating discounted parking rates with nearby parking facilities, we can help reduce the overall cost of attending the conference. <p>I believe that implementing one or more of these options would not only address the concerns of our attendees but also demonstrate our commitment to making the conference accessible to all.</p> <p>Thank you for your time and consideration.</p> <p>Sincerely, Monisha Parker</p>
