37.		Oppose	Monisha Parker	<p>Dear Chief Executive Officer,</p> <p>I am writing to express my concern about the cost of the Office of the Assessor lease in Los Angeles County and to urge you to explore ways to reduce this expense.</p> <p>As you know, the County faces significant financial challenges, and reducing unnecessary spending is crucial for ensuring the efficient allocation of taxpayer dollars. The Office of the Assessor lease represents a substantial portion of our budget, and I believe there are opportunities to optimize this expenditure.</p> <p>Therefore, I propose the following actions be considered:</p> <p>Conduct a thorough review of current lease agreements: This review should assess the necessity of the current space, potential for downsizing, and alternative lease options within the county.</p> <p>Explore shared workspace models: Partnering with other county departments or agencies could provide opportunities for shared office space, reducing individual lease expenses.</p> <p>Investigate remote work options: Evaluating the feasibility of implementing remote work policies for eligible Assessor employees could significantly reduce the need for physical office space.</p> <p>Negotiate with current landlords: A review of the current lease agreements may reveal opportunities for renegotiation, potentially leading to reduced rent or improved terms.</p> <p>By taking these steps, we can significantly reduce the cost of the Office of the Assessor lease while maintaining the department's operational efficiency. I am confident that with your leadership and commitment, we can achieve significant cost savings without compromising the critical services provided by the Office of the Assessor.</p> <p>Thank you for your time and consideration.</p> <p>Sincerely,</p> <p>Monisha Parker</p>
