The Green Zone ~~Districts~~, Zone ()-GZ, are a Combining Zone established to identify industrially-zoned parcels, including those in a Specific Plan, that are within a 500-foot radius of a lot containing a sensitive use, and therefore, subject to specific land use regulations set forth in this Chapter. The Green Zone promotes environmental

justice in communities that are disproportionately affected by toxic pollutants and contaminants generated from various land uses over time. This Chapter provides regulations and procedures for new and existing land uses to ensure that such land uses will be operated in consideration of the surrounding sensitive uses as defined in Chapter 22.14 (Definitions), minimizing potential adverse health and safety impacts, and promoting clean industrial uses. ~~The Green Zone Districts are identified as the unincorporated communities of Avocado Heights, East Los Angeles, East Rancho Dominguez, Florence Firestone, South San Jose Hills, West Whittier-Los Nietos, Walnut Park, West Athens-Westmont, Willowbrook, West Carson, and West Rancho Dominguez-Victoria.~~

22.84.020 Applicability.

A. General Applicability. Except as specified otherwise in this Title 22, this Chapter applies to uses that are located in permitted zones within the Green Zone Districts, as depicted on Figure 22.84.050-A, and meet all criteria described below: parcels that are zoned ()-GZ and contain a new or legally-established existing use that is one of the following:
