21.		<b>Favor</b>	Hyepin C Im	Thank you to Supervisor Solis and Horvath for sponsoring this agenda item to do a study of State of AAAP in LA County. Contrary to the model minority myth, many AAPs in aggregate but especially when it is disaggregated, show many areas of great need. Yet, they are seriously underserved by the county. AAPs make up 17% of the County population but are poorly underserved by the county. It is our hope that this study will bring to light and address the needs of the community for equity and inclusion.
