Leadership Table and Executive Committee:

The Leadership Table embraces a *bias toward action* and will focus on mapping out a process for recommendations for the below regional goal categories during the initial launch phase:

1. Prevent people from falling into homelessness;
2. Increase the number of people moving from encampments into interim and/or permanent housing to reduce unsheltered homelessness;
3. Reduce the number of people with mental illness and/or substance use disorder who experience homelessness;
4. Increase the number of people permanently leaving homelessness;
5. Increase the number of affordable housing units in Los Angeles County.

Additional Questions for Discussion:

1. What do ECHRA members want Leadership Table representatives to know?
2. What do ECHRA members want to learn from the Leadership Table representatives?
3. What are the most important messages the Leadership Table representatives can communicate to the public?

Thank you!
