		Oppose	Monisha Parker	<p>Dear Board of Supervisors,</p> <p>I am writing to propose a cost-saving measure for our organization by reducing the contract for Microsoft Enterprise Server and Cloud Azure Services. As we continue to navigate through challenging economic times, it is imperative that we explore all avenues for potential savings without compromising the quality of services provided.</p> <p>One way to achieve cost reduction is by carefully reviewing our current contract with Microsoft and identifying areas where we can optimize our usage of Enterprise Server and Cloud Azure Services. By conducting a thorough assessment of our needs and usage patterns, we can tailor our contract to better align with our requirements, thereby reducing unnecessary expenses.</p> <p>Additionally, we can explore alternative solutions and providers that offer competitive pricing and comparable services to Microsoft. By diversifying our options and considering other vendors, we can leverage our bargaining power and negotiate more favorable terms that will result in significant cost savings for our organization.</p> <p>I urge the Board of Supervisors to consider this proposal and initiate a review of our current contract with Microsoft. By taking proactive measures to reduce our expenses, we can ensure the long-term financial sustainability of our organization while continuing to deliver high-quality services to our constituents.</p> <p>Thank you for your attention to this matter.</p> <p>Sincerely,</p> <p>Monisha Parker</p>
