15.		Favor	Andrew Freeman	This is a life saving resource for our community
			Aristotle Kousakis	An incredible effort to support an underrepresented group
			Benjamin Flowers	I'm thrilled to see this!
			Dorothy Wong	
			Drew Gosselin	Providing community-specific resources for LGBTQ+ youth provides a sense of visibility for an underrepresented group that often doesn't see resources ever granted specifically for them. This motion would provide a greater sense of representation for queer and trans youth in Los Angeles.
			Gregory Worswick	This could potentially improve mental health and wellbeing, promote inclusivity/acceptance, raise awareness, increase autonomy, etc. So so many valuable pros to this idea.
			Hector Ramirez	
			Jamee Jones	These closets and resources are necessary in providing gender diverse youth with support to affirm and express their identities free from discrimination and targeted harassment when shopping for personal items.
			Jered Mercer	This is a straightforward need to help protect and enhance the lives of our most vulnerable youth.
			Kenneth Lawrence Jr	
			Mathew Sanders	Supporting the provision of gender-affirming resources to LGBTQ+ youth is a crucial step in ensuring their well-being and mental health. These resources are not just about inclusion; they can be life-saving. By offering the support and affirmation these young individuals need, we are fostering a safer and more accepting environment where they can thrive. Even seemingly small actions like this can have profound, positive impacts on their lives, helping to prevent the tragic consequences of neglect and discrimination.

7.	15	Favor	Alejandra Aguilar-Avelino	During Pride Month, we celebrate and uplift our LGBTQ+ residents across the County. This includes recognizing the need to expand important services, like gender-affirming care. That is why I want to thank Supervisors Hilda Solis and Lindsey Horvath for their motion to expand the County's programming to ensure the safety net is offering the needed services that vulnerable LGBTQ+ residents rely on. This is especially important given the discriminatory actions we are seeing limiting these services elsewhere in the nation. I request the Board to support this important motion. Thank you.
			Andrew Freeman	
			Byron Jose	Expand and include health access and coordination for Trans, Gender, Expansive, and Intersex communities as well as align to advance TGI Wellness, Equity, and Care Coordination program and services unmet needs funding priorities.
