14.		<b>Favor</b>	Andria McFerson	<p>My name is Andria McFerson and I think the outreach for JUNETEENTH is a great opportunity to give information to the community who has the largest rate of health disparities so it is very beneficial. I believe there definitely needs to be peer on peer physical and mental support during the event or any outreach associated with this topic As Stakeholders of the largest public insurance company in the nation and as members of the public LA Care staff has not allowed the Stakeholder committees to obtain access to their budget spending to do outreach as well which means that any budget spending motion to have any outreach throughout the 11 regions has been taken and all members are misinformed of their right to do so, even with the continued effort to speak during the Board of Governors meeting of LA Care the staff has still been allowed to withhold our budget with a prewritten agenda and less then a 3rd of the regular scheduled public RCAC meetings. We were told during the BOG meeting that the all fiscal years of the money not spent due to COVID 19 Emergency regulations will be rolled over for the next fiscal year. Please discuss this topic during the LA Care BOG meeting. Right now I do completely support Juneteenth outreach like that of what's being spoken about today but decisions made by the BOS seat of that of Hilda Solis during major meetings with LA Care meetings should advocate for legal credible healthcare stakeholder public motion to spend our own budget to do this same outreach because we have been doing this for more than 20yrs with our own budget and also access to the Stakeholder's hundreds of thousands of dollars that they have not had proper protocol access to in over 3 yrs. Madame chair please allow all companies with Stakeholder committees throughout the county rightfully do outreach like this with the money funded to them and please investigate all money spent by LA Care of which the county is apart of with major motions during the upcoming meeting on Thursday June 6, 2024 on which the staff will dictate a major change in the structure of our committee which contains no majority vote! Happy Juneteenth!</p>

14.		Favor	Jasmyne Cannick	<p>Dear Board of Supervisors,</p> <p>I am writing to express my strong support for Supervisor Holly J. Mitchell's motion to continue the work of reparations in Los Angeles County.</p> <p>The legacy of systemic racism and historical injustices has had profound and lasting impacts on Black communities in our county. Addressing these injustices through a comprehensive reparations program is a necessary and urgent step towards achieving equity and justice. This motion signifies a commitment to rectifying the wrongs of the past and investing in a future where all residents can thrive.</p> <p>The work of reparations goes beyond financial compensation; it encompasses initiatives aimed at improving access to education, healthcare, housing, and economic opportunities for historically marginalized communities. By continuing this work, Los Angeles County is leading the way in acknowledging past harms and taking tangible steps to create a more just and equitable society.</p> <p>I commend Supervisor Mitchell for her leadership on this issue and urge the Board of Supervisors to support this vital motion. It is a bold and necessary move towards healing and reconciliation, ensuring that all residents of Los Angeles County have the opportunity to prosper.</p> <p>Thank you for your dedication to justice and equity.</p>
			Jerard D Wright	<ul style="list-style-type: none"> <li>• I'm speaking in support of motion by Supervisor Mitchell, which continues the work of anti-racism through understanding what reparations mean for LA County.</li> <li>• We applauded the creation of ARDI four years ago, and we urge you now to stay committed to this hard but necessary work. Our State association is investigating a similar task and would like to coordinate in the future about potential actions.</li> <li>• The California Reparations Task Force Report gives the County a wealth of research and recommendations to now translate into meaningful action.</li> </ul>
			Joseph Plunkett	<p>I support Supv. Mitchell's motion to Comm Juneteenth, I also support the use of Red, White and Blue as Juneteenth colors, along with Ben Haith's Juneteenth Flag. It would be great to have library and community programs and celebrations to recognize freedom and the end of slavery, for Descendants.</p>
