39.		<b>Oppose</b>	Monisha Parker	<p>Dear Dean C. Logan,</p> <p>I hope this letter finds you well. I am writing to you today to discuss the Voting Solutions for All People 4.0 (VSAP 4.0) Software Development and Support Services Sole Source Contract. As a resident of Los Angeles County, I am deeply concerned about the ongoing overspending in the budget for this project.</p> <p>I understand that the VSAP 4.0 system is an important investment for the future of voting in our county. However, the repeated cost overruns and delays in the project are causing frustration and concern among the community. It is essential that we find a way to ensure the successful implementation of this system while also being mindful of the financial impact on taxpayers.</p> <p>I urge you to consider negotiating the VSAP 4.0 Software Development and Support Services Sole Source Contract. By exploring other options and negotiating the terms of the contract, we can potentially save valuable resources that can be used for other important projects and initiatives in our county.</p> <p>The residents of Los Angeles County deserve a voting system that is efficient, accessible, and fiscally responsible. I believe that by taking a proactive approach to negotiating the VSAP 4.0 contract, we can achieve these goals and ensure the continued trust and support of the community.</p> <p>Thank you for your attention to this matter.</p> <p>Sincerely,</p> <p>Monisha Parker</p>
