25.		Other	Amber Reyna	<p>I was a key witness for this case and testified in the Preliminary hearing and the trial. The person who was convicted and received two life sentences was in fact my sisters murderer and the murderer of the victim Juan Manuel.</p> <p>There was 2 rewards offered for any witnesses who came forward by the city of El Monte & the Los Angeles Sheriff's dept and was broadcasted on the news publicly in 2016.</p> <p>The city of El Monte make a mistake and awarded the entire amount to the second witness. I am here today opposing to the split of the award between me and the second witness. Here I am fighting for a reward I was promised to face my sisters murderer in court and my full corporation with the homicide investigation team and the court system. I feel everyone around me was rewarded including the detectives on this case as well as the other witness. However I was not. I understand mistakes are made and I am here asking for it to be corrected.</p> <p>I've spoken with the city of El Monte as well as the detectives and their supervisors on this case. I put my life in danger to take the stand and I will forever have to watch my back for helping the County of Los Angeles catch a murderer. I am asking for the help of the board of supervisors to look into this matter before the award is split.</p>
