40.		<b>Favor</b>	Deon Turner	
		<b>Oppose</b>	Monisha Parker	<p>Dear Los Angeles County Residents,</p> <p>Vote No on the Half-Cent Sales Tax for Homelessness:</p> <p>On November 2024, you will be asked to vote on a proposed half-cent sales tax hike to fund homelessness and affordable housing services. I strongly urge you to vote NO on this dangerous and misguided measure.</p> <p>The Board of Supervisors, who are responsible for proposing this tax increase, claim that it is necessary to address the county's homelessness crisis. However, their true intention is to keep the 'Homeless Industrial Complex' open forever. This complex is a multi-billion-dollar industry that profits off the suffering of our most vulnerable residents.</p> <p>The Board's plan will not solve the homelessness problem. It will only pour more money into a broken system that has failed to make a meaningful difference. The problem is not a lack of funding but a lack of accountability and effective policies.</p> <p>The proposed tax increase would also disproportionately burden low-income families and working-class Angelenos. These are the people who are already struggling to make ends meet, and they cannot afford another tax hike.</p> <p>Furthermore, the Board has a proven track record of mismanagement and waste. They have already diverted billions of dollars in homelessness funds to other purposes. There is no guarantee that the money raised by this tax increase will actually be used to help those in need.</p> <p>It's time for a change. We need to demand real solutions to the homelessness crisis, not just more money for the same failed policies. Vote NO on the half-cent sales tax in November 2024.</p> <p>Together, we can end the Homeless Industrial Complex and create a better future for all Angelenos.</p> <p>Sincerely,</p> <p>Monisha Parker</p>

40.		Other	Terilyn Broussard	The homeless outreach has nothing to offer the homeless population my family is homeless and I've been told I'm smart I'll figure it out, my family's I fo has been collected for data and these people never return,they don't provide requested info to get into housing,my family was trying to get into housing before the heat came. We were asked to get rid of our animals and can't receive housing resources. These outreach programs take resources that people need while they sit in air conditioning instead of checking on the people who need them. They rush you off the phone are rude or discriminatory as to who they choose to provide services. They omit info they should be providing. I'm disabled and my family works. We are survivors of dv
