1.		Favor	Christopher I Gomes	
		Oppose	Lynne Plambeck	I don't understand and object to the extra fire charge. I received a notice from the County Fire Department Stating that my property is in compliance dated May 31, 2024. I therefore object to being charged for brush clearance which I already did myself. Additionally, part of this cost is incurred by the County's continued permitting of building in very high hazardous fire zones. This has resulted in high insurance costs for everyone when houses in these areas inevitably burn and has made insurance difficult to find. Brush clearance does not stop a wind driven wildfire where embers can travel up to 10 miles. My house was built in 1964, long before fire related climate change was realized as a major insurance problem.
