Public Comment		Favor	Hector Ramirez	The Los Angeles County Department of Mental Health still does not provide the preferred disability accommodations to people with disabilities to access their services and stakeholder process. We have filed ADA requests and complaints with LACDMH and its staff now for many years and not even patients rights is willing to help. LACDMH provides services to more that 250,000 people in Los Angeles County. The lack of disability accommodations and the abuse, harassment, and retaliation that people with disabilities experience from LACDMH staff (including licensed clinical professionals) is the leading cause why people who have disabilities have some of the words health outcomes in the county :( Please help with oversight, accountability, and reform of this problems. Not all of LA County Department struggle with such issues of accessibility, but not many others do accessibility even for their employees with disabilities. There is great aoportunity for growth and improvement in this space.
		Other	Michael L Dickerson	I am a Los Angles County ARTIST. I created an ART PIECE exclusively for the Chinese Embassy. I need County Supervisorial support to set up a meeting with the Chinese Embassy in order to present the piece. I am doing this in an effort to alleviate some of the tensions that exist between The United States and Mainland China. Supervisor Janice Hahn has visited MAINLAND CHINA. I AM REQUESTING HER SUPPORT IN SETTING UP A MEETING. I CANNOT SHOW THE PIECE TO ANYONE EXCEPT AN OFFICIAL REPRESENTATIVE OF THE GOVERNMENT OF MAINLAND CHINA.

Public Comment		Other	Monisha Parker	<p>Dear County Residents,</p> <p>I am writing to you because this November 2024 election is of utmost importance. The Board of Supervisors, currently controlled by the Democratic Party, has implemented policies that are detrimental to our community.</p> <p>One such policy is the prioritization of undocumented immigrants for permanent supportive housing, a program intended to provide housing for those who are homeless and have chronic disabilities. This policy allows undocumented immigrants to cut in line ahead of our own citizens and legal residents, who are struggling to afford rent in this county.</p> <p>Your tax dollars are being used to support these undocumented immigrants, while you, our county residents, are left to fend for yourselves. It is unacceptable that our elected officials are choosing to support those who are breaking the law over those who are contributing to our community.</p> <p>By voting out the Democratic Party in this election, we can send a clear message that we will not tolerate these policies. We demand that our elected officials prioritize the needs of our own citizens and legal residents. If you do not vote, you are effectively accepting the behavior and policies of the Democratic Party. It is imperative that we all exercise our right to vote and make our voices heard.</p> <p>On November 2024, let us come together and vote for candidates who will work to improve our community for all.</p> <p>Sincerely, Monisha Parker</p>
