15.		Favor	Aaron Simental	My name is Aaron Simental and I write in support of Item #15 and to express my appreciation to Supervisor Hilda Solis for her motion to bring heat education and alerts to TK-12 schools. As a LA County resident, I am also a school board member with Bassett USD* and part of the LA County School Trustees Association* and CA School Boards Association* (*identification purposes). As a local school board member, I support bringing forward heat education and alerts to our schools, especially at a time where the climate crisis is already being felt in our communities. I welcome this motion as a first step at the county-level to intentionally engage our communities on this very important topic and to increase the health and safety of our students during extreme heat events. I urge the Board of Supervisors to support this measure.
