FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The 2021 Budget Act, Children and Youth Behavioral Health Initiative (CYBHI) is a multi-year, multi-department package of investments that support behavioral health and wellness of California's children/youth and their families. As a component of CYBHI, the Department of Health Care Services (DHCS) is scaling up evidence-based practices (EBPs) throughout the State.

In February 2023, DMH identified and applied for the Request for Application titled "CYBHI Evidence-Based Practices and Community-Defined Evidence Practices Grant Program Round Two: Trauma-Informed Programs and Practices" as an opportunity to expand Dialectical Behavior Therapy (DBT) services throughout the County. On December 21, 2023, DMH was notified that they were awarded \$750,000 to scale up DBT to children/youth and parents/caregivers.

As the primary lead, DMH is to partner with the Department of Children and Family Services (DCFS) and the Probation Department (specifically children/youth who are dually supervised under Welfare Institution Code 241.1) to deliver a critical EBP to children/youth with complex care needs who are at higher risk of placement instability due to behavioral and mental health issues.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Through the CYBHI grant, DMH will create an infrastructure that supports an effective EBP learning

1. **STATUS OF GRANTEE.** Nothing in this Agreement is intended to place the parties in the relationship of employer-employee, partners, joint venturers, or in anything other than an independent contractor relationship. GRANTEE or independent contractor shall not be an employee of HELUNA HEALTH for any purposes, including, but not limited to, the application of the Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Revenue and Taxation Code relating to income tax withholding at the source of income, the Workers' Compensation Insurance Code 401(k) and other benefit payments and third party liability claims.

GRANTEE is under the control of HELUNA HEALTH as to the results of GRANTEE's services only, and not as to the means by which such results are accomplished. GRANTEE shall be responsible for completing the Scope of Work in a timely manner in accordance with this Agreement, but GRANTEE will not be required to follow or establish a regular or daily work schedule.

HELUNA HEALTH shall not be liable for any obligations incurred by GRANTEE unless specifically authorized in writing by HELUNA HEALTH. GRANTEE shall not act as an agent of HELUNA HEALTH, ostensibly or otherwise, nor bind HELUNA HEALTH in any manner, unless specifically authorized to do so in writing by HELUNA HEALTH.

If GRANTEE is not a corporation or other legal entity, GRANTEE further understands that GRANTEE may be liable for self-employment (social security) tax, to be paid by GRANTEE according to law. GRANTEE agrees to defend, indemnify and hold HELUNA HEALTH harmless from any and all claims made by federal, state and local taxing authorities on account of GRANTEE's failure to pay any federal, state or local income and self-employment taxes or other assessments due as a result of GRANTEE's services hereunder. Furthermore, to avoid conflict with federal or state regulations, GRANTEE will not be eligible for employment with HELUNA HEALTH within the same calendar year in which GRANTEE performed services for HELUNA HEALTH.

6. **TERMINATION.** Without cause, HELUNA HEALTH may terminate this agreement by giving 15 days prior written notice to GRANTEE of intent to terminate without cause. With reasonable cause, HELUNA HEALTH may issue a Notice and Right to Cure OR terminate this agreement effective immediately upon GRANTEE's receipt of written notice of termination for cause. Reasonable cause shall include: (A) material violation or breach of this agreement, (B) any act of the GRANTEE that exposes HELUNA HEALTH to liability to others for personal injury or property damage or any other harm, damage or injury, and (C) cancellation or reduction of funding affecting the Program affecting the services.

Notice and Right to Cure. A. Unless otherwise specified in this Agreement, in the event of a default, HELUNA HEALTH may provide written notice of such default and the specific action required to cure such default, and the GRANTEE shall have thirty (30) days from the date that the notice is received to cure the default; provided, however, that if the nature of the default is such that it cannot reasonably be cured within the 30-day period, then the defaulting GRANTEE shall

not be deemed in default if and so long as such party commences and diligently continues to pursue the cure of such default within the 30-day period, and continuously pursues such cure thereafter to completion, but in no event beyond the Absolute Deadline as specified in the notice to cure unless otherwise agreed.

Upon the expiration or termination of this Agreement, GRANTEE shall promptly return to HELUNA HEALTH all computers, cell phones, smart phones, computer programs, files, documentation, user data, media, related material and any and all Confidential Information of HELUNA HEALTH and all Work Product (as defined below). HELUNA HEALTH shall have the right to withhold final payment to the GRANTEE until all such items are returned to HELUNA HEALTH.

These Terms and Conditions and any provisions of this Agreement that by their nature should or are intended to survive the expiration or termination of this Agreement shall survive and the parties shall continue to comply with the provisions of this Agreement that survive. Notwithstanding any termination that may occur, each party shall continue to be responsible for carrying out all the terms and conditions required by law to ensure an orderly and proper conclusion.

7. **COMPLIANCE WITH LAWS.** The GRANTEE shall comply with all state and federal statutes and regulations applicable to the GRANTEE, the services or the Program, in performing GRANTEE's obligations under this Agreement. 9. **NON-DISCLOSURE.** HELUNA HEALTH and GRANTEE agree that during the course of this agreement, GRANTEE may be exposed to and become aware of certain unique and confidential information and special knowledge (hereinafter "**Confidential Information**") provided to or developed by HELUNA HEALTH and/or GRANTEE. Said Confidential Information includes, but is not limited to, the identity of actual and potential clients of HELUNA HEALTH, client lists, particular needs of each client, the manner in which business is conducted with each client, addresses, telephone numbers, and specific characteristics of clients; financial information about HELUNA HEALTH and/or its clients; client information reports; mailing labels; various sales and marketing information; sales report forms; pricing information (such as price lists, quotation guides, previous or outstanding quotations, or billing information); pending projects or proposals; business plans and projections, including new product, facility or expansion plans; employee salaries; contracts and wage information; mailing plans and programs; technical know-how; designs; products ordered; business methods; processes; records; specifications; computer programs; accounting; and information disclosed to HELUNA HEALTH by any third party which HELUNA HEALTH is obligated to treat as confidential and/or proprietary. This Confidential Information derives independent actual or potential economic value from not being generally known to the public or to other persons, who can obtain economic value from its disclosure or use, is not readily available through any source other than HELUNA HEALTH and is the subject of reasonable efforts to maintain secrecy. Because GRANTEE may be exposed to and become aware of said Confidential Information and, because of its unique and confidential nature, the parties hereto desire to afford HELUNA HEALTH protection against its unauthorized use or its use in any manner detrimental to HELUNA HEALTH. Therefore, GRANTEE shall not disclose in any manner whatsoever any of the aforesaid Confidential Information, directly or indirectly, or use it in any way whatsoever, either during this agreement with HELUNA HEALTH or at any time thereafter, except as required in the course of GRANTEE's work with HELUNA HEALTH or except as otherwise provided in this Agreement. Further, GRANTEE shall develop and maintain procedures and take other reasonable steps in furtherance of HELUNA HEALTH's desire to maintain the confidentiality of its Confidential Information.

All documents and other items which might be deemed the subject of or related to Confidential Information of HELUNA HEALTH's business, whether prepared, conceived, originated, discovered, or developed by GRANTEE, in whole or in part, or otherwise coming into GRANTEE's possession, shall remain the exclusive property of HELUNA HEALTH and shall not be copied or removed from the premises of HELUNA HEALTH without the express written consent of HELUNA HEALTH. All such items, and any copies thereof, shall be immediately returned to HELUNA HEALTH by GRANTEE upon request at any time and upon termination of this agreement.

10. **NON-SOLICITATION OF EMPLOYEES.** During the Term of this Agreement and for two years following the termination of this Agreement with HELUNA HEALTH, GRANTEE shall not induce, encourage, or advise any person who is employed by or is engaged as an agent or independent contractor by HELUNA HEALTH to leave the employment of HELUNA HEALTH or otherwise raid the employees of HELUNA HEALTH, without the express written consent of HELUNA HEALTH. Nothing contained in this paragraph shall constitute a waiver by HELUNA HEALTH of any rights it may have if GRANTEE engages in actionable conduct after the two-year period referred to above.

11. **WORKS FOR HIRE.** GRANTEE agrees that all discoveries, ideas, inventions, and information that GRANTEE may develop (either alone or in conjunction with others), information or work product developed wholly or partially by GRANTEE as part of or related to GRANTEE's retention by HELUNA HEALTH hereunder (including all intermediate and partial versions thereof) or the performance of the services hereunder or which existence GRANTEE may discover while retained by HELUNA HEALTH, including any software, platforms, all ideas, designs, marks, logos, and content relating thereto, whether or not subject to patent, copyright or trademark or other intellectual property protections including without limitation, any scripts, prototypes, other components (collectively the "Work Product"), shall be the sole property of HELUNA HEALTH upon its creation and (in the case of copyrightable works) upon its fixation in a tangible medium of expression.

GRANTEE hereby forever assigns to HELUNA HEALTH and State of California DHCS all right, title and interest in any Work Product designed and/or developed by GRANTEE or otherwise delivered to HELUNA HEALTH as part of or related to GRANTEE's retention with HELUNA HEALTH. The Work Product shall be the sole property of HELUNA HEALTH and DHCS and all copyrightable and patentable aspects of the Work Product are to be considered "works made for hire" within the meaning of the Copyright Act of 1976, as amended (the "Act"), of which HELUNA HEALTH and DHCS are to be the "author" within the meaning of such Act. All such copyrightable and patentable works, as well as all copies of such works in whatever medium fixed or embodied, shall be owned exclusively by HELUNA HEALTH and DHCS on their creation, and GRANTEE hereby expressly disclaims any interest in any of them. In the event (and to the extent) that any Work Product or any part or element of them, is found as a matter of law not to be a "Work Made For Hire" within the meaning of the Act, GRANTEE hereby assigns to HELUNA HEALTH and DHCS the sole and exclusive right, title and interest in and to all such works, and all copies of any of them, without further consideration, and, if such assignment is invalid, GRANTEE hereby grants HELUNA HEALTH and DHCS a non-exclusive, worldwide, perpetual, fully paid-up, irrevocable, right and license to use, reproduce, make, sell, perform and display (publicly or otherwise), and distribute, and modify and otherwise make derivative works of GRANTEE's Work Product and to authorize third parties to perform any or all of the foregoing on its behalf, including through multiple tiers of sublicenses. GRANTEE shall deliver all Work Product to HELUNA HEALTH free and clear of any and all claims, rights and encumbrances of third parties.

With HELUNA HEALTH's approval and at HELUNA HEALTH's expense, GRANTEE will execute such other documents of registration and recordation as may be necessary to perfect in HELUNA HEALTH, or protect, the rights assigned to HELUNA HEALTH hereunder in each country in which HELUNA HEALTH reasonably determines to be prudent. GRANTEE hereby grants HELUNA HEALTH and DHCS the exclusive right, and appoints HELUNA HEALTH as attorney-in-fact, to execute and prosecute in GRANTEE's name as author or inventor or in HELUNA HEALTH's name as assignee, any application for registration or recordation of any copyright, trademark, patent or other right in or to the Work Product, and to undertake any enforcement action with respect to any Work Product.

All rights to the Work Product assigned or granted to HELUNA HEALTH hereunder shall be subject to any rights of the Program under HELUNA HEALTH's agreement with the Program and any rights of the United States Federal Government under applicable laws and regulations.

12. **INDEMNITY.** GRANTEE hereby agrees to indemnify, hold harmless and defend HELUNA HEALTH, its board of trustees, officers, directors, agents, contractors and employees from any and all claims, causes of action, costs, demands, expenses (including attorney's fees and costs), losses, damages, injuries, and liabilities arising from (i) any accident, death, or injury whatsoever or however caused to any person or property arising out of the intentional action or negligence of GRANTEE (or its agents, subcontractors or employees), (ii) GRANTEE's (or its agents', subcontractors' or employees') violation of any federal, state or local law or regulation, (iii) the breach by GRANTEE (or its

agents, subcontractors or employees) of any of its representations, warranties or agreements under this Agreement or (iv) any claims that the Work Product, or any element thereof, infringes the intellectual, privacy or other rights of any party. This duty to indemnify and defend shall survive the termination of this agreement.

13. **RECORD RETENTION AND ACCESS TO RECORDS.** GRANTEE shall grant to HELUNA HEALTH, the Program and the U.S. Comptroller General and their respective authorized representatives upon demand, access to any books, documents, papers and records of GRANTEE relating to this Agreement or the services for audit, examination, excerpt and transcription. GRANTEE shall retain all such records for seven (7) years (or longer if required under HELUNA HEALTH's record retention policy, by the Program or by law, including under Circular A-110, Subpart C, Post-Award Requirements and FAR Subpart 4.7 Contractor Records Retention-4.703 Policy) after final payment is made under this Agreement and all pending matters are closed, unless extended by an audit, litigation, or other action involving the records, whichever is later.

14. **AMENDMENTS.** Amendments to this Agreement shall be in writing, signed by the party to be obligated by such amendment and attached to this Agreement.

15. **GOVERNING LAW; VENUE.** This Agreement shall be interpreted, construed and governed by, in accordance with and consistent with the laws of the State of California without giving effect to its conflicts of laws principals. The sole, exclusive and proper venue for any proceedings brought to interpret or enforce this Agreement or to obtain a declaration of the rights of the parties hereunder shall be Los Angeles County, California. Each of the parties hereto submits to the exclusive personal jurisdiction of the courts located in Los Angeles County, California and waives any defense of forum non convenience.

16. **EQUITABLE RELIEF.** In light of the irreparable harm to HELUNA HEALTH that a breach by GRANTEE of Sections 9, 10 and 11 of these Terms and Conditions would cause, in addition to other remedies set forth in this Agreement and other relief for violations of this Agreement, HELUNA HEALTH shall be entitled to enjoin GRANTEE from any breach or threatened breach of such Sections, to the extent permitted by law and without bond.

17. **FAIR INTERPRETATION.** The language appearing in all parts of this Agreement shall be construed, in all cases, according to its fair meaning in the English language, and not strictly construed for or against any party hereto. This Agreement has been prepared jointly by the parties hereto after arm's length negotiations and any uncertainty or ambiguity contained in this Agreement, if any, shall not be interpreted or construed against any party, but according to its fair meaning applying the applicable rules of interpretation and construction of contracts.

No waiver of, or acquiescence in, any breach or default of any one or more of the terms, provisions or conditions contained in this Agreement shall be deemed to imply or constitute a waiver of any other or succeeding or repeated breach or default hereunder. The consent or approval by any party hereto to or of any act of the other party hereto requiring further consent or approval shall not be deemed to waive or render unnecessary any consent or approval to or of any subsequent similar acts.

19. **NOTICES.** Any notice given in connection with this agreement shall be in writing and shall be delivered either by hand to the party or by certified mail, return receipt requested, to the party at the party's address stated herein. Any party may change its address stated herein by giving notice of the change in accordance with this paragraph.

20. **REMEDIES NON-EXCLUSIVE.** Except where otherwise expressly set forth herein, all remedies provided by this Agreement shall be deemed to be cumulative and additional and not in lieu of or exclusive of each other or of any other remedy available to the respective parties at law or in equity.

21. **SEVERABILITY.** If any term, provision, condition or other portion of this Agreement is determined to be invalid, void or unenforceable by a forum of competent jurisdiction, the same shall not affect any other term, provision, condition or other portion hereof, and the remainder of this Agreement shall remain in full force and effect, as if such invalid, void or unenforceable term, provision, condition or other portion of this Agreement did not appear herein.

22. **NON-ASSIGNABILITY.** This agreement shall not be assigned, in whole or in part, by GRANTEE without the prior written approval and consent of HELUNA HEALTH.

TO SUBAWARD AGREEMENT
SCOPE OF WORK (SOW)**

I. POPULATION OF FOCUS FOR THE CYBHI GRANT

1.0 BACKGROUND

DMH provides specialty mental health services through the life span for Los Angeles County's (LAC) most vulnerable populations including historically underrepresented groups. DMH recognizes and values the racial, ethnic, cultural, and linguistic diversity of its communities. The vision of the Department is to "build a Los Angeles County unified by shared intention and cross-sector collaboration that helps those suffering from serious mental illness heal, grow and flourish by providing easy access to the right services and the right opportunities at the right time in the right place from the right people".

For LAC's children/youth, and families, DMH has maintained a commitment to ensuring that the right services and the right opportunities include a continuum of care beginning with prevention and early intervention. By providing a wide range of service intensity, DMH's goal is to mitigate the effects of adverse childhood experiences (ACEs), trauma and support the resilience of children, youth, and families. The goal of an expanded service array is to increase access to services for children/youth with or at high risk for behavioral health conditions before their conditions escalate to the point of requiring a higher level of care (i.e., long term system involvement or incarceration). According to DMH data for Fiscal Year 2022-2023, Child Welfare Division (CWD) served approximately 15,431 Katie A. Class Members (7,976 Females, and 7,478 males).

DMH's population of focus will be socially, economically, and historically disadvantaged children/youth, and their families who are at the greatest risk of/or currently involved in LAC's child welfare system including youth dually supervised by the Department of Children and Family Services (DCFS) and Los Angeles County Probation (Probation) Departments who are residing in an STRTP or TSFC. The three departments are committed to strengthening services for communities historically unserved, underserved, and inappropriately served (i.e., American Indian/Alaska Native, Asian Pacific Islander, Black and African Heritage, Eastern European/Middle Eastern, Latino, and LGBTQIA2-S. LAC's child welfare system is one of the largest child welfare systems in the United States with over 34,000 children/youth in foster care.

According to current DCFS data (February 2023), 84% of children/youth involved in the child welfare system are children of color with Hispanic, African American and LGBTQIA+ youth experiencing the highest rates. DMH CWD, in collaboration with DCFS and Probation (for children/youth who are dually supervised under WIC 241.1) propose to serve children/youth and families with complex needs who are at risk of placement instability due to mental health and behavioral concerns. This population experiences higher rates of placement disruption as a result of emotional dysregulation, defiance, difficulties attaching to parents/caregivers, and are often non-compliance with mental health treatment. Through the provision of DBT, LAC hopes to alter the life trajectory of this population ensuring that they have every opportunity to reach their full potential.

1.1 Prevention and Child Wellbeing Administration

DMH recently reorganized its administrative structure to include the Prevention and Child Wellbeing Administration which oversees the full continuum of specialty mental health services for children/youth, and families. Programming and services include prevention/early intervention, outpatient services, and intensive mental health services through the continuum to higher levels of care which include congregate care (i.e., Short-Term Residential Therapeutic Program (STRTP) (STRTP) and Temporary Shelter Facilities). Currently, the Prevention and Child Wellbeing Administration consists of the following: Prevention Division, CWD, and as of July 1, 2023, Children's Directly Operated Outpatient Service Division will also be added.

CWD is focused on serving approximately 25,000 children annually and in close partnership with DCFS and Probation (for dually supervised youth). Since 2004, DMH has worked in tandem with these two departments to ensure that children and youth at risk of/or currently involved in the child welfare system, receive timely access to specialty mental health services. In addition, DMH and DCFS partnered together to co-locate staff in all 20 DCFS offices to improve collaboration, communication and enhance access to mental health services. The two departments developed and implemented the Coordinated Service Action Team (CSAT) process to screen and refer children/youth and families entering the child welfare system and worked closely with Probation for those children/youth who are dually supervised by both departments under Welfare and Institution Code (WIC) 241.1.

1.2 Short-Term Residential Therapeutic Program (STRTP): Assembly Bill (AB) 403, referred to as the Continuum of Care Reform (CCR), was passed in October 2015 and creates the framework for a comprehensive redesign of the services and supports provided to

probation and child welfare foster care youth, including the medically necessary SMHS to which these children and youth are entitled under Early Periodic Screening, Diagnostic and Treatment (EPSDT). The fundamental principles of CCR are to reduce the use of congregate care placements by increasing the number of home-based settings in the community, defining the criteria youth must meet, requiring an STRTP placement recommendation by the Child and Family Team (CFT), and necessitating placement agreement by members of the Interagency Placement Committee (IPC) prior to placing children or youth in an STRTP. In addition, the CCR emphasizes the importance of continuity of SMHS as the child or youth transitions from STRTP placement to a less restrictive, home-based family care setting in the community.

Generally, youth receive this type of dispositional order after less restrictive court sanctions have not resolved the identified issues, and/or family and/or emotional problems play a role in the youth's delinquency. Youth are placed in environments best suited to meet their needs, which may include a smaller group home environment, a larger foster home facility, or a small family home. Youth may also benefit from outreach and prevention type services available through the foster care system designed to prevent their removal from home. Probation becomes involved in placing youth when they are declared wards of the court pursuant to Welfare and Institutions Code (WIC) 602. Their Placement Services Bureau serves approximately 950 youth of which 860 are placed in group homes. Currently, Probation contracts with 40 group home providers throughout Los Angeles and its neighboring counties, and an additional 10 non-contracted out-of-state providers to best serve our foster care population.

1.3 Due to the large size of Los Angeles County (4,300 square miles), DMH's mental health services have been organized into eight geographic Service Areas. These distinct regions allow our department to plan, develop, and provide mental health services that are better suited to meet the specific needs of the residents in these different areas. The eight Service Areas are as follows: Service Area 1 (Antelope Valley); Service Area 2 (San Fernando & Santa Clarita Valleys); Service Area 3 (San Gabriel Valley); Service Area 4 (Metro LA); Service Area 5 (West LA); Service Area 6 (South LA); Service Area 7 (East LA); and Service Area 8 (South Bay).

1.3.1 There are 20 DCFS co-located offices across all the eight (8) Service Areas. Co-located offices include: (1) Belvedere; (2) Compton-Carson; (3) El Monte; (4) El Monte – Asian Pacific Project and Deaf Services; (5) Glendora; (6) Hawthorne; (7) Lancaster; (8) Metro North; (9) Palmdale; (10) Pasadena; (11)

Pomona; (12) San Dimas; (13) Santa Clarita; (14) Santa Fe Springs; (15) South County; (16) Torrance; (17) Van Nuys; (18) Vermont Corridor; (19) West Los Angeles; and (20) West San Fernando Valley.

1.3.2 Short-Term Residential Therapeutic Program (STRTP)/Aftercare Agencies include: (1) Bourne; (2) Boys Republic; (3) Dangerfield; (4) Dream Home; (5) Eggleston Fields; (6) Five Acres; (7) Fleming & Barnes; (8) Garces; (9) Hathaway-Sycamores; (10) Heritage; (11) Hillside; (12) Humanistic; (13) Luvlee's; (14) Mary's Shelter; (15) Mckinley; (16) Mindful Growth; (17) Optimst; (18) Rancho SA; (19) Rite of Passage; (20) San Gabriel; (21) St. Anne's; (22) Sunrise Horizon; (23) The Virtuous Woman; (24) Trinity; and (25) Vista Del Mar.

1.3.3 Temporary Shelter Care Facility (TSCF) Agencies include: (1) Five Acres; (2) Optimist; and (3) Wayfinder (MC).

II. OUTREACH AND ENGAGEMENT STRATEGY

Currently, DCFS and Probation act as the placing unit that generate a referral to the DMH CWD to assess a child/youth's appropriateness for placement in a STRTP, or TSFC. The referred child/youth is assessed by a CWD Qualified Individual (QI) and reviewed by the Interagency Placement Committee (IPC) in order to ensure that the child/youth is placed in the most appropriate and least restrictive setting that is able to meet their needs, as indicated by screening tools, assessment reports, evaluation instruments, previous placement and treatment experiences, and other relevant information (e.g., Child and Family Teams). STRTP referrals are made for children/youth with intensive mental health needs and behavioral or delinquency concerns such as:

- a. Recent or current psychiatric hospitalization;
- b. Pending hospital discharge;
- c. Suicidal/Homicidal ideation and/or attempts;
- d. Self-harm and/or aggressive behavior;
- e. Involvement with drugs or alcohol;
- f. At Risk for Commercial Sexual Exploitation of Children (CSEC) trafficking;
- g. One or more placement changes in the last several months;
- h. Previous placement in a juvenile detention center; and
- i. History or current runaway.

2.1 The overall strategy for this CYBHI grant is to create an infrastructure that supports an effective EBP learning network for DMH CWD, as the primary lead, in collaboration with DCFS (Placement Stability and Intensive Foster

Care Units), and Probation (Placement Services Bureau), as sub-recipients to expand the use of DBT across Los Angeles County's (LAC) child welfare system. DMH's Outreach & Engagement (O&E) strategy is to utilize the existing QI process to identify children/youth that meet the criteria for the focus population and would benefit from receiving DBT services to increase their placement stability and successful completion of treatment.

In addition, as part of the Coordinated Service Action Team (CSAT) referral process, DCFS can refer a child/youth thirteen (13) years old or older that meets the following criteria to ensure that there is a preventative/early intervention option:

1. A history of multiple placements due to emotional dysregulation;
2. At risk of placement disruption due to emotional dysregulation;
3. Self-harm or aggressive behavior; and
4. At risk of sexual exploitation.

2.2 Currently, DMH CWD contract providers deliver intensive mental health services to this population through the Wraparound, Intensive Foster Care Coordination Services (IFCCS) programs and mental health services delivered directly through the STRTPs and TSFCs. As part of the Core Practice Model, DCFS and Probation (when applicable) are in close coordination with the treatment teams and attend Child and Family Team meetings for the purpose of coordination of care.

EXHIBIT F
TO SUBAWARD AGREEMENT
DHCS IMPLEMENTATION AND REPORTING GUIDANCE FOR GRANTEES

Overview of implementation planning and reporting requirements

Implementation Planning requirements

The Implementation Plan will provide an opportunity for subaward GRANTEES to detail their proposal for how EBP/CDEP grant program funding will be deployed to scale their selected EBP. Additionally, it will enable GRANTEES to establish clear programmatic goals and objectives, identify specific project tasks and activities and define organizational capacity, and required resources. GRANTEES will also have the opportunity to outline potential risks and mitigation strategies prior to implementation.

The template for the Implementation Plan, with relevant sections and more detailed guidance, will be made available to subaward GRANTEES. Upon completion of Subgrantee terms and conditions, [10]% of the allocated funding will be made available to support GRANTEES in developing their Implementation Plans. GRANTEES may utilize all or part of this funding toward implementation planning, with any remaining funding being directed toward program implementation.

After the Implementation Plan is submitted, DHCS or its designated third-party administrator will review and provide feedback to GRANTEES. Implementation Plans may require revision prior to DHCS's final approval. Once the Implementation Plan is approved, an additional [50]% of the allocated funding will be disbursed to each GRANTEE.

Data Reporting requirements

According to the Child and Youth Behavioral Health Initiative (CYBHI) statute (Welfare & Institutions Code 5961.5), "as a condition of funding, grant recipients shall share standardized data, in a manner and form determined by the department." In accordance with this statutory requirement, DHCS intends to collect performance data from each GRANTEE through a series of progress reports that will enable GRANTEES to share metrics on their progress against programmatic goals and objectives. In order to prepare for submitting these progress reports, a CYBHI data platform solution will be provided to GRANTEES to facilitate the successful collection and reporting of outcomes and client characteristics data. As part of the implementation plan, each GRANTEE will develop a plan for submittal of data. This will include two options for data submittal: 1) direct data entry into the CYBHI data platform, and 2) routine upload of data to the CYBHI data platform. A GRANTEE may decide to use both options depending on the data to be submitted (i.e., uploading client characteristics data and entering assessment tool data directly

into the platform). The data metrics required will be provided to GRANTEES prior to completion of the implementation plan and will also be reviewed in the Data Collection and Reporting - Collaborative Learning Sessions.

GRANTEES will be asked to provide individual client-level data. This does not include identifying information such as name, date of birth, address, phone number, etc. If requested, GRANTEES may submit aggregate data counts for some or all of the data elements in lieu of client-level data. DHCS's approval of these reports will be tied to disbursement of grant awards, with preliminary information shared below:

First interim subgrantee progress report to be submitted by GRANTEES by 07/10/2024. Upon approval, an additional 15% of funding will be dispersed to the GRANTEES.

Second interim subgrantee progress report to be submitted by GRANTEES by 01/10/2025. Upon approval, an additional 15% of funding will be dispersed to the GRANTEES.

Third and Final interim progress report to be submitted by GRANTEES by 05/31/2025.

Implementation closure report to be submitted by GRANTEES at the conclusion of the implementation period, documenting the overall program outcomes and their complete use of funds. GRANTEES will also be asked to report their plans to sustain and amplify the impact achieved, including reimbursement strategies and alternative sources of funding.

General guidelines and instructions

The Implementation Plan may be completed in collaboration with additional stakeholders (e.g., partner organizations, sub-recipients), as appropriate. Subaward GRANTEES receiving funding for the Integrated track should plan to submit a single Implementation Plan.

Subaward GRANTEES planning to scale an EBP at multiple sites should detail their overall activities as well as site-specific activities in a single overarching Implementation Plan. GRANTEES proposing to distribute awarded grant funding to sub-recipients in the Implementation Plan will be asked to provide detail on each sub-recipient, e.g., defining tasks and activities that will support scaling for each sub-recipient.

Preparing to complete the Implementation Plan

The Implementation Plan template will ask subaward GRANTEEs to provide detailed information about their approach to scaling their selected EBP/CDEP, including but not limited to the following:

Current and planned scale of operations and services

GRANTEEs will be asked about the following:

- Geographical scale of program delivery, e.g., counties where services are currently being offered and additional counties where grant-supported services may be offered.

Operationalization, including activities and staffing

Information requested from GRANTEEs will include:

- Planned activities and project tasks, including the organizations' approach to define site-specific goals and objectives, as well as timelines and milestones for activities.
- Anticipated staffing needs and plans, such as the appointment of a project manager and their role in overseeing implementation, recruitment and training of administrative staff and providers, and creation of a diverse interdisciplinary team.
- Potential risks that may impact the success of the program, including GRANTEES' plans to proactively assess and mitigate these risks, e.g., reimbursement challenges, provider shortages, organizational issues.

Sustainability outlook for the program

Subaward GRANTEEs will be asked to describe their intent and plans for ensuring sustainable program delivery, recognizing that the EBP/CDEP grant is a one-time source of funding. Examples may include descriptions of leadership responsibilities in overseeing operational sustainability, strategies for developing payer affiliations and contracting arrangements, and pathways to secure alternative sources of funding.

Budget template

Subaward GRANTEEs will be asked to provide a revised budget, based on the award size and scope of activities planned. This budget total should equal the award amount allocated by DHCS and must be itemized by specific resources required for each activity (e.g., training costs, staff salaries by level).

Program goals and measurable objectives

Information requested from the subaward GRANTEEs will include:

- Anticipated outcomes, such as how the proposed intervention will lead to specific outcomes, and how the outcomes themselves will be determined and measured.
- Specific and measurable quarterly targets and goals across performance metrics (Please see Appendix: Potential Metrics to measure), including explanations of how achievement of these goals will translate into meaningful impact for the population(s) of focus. For example, GRANTEEs will be asked to estimate the number of additional parents/caregivers who will receive services that would otherwise not have been available in the absence of CYBHI grant funding.
- Feasibility of established targets, especially in terms of GRANTEEs playing a proactive role in setting context-specific targets and objectives. For example, if a GRANTEE proposes to scale an EBP across 5 sites simultaneously, it would be pertinent to detail how program fidelity will be monitored across these locations.

Preparing for data reporting

Within the Implementation Plan, GRANTEEs will be asked to provide detail on topics including:

- Performance indicators for evaluating progress toward stated programmatic goals (including data reporting cadence and timelines as well as internal performance assessments for evaluating program administration).
- Data collection instruments and processes, including staff responsibilities and oversight for these processes.
- Quality improvement protocols (e.g., proposed periodic review process).

Support and available resources

Technical assistance provided through collaborative learning sessions will be mandatory for all GRANTEEs. These required sessions will address implementation support, equity framework, and data collection and reporting. Additional training, office hours, webinars, and individual assistance will be provided as needed by DHCS's designated TPA.

When needed, operational and technical assistance with data collection and reporting will also be available. In addition to this support, GRANTEEs are highly encouraged to seek program-specific guidance on best practices in data collection and performance assessment from the relevant EBP/CDEP training authority.

In addition to feedback from DHCS and its designated TPA, it may be beneficial for select GRANTEEs (e.g., those receiving start-up track funding) to obtain additional input from an impartial external party (e.g., researcher or educator in the field) to "pressure test" data collection and reporting assumptions and plans, in advance of the implementation and data reporting schedule.

Potential metrics to be included:

Subaward GRANTEEES may be requested to outline their plan for reporting the following metrics for programmatic assessment, noting that applicable metrics and reporting cadence will vary by grant track (start-up vs. operational expansion); more detailed track-specific guidance will be shared by DHCS.

Metrics potentially measurable in the shorter-term (3-6 months) and beyond

1. **“Systems impact”** of the program on the GRANTEE organization:
 - a. **Provider training** (e.g., number of trainings completed, number of providers trained and certified to deliver a program or practice)
 - b. **Service utilization** (e.g., number of individuals/families serviced, average participation duration, program completion rates, number of children receiving well-child visits, number of children receiving behavioral-developmental health screenings)
 - c. **Operational growth** (e.g., number of new sites, expansion of existing facilities, counties reached)
 - d. **Experience measures** (e.g., behavioral health provider satisfaction ratings; experience scores from site/program administrators)
2. **“Community impact”** on populations served:
 - a. **Equity measures** (e.g., number of new children/ parents/ caregivers/ families engaged in services for populations of focus) – with detail on demographics of those serviced.
 - b. **Community support measures** (e.g., number and level of supports available for positive parenting, level of parental and child/ adolescent trust in community-based organizations)
3. **“Financial impact”** of the program:
 - a. **Quarterly and annual budgets and associated expense reports** (e.g., equipment and capital improvement costs, planning costs, training costs)
 - b. **Return on investment** (e.g., HealthySteps Return on Investment calculations)

Metrics potentially measurable in the longer-term (6-12 months) and beyond

1. **“Individual impact”** on families (parents/caregivers and children):
 - a. **Clinical impact on children** (e.g., frequency of emotional and behavioral challenges, disruptive and positive behaviors, Adverse Childhood Experiences)
 - b. **Clinical impact on parents** (e.g., measures of parental stress/anxiety and wellbeing, parental understanding of child development, use of positive parenting practices, parental mental health literacy, parental depression)
 - c. **School-related measures** (e.g., rates of absenteeism, childcare/ preschool suspensions and expulsions)
 - d. **Care continuity** (e.g., proportion of beneficiaries who remain engaged with the organization)

EXHIBIT G
TO SUBAWARD AGREEMENT
DHCS EQUITY EVALUATION REQUIREMENT

Equity Evaluation Requirement for The Children and Youth Behavioral Health Initiative (CYBHI)

Every participating subaward grantee is required to conduct an evaluation of the organization's efforts toward the provision of accessible services with an Anti-Racism, Diversity, Equity, and Inclusion perspective. Evidence-based practices (EBPs) and Community-Defined evidence practices (CDEPs) can serve to advance equitable behavioral health access, quality, and outcomes. However, EBPs and CDEPs do not take place in a silo. They must be integrated into organizational culture, practices, policies, and programs. Their impact on equity is maximized if integrated into an organization actively working toward becoming an antiracist organization that prioritizes behavioral health equity.

Tool for EBP Implementation Readiness

All grantees whose programs are housed within a behavioral health organization are strongly encouraged to adopt the Self-Assessment for Modification of Anti-Racism Tool (SMART) as the standard to meet the project evaluation requirement.

Grantees that are not behavioral health organizations, such as schools, hospitals, other primary care settings, that wish to use another equity assessment tool must submit a description of tool, rationale, process and criteria for consideration as a component of the Implementation Plan referenced in Exhibit F. The requirement also applies to grantees who have recently completed an equity organizational assessment using a tool other than the SMART. Whereas, the Privacy and Security Regulations require HELUNA HEALTH to ensure that any agent, including a Sub-Business Associate, to whom it provides Protected Health Information agrees to implement reasonable and appropriate safeguards to protect the Protected Health Information, and, as part of meeting such requirement, HELUNA HEALTH requires each of its agents and Sub-Business Associates that receive Protected Health Information from HELUNA HEALTH, or create Protected Health Information for HELUNA HEALTH, on behalf of a Covered Entity, to execute this Agreement obligating the agent or Sub-Business Associate to comply with the same restrictions and conditions that apply throughout the Business Associate Agreement to HELUNA HEALTH with respect to such Protected Health Information.

Whereas, pursuant to the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 ("HITECH Act"), effective February 17, 2010, certain provisions of the HIPAA Privacy and Security Regulations apply to Business Associates and their Sub-Business Associates in the same manner as they apply to a Covered Entity and such provisions must be incorporated into the Business Associate Agreement and Sub-Business Associate Business Associate Agreement, respectively.

This Agreement and the following provisions are intended to protect the privacy and provide for the security of Protected Health Information disclosed to or used by

Sub-Business Associate in compliance with HIPAA's Privacy and Security Regulations and the HITECH Act, as they now exist or may hereafter be amended.

Therefore, the parties agree as follows:
