Director

Office of
Emergency Management

Chief Sustainability Office

- ❖ Background
- ❖ Proposed Heat Action Plan Framework
- ❖ Next Steps

Guiding Principles:
Procedural Equity, Distributional Equity, Structural Equity,
Transgenerational Equity

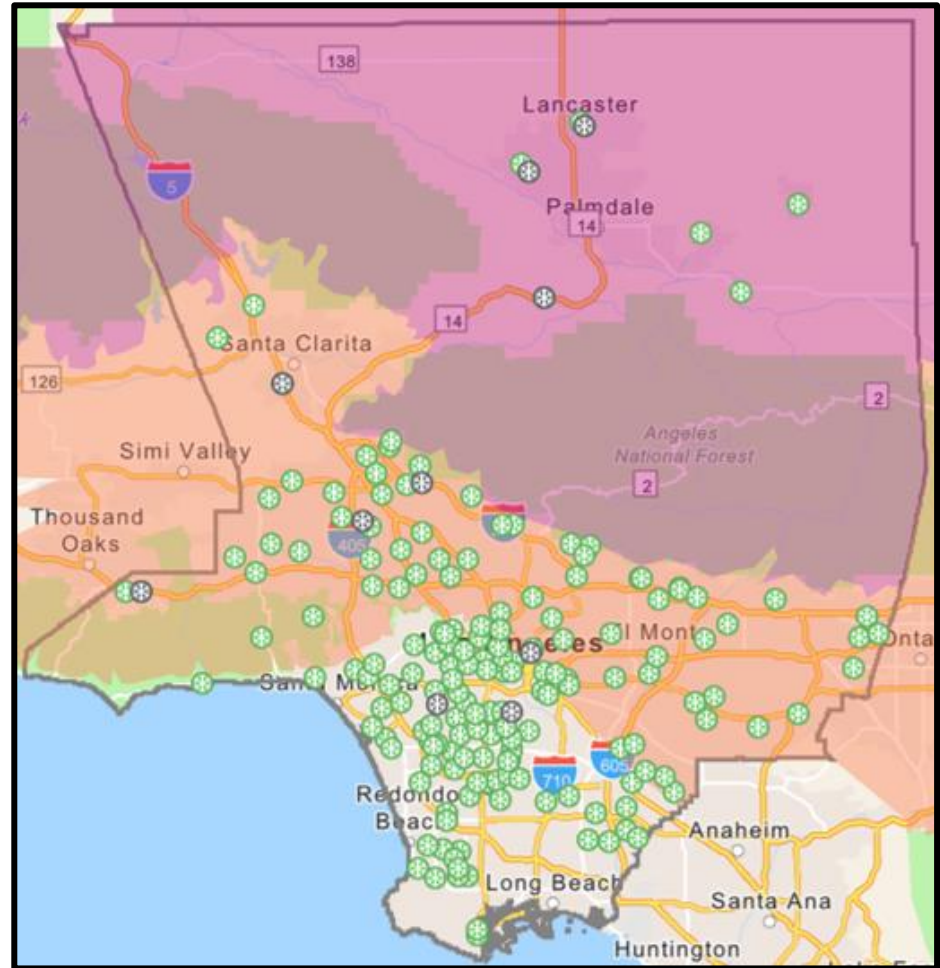

Department of Public Health

- Extreme Heat & Health
- Public Health Risk Communications
- Trees and Extreme Heat
- School Toolkit on Extreme Heat
- Public Health Emergency Preparedness and Response

Office of Emergency Management

- Operational Area Coordination
- Public Information and Community Messaging
- NWS HeatRisk Tool
- Forecasting – Heat Advisories and Excessive Heat Warnings

Next Steps

- Continue coordinated efforts on recent Motion regarding ***Bringing Critical Summer Relief to Vulnerable Residents***
- Engagement with additional community representatives, regional decision-makers, and experts
- Collaborate with PEH stakeholders to align all heat services
