Dear Supervisors,

As a homeowner in Altadena and owner builder seeking to develop new dwellings on my property, I wanted to state my support for adopting the amendment to increase the allowable height of ADU buildings to 25 feet as this would allow the best option to take up less ground space and make it easier to go with wider setbacks from my neighbors than the minimum permitted. I also wanted to express my gratitude for the helpfulness of all of the Los Angeles County Planning staff I have interacted with so far. Their guidance and responsiveness have made me feel positively about the Los Angeles County government.

Thank you for your time and consideration.

Best Regards,  
James Kim
