40.		Other	Anonymous Anonymous	<p>Is it possible to provide Tenting Sites for people who tent?</p> <p>A large circus style tent could provide protection from the heat, rain and cold by having cooling and heating elements along with basic portable bathrooms and shower units-</p> <p>Along with mandatory licensed Security Personnel so people don't have to worry about tent vandalism Los Angeles could provide an alternative environment for people who use tents. Parking lots could be rented throughout Los Angeles for the circus style tents -</p> <p>The Tenting Sites could also provide shuttles to Employment Centers (People Ready supposedly provides next day payment- this can be better than the shelters who don't announce new jobs that are available) -</p>
