31.		<b>Oppose</b>	Monisha Parker	<p>Dear Supervisor Janice Hahn,</p> <p>I hope this letter finds you well. I am writing to address a proposed initiative that has garnered considerable interest at West Torrance High School—the establishment of school-sponsored surf classes for our students. Given the unique coastal opportunities we have in our area, these classes would not only promote wellness and physical activity among our students but also enhance their educational experience.</p> <p>To facilitate the implementation of this program from Monday, August 26, 2024, through Friday, June 30, 2025, we need to consider the financial implications of such an initiative. As it stands, West Torrance High School must be prepared to cover half of the total costs associated with the surf classes or seek funding through a grant from federal or state resources. The anticipated amount needed for this program will not exceed \$23,350.</p> <p>By participating in these classes, students will not only gain valuable skills but also foster a deeper appreciation for our local marine environment. This aligns with our educational mission to provide holistic development to our students. In order to make this a reality, we would greatly appreciate your support in identifying potential funding sources or navigating the grant application process.</p> <p>We believe that with the right backing, we can roll out an enriching and sustainable surf program that aligns with our students' interests and enhances their overall educational experience.</p> <p>Warm regards, Monisha Parker</p>
