I am writing to discuss the need to reduce the number of vehicles at the upcoming Phoenix House California "5k Walk for Overdose Awareness" event. Currently, we have 275 vehicles registered to participate, but I believe it would be more efficient to limit the number to 225 vehicles.</p> <p>In order to facilitate this reduction, I suggest implementing spending limits for the fee waiver. Specifically, I recommend setting a cap of \$3,000 for each participating vehicle. This will not only help streamline the event logistics, but also ensure that resources are allocated effectively.</p> <p>I believe that by implementing these changes, we can create a more organized and efficient event that will benefit both the participants and the community. Your support in this matter would be greatly appreciated.</p> <p>Thank you for your attention to this request.</p> <p>Warm regards, Monisha Parker</p>
