Agenda #	Relate To	Position	Name	Comments
20.		Favor	Dan Silver	Endangered Habitats League, headquartered in Los Angeles, strongly supports Proposition 4. It will bring lasting benefits to the County citizens and wildlife. These investments are not optional if we want to address the climate crisis.
			Fran Pavley	Proposition 4 is in the best interest of LA County residents and businesses. I have reviewed Prop 4 and investing in access to safe clean drinking water, wildfire protection, groundwater storage projects, battery storage, and water recycling are priorities. Prop 4 compliments and enhances Measure W. Reducing the vulnerability to droughts, floods, fires, toxics and future climate change impacts is a smart investment. Thank you Supervisor Horvath for putting this on your agenda. Please join me in voting Yes on Prop 4:) Fran Pavley Former Mayor, State Legislator
			Justin Breck	
			Lynne Plambeck	Please support this bond so that the County and others have the money to move forward with climate adaptation or methods to slow climate change.
