9.		Favor	Lizeth Hernandez	<p>The People Concern expresses its gratitude to Supervisor Solis for this important motion that ensures people experiencing unsheltered homelessness in LA County receive the support they need as we prepare for major upcoming events. With the Olympics, World Cup, and other significant sporting events on the horizon, it is crucial to have a regional strategy in place that prioritizes encampment resolution and sustainable housing solutions. This will ensure that individuals experiencing homelessness are not simply displaced but instead offered meaningful, long-term support, and will bolster the positive impact these events have on our region.</p> <p>Furthermore, we appreciate Supervisor Solis's recognition of service providers and other stakeholders as key partners in this effort and strongly urge the board to approve item 9.</p>
		Other	Anonymous Anonymous	<p>Is it possible to provide Tenting Sites for people who tent?</p> <p>A large circus style tent could provide protection from the heat, rain and cold by having cooling and heating elements along with basic portable bathrooms and shower units-</p> <p>Along with mandatory licensed Security Personnel so people don't have to worry about tent vandalism Los Angeles could provide an alternative environment for people who use tents. Parking lots could be rented throughout Los Angeles for the circus style tents -</p> <p>The Tenting Sites could also provide shuttles to Employment Centers (People Ready supposedly provides next day payment- this can be better than the shelters who don't announce new jobs that are available) -</p>
