Agenda #	Relate To	Position	Name	Comments
32.		<b>Favor</b>	Ana R Arias	Yes!
			Daria Brooks	Rather than wasting time making empty declarations, how about actually RESPECTING residents' rights 365 days a year? Particularly in unincorporated areas, the so-called 'Area Plans' have done nothing but threaten the safety and welfare of hundreds of thousands of long-time residents. It is nearly impossible for the average resident to fight back when Regional Planning makes ill-advised decisions, leaving homeowners to pay a minimum of \$1100.00 to mount an appeal campaign. Usually, all that we can do is to stand by watching as County officials allow street camping, RV dwelling ne'er-do-wells, street racing and illegal dumpers to proliferate, bringing down our property values and quality of life. Prove that you respect us by extending Title 15 non-conforming vehicles prohibitions to ALL unincorporated areas—not just in affluent areas. Show tax payers the respect that we deserve ALL OF THE TIME.
			Karen Klink	I am asking all the Supervisors to declare October Resident Rights Month! This is a national movement. I believe the supervisors have access to a Residents Rights Toolkit. Remember, long-term care residents are your constituents, and they have rights, including voting. Thank you for your attention to this matter. Materials can be found on theconsumervoice.org
			Maura Gibney	On behalf of California Advocates for Nursing Home Reform, a statewide non-profit advocacy organization advocating to improve the quality of care in long term care facilities, I would like to express my support and thanks to Supervisor Barger for her dedication and recognition of the thousands of older adults and persons with disabilities who reside in nursing homes and residential care facilities in Los Angeles County. We proudly support efforts to educate long term care residents and their loved ones about their rights to safe, happy and healthy lives while receiving the care and support they need in a facility.
			Melody Taylor Stark	Please pass - this will help give a voice to those who have no voice or voices are quelled! This year's theme is "The Power of My Voice" emphasizes self-empowerment and recognizes the power of residents being vocal about their interests, personal growth, and right to live full, enriching lives. Thank you!
