			Dorothy Wong	The NACTO Guide is vital to improve the Bike Plan and imperative to improve the safety of the bike plan. In Altadena the Current Class 2 bike lanes on Woodbury Rd is the most dangerous road for cyclists. Following NACTO guidelines can help improve the safety, reduce the level of traffic stress and can lead to more people using the bike plan implementing traffic calming measures NACTO guidelines if implemented can protect vulnerable road users into the future and can incentivise more people riding bikes, walking, using transit which leads to true community heath.
